

At its April 2023 meeting, the North Pacific Fishery Management Council (Council) considered amending the Salmon FMP to manage the salmon fishery in the Cook Inlet EEZ, but chose not to take action to recommend an FMP amendment. The analysis prepared for the proposed FMP amendment, NMFS's motion for Alternative 3, and additional information and public documents are available on the Council's meeting agenda under item "C1 Cook Inlet Salmon FMP Amendment—Final Action, Enforcement Committee Report", available at <https://meetings.npfmc.org/Meeting/Details/2983>. Absent a Council recommendation, NMFS must prepare an FMP amendment and propose implementing regulations pursuant to MSA section 304(c) to meet a court deadline. After receiving public input, NMFS will choose from among the Federal management options included under Alternative 3 in the analysis prepared for the Council.

NMFS staff will provide a brief opening statement before accepting public testimony for the record. The hearing will be recorded for the purpose of preparing transcripts of oral comments received. Attendees will be asked to identify themselves before joining the hearing. After joining the webinar, participants will be automatically muted. During the public testimony portion of the hearing, to indicate you would like to offer a comment press the "raise hand" icon, or if connected by phone, respond when asked. When it is your turn to offer your comment, the moderator will recognize and unmute you. Commenters will be asked to provide their full name and the identity of any organization on whose behalf they may be speaking. In the event that attendance at the public hearings is large, the time allotted for each commenter may be limited.

Anyone wishing to make an oral statement at the public hearing is encouraged to also submit a written copy of their statement to NMFS during the comment period by either of the methods identified above (see **ADDRESSES** and **DATES**). There are no limits on the length of written comments. Written statements and supporting data and information submitted during the comment period will be considered with the same weight as oral statements provided during the public hearings.

The schedule is as follows: Thursday, May 18, 2023, Webinar—starting at 5 p.m. AKDT and concluding no later than 8 p.m. AKDT. You may join the public virtual meeting from a computer, tablet, or smartphone by entering the

following web address: <https://meet.google.com/bgc-tjpu-qgt> and selecting "Join now." Participants may also connect via phone by calling 1 731-393-1334 and entering the following pin number when prompted: 300 304 724#.

After the public hearing, NMFS will develop an FMP amendment and implementing regulation in the following months. NMFS will then publish a notice in the **Federal Register** that the FMP amendment is available for a 60-day public comment period, as required by MSA 304(c)(4)(B). At the same time, NMFS will publish proposed regulations in the **Federal Register** for a 60-day public comment period, consistent with MSA 304(c)(6). The Council will be invited to submit comments and recommendations on the FMP amendment and proposed regulations during the public comment periods.
