There is strong public support and appreciation for the experience provided at Fish Creek. The intent of this notice is to give publics an opportunity to comment if they have concerns or questions about new fees.

The Tongass National Forest currently has two other wildlife viewing fees

sites. These sites are often at capacity throughout their season. A business analysis of Fish Creek has shown that people desire having for of this sort of recreation experience on the Tongass National Forest. A market analysis indicates that the \$5/10/20/75 per day/three-day/week/season is both reasonable and acceptable for this sort of unique recreation experience.

People wanting to purchase passes for Fish Creek can do so at the Forest Service office in Hyder or at Fish Creek. The Forest Service is also working to make passes available at local businesses in the communities of Hyder and Stewart.

Certain Polyester Staple Fiber From Taiwan and the Republic of Korea: Notice of Extension of Time Limit for 2004-2005 Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: January 10, 2006.

FOR FURTHER INFORMATION CONTACT: Yasmin Bordas or Andrew McAllister, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-3813 or (202) 482-1174, respectively.

SUPPLEMENTARY INFORMATION:**Statutory Time Limits**

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department of Commerce ("Department") to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Background

On June 30, 2005, the Department published a notice of initiation of administrative reviews of the antidumping duty orders on certain polyester staple fiber ("PSF") from Taiwan and the Republic of Korea ("Korea"), covering the period May 1, 2004, through April 30, 2005. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 70 FR 37749 (June 30, 2005). The preliminary results for the antidumping duty administrative reviews of certain PSF from Taiwan and Korea are currently due no later than January 31, 2006.

Extension of Time Limits for Preliminary Results

The Department requires additional time to review, analyze, and verify the sales and cost information and to issue supplemental questionnaires. Moreover, the Department requires additional time to review and analyze the model match criteria, and it is thus not practicable to complete this review within the original time limit (*i.e.*, January 31, 2006). Therefore, the Department is extending the time limit for completion of the preliminary results to not later than May 24, 2006, in accordance with section 751(a)(3)(A) of the Act.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: January 4, 2006.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Certain Small Diameter Carbon and Alloy Seamless Standard, Line, and Pressure Pipe from Romania: Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: January 10, 2006.

SUMMARY: In response to requests by Duferco Steel Inc. (Duferco), an importer of subject merchandise, and United States Steel Corporation (the petitioner), the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on certain

small diameter carbon and alloy seamless standard, line, and pressure pipe (seamless pipe) from Romania. The period of review (POR) is August 1, 2004, through July 31, 2005.

The respondent, S.C. Silcotub S.A. (Silcotub), informed the Department that it would not be participating in the review. Accordingly, we preliminarily determine that the application of adverse facts available is warranted with respect to Silcotub.

FOR FURTHER INFORMATION CONTACT:

Janis Kalnins at (202) 482-1392 or John Holman at (202) 482-3683, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On August 10, 2000, the Department published an antidumping duty order on seamless pipe from Romania. See *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Certain Small Diameter Carbon and Alloy Seamless Standard, Line, and Pressure Pipe From Romania*, 65 FR 48963 (August 10, 2000) (*Amended Final*).

On August 1, 2005, the Department published a notice of opportunity to request an administrative review of this order. See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 70 FR 44085. In accordance with 19 CFR 351.213(b)(3), on August 30, 2005, Duferco requested that the Department conduct an administrative review of Silcotub. On August 31, 2005, the petitioner requested a review of Silcotub. On September 28, 2005, the Department published a notice of initiation of administrative review of the antidumping duty order on seamless pipe from Romania covering the period August 1, 2004, through July 31, 2005. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 70 FR 56631.

On September 26, 2005, the Department issued its questionnaire¹ to

¹ Section A of the questionnaire requests general information concerning a company's corporate structure and business practices, the merchandise under review that it sells, and the manner in which it sells that merchandise in all of its markets. Section B requests a complete listing of all home-market sales or, if the home market is not viable, of sales in the most appropriate third-country market (this section is not applicable to respondents in non-market-economy cases). Section C requests a complete listing of U.S. sales. Section D requests

Silcotub. Because we had reason to believe or suspect that Silcotub made sales at prices below the cost of production during the review, we initiated a sales-below-cost inquiry in order to determine whether Silcotub made sales during the POR at below-cost prices.² See, *e.g.*, *Notice of Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review and Intent To Revoke Antidumping Duty Order in Part: Certain Pasta From Italy*, 66 FR 34414, 34415 (June 28, 2001). Silcotub did not respond by the deadline of November 2, 2005. In a November 28, 2005, letter, Silcotub informed the Department that it was declining to participate in the administrative review.

Scope of the Order

The products covered by the order are seamless carbon and alloy (other than stainless) steel standard, line, and pressure pipes and redraw hollows produced, or equivalent, to the ASTM A-53, ASTM A-106, ASTM A-333, ASTM A-334, ASTM A-335, ASTM A-589, ASTM A-795, and the API 5L specifications and meeting the physical parameters described below, regardless of application. The scope of the order also includes all products used in standard, line, or pressure pipe applications and meeting the physical parameters described below, regardless of specification. Specifically included within the scope of the order are seamless pipes and redraw hollows, less than or equal to 4.5 inches (114.3 mm) in outside diameter, regardless of wall-thickness, manufacturing process (hot finished or cold-drawn), end finish (plain end, beveled end, upset end, threaded, or threaded and coupled), or surface finish.

The seamless pipes subject to the order are currently classifiable under

information on the cost of production of the foreign like product and the constructed value of the merchandise under review.

² In the 2002-03 administrative review, the Department disregarded Silcotub's home-market sales that failed the cost test. See *Notice of Final Results of Antidumping Duty Administrative Review and Final Determination Not To Revoke Order in Part: Certain Small Diameter Carbon and Alloy Seamless Standard, Line, and Pressure Pipe From Romania*, 70 FR 7237 (February 11, 2005) (*2002-03 Final Results*). Accordingly, the Department initiated a sales-below-cost inquiry in the 2003-04 administrative review. Silcotub withdrew its participation from that review without responding to the Department's cost-of-production questionnaire. See *Certain Small Diameter Carbon and Alloy Seamless Standard, Line, and Pressure Pipe from Romania: Final Results of Antidumping Duty Administrative Review and Final Determination Not to Revoke Order in Part*, 70 FR 41206 (July 18, 2005) (*2003-04 Final Results*). As a result, the Department used adverse facts available in determining the margin for Silcotub in that review. *Id.*
