1,1,1,2-Tetrafluoroethane (R-134a) From the People's Republic of China: Final Results of the Antidumping Duty Administrative Review; 2020-2021

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that the sole company subject to this administrative review is part of the China-wide entity because it did not file a separate rate application (SRA). The period of review (POR) is April 1, 2020, through March 31, 2021.

DATES: Applicable May 6, 2022.

FOR FURTHER INFORMATION CONTACT: Kate Sliney, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2437.

SUPPLEMENTARY INFORMATION:

Background

On January 4, 2022, Commerce published the *Preliminary Results* of this administrative review.¹ We invited interested parties to comment on the *Preliminary Results*. We received no comments from interested parties on the *Preliminary Results*. Prior to the publication of the *Preliminary Results*, on December 13, 2021, Commerce referred certain business proprietary information received in the context of this administrative review to U.S. Customs and Border Protection (CBP). Commerce conducted this administrative review in accordance

with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise covered by the order is 1,1,1,2-Tetrafluoroethane, R-134a, or its chemical equivalent, regardless of form, type, or purity level. The chemical formula for 1,1,1,2-Tetrafluoroethane is CF₃-CH₂F, and the Chemical Abstracts Service (CAS) registry number is CAS 811-97-2.²

Merchandise subject to the order is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 2903.45.1000. Although the HTSUS subheading and CAS registry number are provided for convenience and customs purposes, the written description of the scope is dispositive.

Final Results of Administrative Review

Because we received no comments, we made no changes from the *Preliminary Results*. We continue to find that Puremann, Inc., the sole company subject to this review, did not file an SRA and has not demonstrated its eligibility for separate rate status and, therefore, is part of the China-wide entity. In this administrative review, no party requested a review of the China-wide entity, and Commerce did not self-initiate a review of the China-wide entity. Because no review of the China-wide entity is being conducted, the China-wide entity's entries were not subject to the review, and the rate applicable to the China-wide entity was not subject to change as a result of this review. The China-wide entity rate remains 167.02 percent.

Assessment Rates

Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries in accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). Because we determined that Puremann, Inc. was not eligible for a separate rate and is part of the China-wide entity, we will instruct CBP to apply an *ad valorem* assessment rate of 167.02 percent to all entries of subject merchandise during the POR that were exported by Puremann, Inc.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this
