NUCLEAR REGULATORY COMMISSION

10 CFR Part 150

[NRC–2019–0114]

State of Vermont: Discontinuance of Certain Commission Regulatory Authority Within the State; Notice of Agreement Between the NRC and the State of Vermont

AGENCY: Nuclear Regulatory Commission.

ACTION: Final State agreement.

SUMMARY: This notice is announcing that on September 9, 2019, Kristine L. Svinicki, Chairman of the U.S. Nuclear Regulatory Commission (NRC or Commission), and on September 13, 2019, Governor Philip B. Scott of the State of Vermont, signed an Agreement as authorized by Section 274b. of the Atomic Energy Act of 1954, as amended (the Act). Under the Agreement, the Commission discontinues its regulatory authority, and the State of Vermont assumes regulatory authority over 11e.(1), 11e.(3), and 11e.(4) byproduct materials, source materials, and special nuclear materials in quantities not sufficient to form a critical mass. As of the effective date of the Agreement, a person in Vermont possessing these materials is exempt from certain Commission regulations. The exemptions have been previously published in the **Federal Register** (FR) and are codified in the Commission's regulations. The Agreement is published here as required by Section 274e. of the Act.

DATES: The effective date of the Agreement is September 30, 2019.

SUPPLEMENTARY INFORMATION: The NRC published the proposed Agreement in the FR for comment once each week for 4 consecutive weeks on June 25, 2019 (84 FR 29811), July 2, 2019 (84 FR 31518), July 9, 2019 (84 FR 32657), and July 16, 2019 (84 FR 33864), as required by the Act. The comment period ended on July 25, 2019. One comment was received supporting the Agreement. The NRC staff determined that the Vermont Agreement State program is adequate to protect the public health and safety and compatible with the NRC's program. The Vermont Agreement is consistent

with Commission policy and thus meets the criteria for an Agreement with the Commission.

After considering the request for an Agreement by the Governor of Vermont, the supporting documentation submitted with the request for an Agreement, and its interactions with the staff of the Vermont Department of Health, the NRC staff completed an assessment of the Vermont program. The agency made a copy of the staff assessment available in the NRC's PDR and electronically on the NRC's website. Based on the staff's assessment, the Commission determined on September 6, 2019, that the Vermont program for control of radiation hazards is adequate to protect the public health and safety and compatible with the Commission's program.

This Agreement is a rule as defined in the Congressional Review Act (5 U.S.C. 801–808). However, the Office of Management and Budget has not found it to be a major rule as defined in the Congressional Review Act.

Dated at Rockville, Maryland, this 23rd day of September, 2019.

For the Nuclear Regulatory Commission.

Annette L. Vietti-Cook,

Secretary of the Commission.

ATTACHMENT

AN AGREEMENT BETWEEN THE UNITED STATES NUCLEAR REGULATORY COMMISSION AND THE STATE OF VERMONT FOR THE DISCONTINUANCE OF CERTAIN COMMISSION REGULATORY AUTHORITY AND RESPONSIBILITY WITHIN THE STATE PURSUANT TO SECTION 274 OF THE ATOMIC ENERGY ACT OF 1954, AS AMENDED

WHEREAS, The United States Nuclear Regulatory Commission (hereinafter referred to as "the Commission") is authorized under Section 274 of the Atomic Energy Act of 1954, as amended, 42 U.S.C. Section 2011 *et seq.* (hereinafter referred to as "the Act"), to enter into agreements with the Governor of the State of Vermont (hereinafter referred to as "the State") providing for discontinuance of the regulatory authority of the Commission within the State under Chapters 6, 7, and 8, and Section 161 of the Act with respect to byproduct materials as defined in Sections 11e.(1), (3), and (4) of the Act, source materials,

and special nuclear materials in quantities not sufficient to form a critical mass; and,

WHEREAS, The Governor of the State of Vermont is authorized under VT. STAT. ANN. tit. 18, § 1653 to enter into this Agreement with the Commission; and,

WHEREAS, The Governor of the State of Vermont certified on April 11, 2019, that the State has a program for the control of radiation hazards adequate to protect the public health and safety with respect to the materials within the State covered by this Agreement, and that the State desires to assume regulatory responsibility for such materials; and,

WHEREAS, The Commission found on September 6, 2019, that the program of the State of Vermont for the regulation of the materials covered by this Agreement is compatible with the Commission's program for the regulation of such materials and is adequate to protect the public health and safety; and,

WHEREAS, The State of Vermont and the Commission recognize the desirability and importance of cooperation between the Commission and the State in the formulation of standards for protection against hazards of radiation and in assuring that State and Commission programs for protection against hazards of radiation will be coordinated and compatible; and,

WHEREAS, The Commission and the State of Vermont recognize the desirability of the reciprocal recognition of licenses, and of the granting of limited exemptions from licensing of those materials subject to this Agreement; and,

WHEREAS, This Agreement is entered into pursuant to the provisions of the Act;

NOW, THEREFORE, It is hereby agreed between the Commission and the Governor of Vermont acting on behalf of the State as follows:

ARTICLE I

Subject to the exceptions provided in Articles II, IV, and V, the Commission shall discontinue, as of the effective date of this Agreement, the regulatory authority of the Commission in the State under Chapters 6, 7 and 8, and Section 161 of the Act with respect to the following materials:

1. Byproduct material as defined in Section 11e.(1) of the Act;
2. Byproduct material as defined in Section 11e.(3) of the Act;
3. Byproduct materials as defined in Section 11e.(4) of the Act;
4. Source materials; and

5. Special nuclear materials, in quantities not sufficient to form a critical mass.

ARTICLE II

This Agreement does not provide for the discontinuance of any authority, and the Commission shall retain authority and responsibility, with respect to:

A. The regulation of byproduct material as defined in Section 11e.(2) of the Act;

B. The regulation of the land disposal of byproduct, source, or special nuclear material received from other persons;

C. The evaluation of radiation safety information on sealed sources or devices containing byproduct, source, or special nuclear material and the registration of the sealed sources or devices for distribution, as provided for in regulations or orders of the Commission;

D. The regulation of the construction, operation, and decommissioning of any production or utilization facility or any uranium enrichment facility;

E. The regulation of the export from or import into the United States of byproduct, source, or special nuclear material, or of any production or utilization facility;

F. The regulation of the disposal into the ocean or sea of byproduct, source, or special nuclear material waste as defined in regulations or orders of the Commission;

G. The regulation of the disposal of such other byproduct, source, or special nuclear material as the Commission determines by regulation or order should, because of the hazards or potential hazards thereof, not be so disposed without a license from the Commission; and

H. The regulation of activities not exempt from Commission regulation as stated in 10 CFR part 150.

ARTICLE III

With the exception of those activities identified in Article II, paragraphs D. through H., this Agreement may be amended, upon application by the State and approval by the Commission to include one or more of the additional activities specified in Article II, paragraphs A. through C., whereby the State may then exert regulatory authority and responsibility with respect to those activities.

ARTICLE IV

Notwithstanding this Agreement, the Commission may from time to time by rule, regulation, or order, require that the manufacturer, processor, or producer of any equipment, device, commodity, or other product containing

source, byproduct, or special nuclear material shall not transfer possession or control of such product except pursuant to a license or an exemption for licensing issued by the Commission.

ARTICLE V

This Agreement shall not affect the authority of the Commission under Subsection 161b. or 161i. of the Act to issue rules, regulations, or orders to promote the common defense and security, to protect restricted data, or to guard against the loss or diversion of special nuclear material.

ARTICLE VI

The Commission will cooperate with the State and other Agreement States in the formulation of standards and regulatory programs of the State and the Commission for protection against hazards of radiation and to assure that Commission and State programs for protection against hazards of radiation will be coordinated and compatible. The State agrees to cooperate with the Commission and other Agreement States in the formulation of standards and regulatory programs of the State and the Commission for protection against the hazards of radiation and to assure that the State's program will continue to be compatible with the program of the Commission for the regulation of materials covered by this Agreement.

The State and the Commission agree to keep each other informed of proposed changes in their respective rules and regulations and to provide each other the opportunity for early and substantive contribution to the proposed changes.

The State and the Commission agree to keep each other informed of events, accidents, and licensee performance that may have generic implication or otherwise be of regulatory interest.

ARTICLE VII

The Commission and the State agree that it is desirable to provide reciprocal recognition of licenses for the materials listed in Article I licensed by the other party or by any other Agreement State. Accordingly, the Commission and the State agree to develop appropriate rules, regulations, and procedures by which reciprocity will be accorded.

ARTICLE VIII

The Commission, upon its own initiative after reasonable notice and opportunity for hearing to the State or upon request of the Governor of Vermont, may terminate or suspend all or part of this Agreement and reassert the licensing and regulatory authority vested in it under the Act, if the

Commission finds that (1) such termination or suspension is required to protect the public health and safety, or (2) the State has not complied with one or more of the requirements of Section 274 of the Act.

Pursuant to Section 274j. of the Act, the Commission may, after notifying the Governor, temporarily suspend all or part of this Agreement without notice or hearing if, in the judgment of the Commission, an emergency situation exists with respect to any material covered by this agreement creating danger which requires immediate action to protect the health or safety of persons either within or outside of the State and the State has failed to take steps necessary to contain or eliminate the cause of danger within a reasonable time after the situation arose. The Commission shall periodically review actions taken by the State under this Agreement to ensure compliance with Section 274 of the Act, which requires a State program to be adequate to protect the public health and safety with respect to the materials covered by this Agreement and to be compatible with the Commission's program.

ARTICLE IX

This Agreement shall become effective on September 30, 2019, and shall remain in effect unless and until such time as it is terminated pursuant to Article VIII.

[Docket No. SSA-2013-0044]

RIN 0960-AH63

Rules of Conduct and Standards of Responsibility for Appointed Representatives; Correction

AGENCY: Social Security Administration.

ACTION: Correcting amendments.

SUMMARY: On July 2, 2018, we published final rules in the **Federal Register**

revising our rules of conduct and standards of responsibility for representatives. Those final rules reduced the amount of time to request Appeals Council review of a hearing officer's decision from 30 days to 14 business days, but we inadvertently failed to make the same change in the parallel sections of the CFR, which details when the Appeals Council will dismiss a request for review. This document corrects the omitted sections and makes our regulations consistent.

DATES: Effective September 30, 2019.

FOR FURTHER INFORMATION CONTACT: Nancy Chung, Office of Appellate Operations, Social Security Administration, 5107 Leesburg Pike, Falls Church, VA 22041, (703) 605-7100. For information on eligibility or filing for benefits, call our national toll-free number, 1-800-772-1213 or TTY 1-800-325-0778, or visit our internet site, Social Security Online, at <http://www.socialsecurity.gov>.

SUPPLEMENTARY INFORMATION: We published final rule, Rules of Conduct and Standards of Responsibility for Appointed Representatives, in the **Federal Register** on July 2, 2018. (83 FR 30849). Among other changes, the final rules reduced the amount of time to request an Appeals Council review of a hearing officer's decision from 30 days to 14 business days (§§ 404.1775 and 416.1575).¹

We inadvertently failed to make correlated and necessary, changes in the sections describing when the Appeals Council will dismiss such a request for review of a hearing officer's decision. Specifically, paragraph (c) of sections 404.1795 and 416.1595 currently reference the prior "30-day time period" instead of the new 14 business day time period. This correction revises the incorrect time period identified in 404.1795 and 416.1595 to match the correct time period provided in 404.1775(b) and 416.1575(b).

Accordingly, 20 CFR part 404, subpart R, and 20 CFR part 416, subpart O are corrected by making the following amendments:

PART 404—FEDERAL OLD-AGE, SURVIVORS AND DISABILITY INSURANCE (1950—)

Subpart R—Representation of Parties

■ 1. The authority citation for subpart R of part 404 continues to read as follows:

Authority: Secs. 205(a), 206, 702(a)(5), and 1127 of the Social Security Act (42 U.S.C. 405(a), 406, 902(a)(5), and 1320a-6).

■ 2. Amend § 404.1795 by revising paragraph (c) to read as follows:

§ 404.1795 When the Appeals Council will dismiss a request for review.

* * * * *

(c) *Request for review not timely filed.* The Appeals Council will dismiss a request for review if a party failed to file a request for review within the 14 business day time period set forth in § 404.1775(b) and the Appeals Council does not extend the time for good cause.

PART 416—SUPPLEMENTAL SECURITY INCOME FOR THE AGED, BLIND, AND DISABLED

Subpart O—Representation of Parties

■ 3. The authority citation for subpart O of part 416 continues to read as follows:
