

Scoping will be conducted to identify environmental, safety and occupational health issues to be addressed in the EIS. Public scoping meetings will be held as a part of the process. The scoping meetings will be held in Kodiak and Anchorage, Alaska and Lompoc, CA. Exact dates, locations and times of the scoping meetings will be advertised at a later date.

Public input and comments are solicited concerning the environmental safety and occupational health issues related to the proposed action. To ensure the program office will have sufficient time to fully consider public input on issues, written comments should be mailed to ensure receipt no later than thirty days after public release.

As a part of the decision-making process, the U.S. Army Space and Missile Defense Command (USASMDC) is managing the preparation of the EIS for flight-testing of GMD on behalf of the MDA. Comments concerning the public scoping process or the EIS process should be addressed to: U.S. Army Space and Missile Defense Command, ATTN: SMDC-EN-V (Mrs. Julia Hudson-Elliott), 106 Wynn Drive, Huntsville, AL 35805, or by e-mail at [gmdetreis@smdc.army.mil](mailto:gmdetreis@smdc.army.mil).

Dated: March 26, 2002.

### Office of the Secretary; Conference Meeting of the United States Strategic Command, Strategic Advisory Group

**AGENCY:** Department of Defense.

**ACTION:** Notice of closed meeting.

**SUMMARY:** The United States Strategic Command (USSTRATCOM) Strategic Advisory Group (SAG) will meet in closed session on April 18 and 19, 2002.

The mission of the SAG is to provide timely advice on scientific, technical, intelligence, and policy-related issues to the Commander-in-Chief, U.S. Strategic Command. The purpose of this meeting is to discuss strategic issues that relate to the development of the Single Integrated Operational Plan.

The meeting will involve classified information and access must be strictly limited to personnel having requisite clearances and specific need-to-know. In accordance with section 10(d) of the Federal Advisory Committee Act (5

USC, App. 2), the meeting will be closed to the public.

**DATES:** April 18 and 19, 2002.

**ADDRESSES:** U.S. Strategic Command, 901 SAC Boulevard, Suite 1F7, Offutt Air Force Base, NE 68113-6030.

**FOR FURTHER INFORMATION CONTACT:** Ms. Connie Druskis, USSTRATCOM SAG, (402) 294-4102.

Dated: March 22, 2002.

**Patricia L. Toppings,**

*Alternate OSD Federal Register Liaison Officer, Department of Defense.*

#### Availability for Exclusive, Partially Exclusive, or Non-Exclusive Licensing of U.S. Patent Concerning Noise Abatement Technology

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice of availability.

**SUMMARY:** The Department of the Army announces the general availability of exclusive, partially exclusive or non-exclusive licenses relative to a noise abatement technology as described in U.S. Patent No. 4,928,573, Fansler, et al., May 29, 1990, entitled "Silencer for sabotaged projectiles." Licenses shall comply with 35 U.S.C. 209 and 37 CFR 404.

**FOR FURTHER INFORMATION CONTACT:**

Michael D. Rausa, U.S. Army Research Laboratory, Office of Research and Technology Applications, ATTN: AMSRL-DP-T/Bldg. 459, Aberdeen Proving Ground, Maryland 21005-5425, Telephone: (410) 278-5028.

**SUPPLEMENTARY INFORMATION:** None.

## DEPARTMENT OF DEFENSE

### Department of the Army; Corps of Engineers

#### Intent to Prepare a Draft Environmental Impact Statement for the Proposed University of California at Merced and Associated Infrastructure Projects, Corps Permit Application Numbers 199900203 and 200100570

**AGENCY:** Department of the Army, U.S. Army Corps of Engineers, DoD.

**ACTION:** Notice of intent.

**SUMMARY:** The University of California and County of Merced propose to construct a major university campus and associated infrastructure in Merced County, California. The project as proposed would impact over 92 acres of waters of the United States, including vernal pools and other associated wetlands.

**FOR FURTHER INFORMATION CONTACT:**

Questions about the proposed action and DEIS can be answered by Ms. Nancy Haley, (916) 557-7772, [ucmerced@spk.usace.army.mil](mailto:ucmerced@spk.usace.army.mil), 1325 J Street, Room 1480, Sacramento, CA 95814-2922.

**SUPPLEMENTARY INFORMATION:** The applicants have applied for Department of the Army permits under Section 404 of the Clean Water Act to construct a tenth University of California campus to support 25,000 full-time equivalent students and associated infrastructure. The proposed campus would be 2,000 acres in size, and comprised of a Main Campus (910 acres), Merced Irrigation District canals and easements (70 acres), a Campus Land Reserve (340 acres), and a Campus Natural Reserve (750 acres).

The Main Campus would consist of an academic core, student support services, student and faculty housing, campus support, on-campus research facilities, athletic and recreation facilities, and parking. The Campus Land Reserve is proposed for future growth of the University facility. The Campus Natural Reserve would be preserved and managed to maintain and enhance its natural environmental functions and values. Over 86 acres of waters of the United States would be directly impacted by this project. Additional indirect impacts to waters would likely occur; however those impacts have not yet been quantified.

Construction of the first phase of the UC Merced Campus is proposed to begin in 2002, on about 110 acres of the existing Merced Hills Golf Course located at the southern end of the proposed Main Campus. The applicant has stated that construction of the first phase will not involve any placement of dredged or fill material into any waters of the United States, including wetlands.

The proposed project is located east of Lake Road, and Yosemite Lake, approximately two miles northeast of the City of Merced, Merced County, California.

Alternatives to be examined for the campus include: Bellevue Ranch site, Castle Airport site, City of Merced in-fill sites, and various configurations on, and/or adjacent to, the proposed project site.
