Federal Emergency Management Agency

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on a proposed reinstatement, with change, of a previously approved collection for which approval has expired. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning enrollment for students and score assessments for FEMA’s Independent Study Program.

SUPPLEMENTARY INFORMATION: FEMA’s Emergency Management Institute (EMI) provides a wide variety of training to emergency management personnel throughout the country. The EMI Independent Study (IS) Program is part of the FEMA training program authorized under the Robert T. Stafford Disaster Relief and Emergency Act,

Public Law 93-288 as amended. These courses are offered online by the Emergency Management Institute (EMI). The IS Program provides valuable training to Federal, State, local and Tribal emergency management personnel and the general citizenry of the United States without having to attend a resident course at EMI, or at a State-sponsored course. The National Incident Management System (NIMS) is our nation’s incident management system. Homeland Security Presidential Directive 5, “Management of Domestic Incidents” requires the adoption of NIMS by all Federal departments and agencies. This directive also requires that Federal preparedness assistance funding for States, Territories, local jurisdictions and Tribal entities be dependent on NIMS compliance.

Abstract: The IS program office collect data from FEMA Form 95-23 to create and update student records and provide students with credit for training completion. The system also allows FEMA to track completions and failures of course exams.
