SUPPLEMENTARY INFORMATION:

Information Collection Request Title: Federal Tort Claims Act (FTCA) Program Deeming Application for Health Centers, OMB No. 0906-XXXX-NEW.

Abstract: Section 224(g)-(n) of the Public Health Service (PHS) Act (42 U.S.C. 233(g)-(n)), as amended, authorizes the “deeming” of entities receiving funds under section 330 of the PHS Act as PHS employees for the purposes of receiving Federal Tort Claims Act (FTCA) coverage. The Health Center Program is administered by HRSA. Health centers submit deeming applications to HRSA in the prescribed form and manner in order to obtain deemed PHS employee status, with the associated FTCA coverage.

Need and Proposed Use of the Information: Deeming applications must address certain specified criteria required by law in order for deeming determinations to be issued, and FTCA application forms are critical to HRSA’s deeming determination process. These forms provide HRSA with the information essential for application evaluation and a deeming determination for the purposes of FTCA coverage. The application information is also used to determine whether a site visit is appropriate to assess issues relating to the health center’s quality of care and to determine technical assistance needs.

Likely Respondents: Respondents include Health Center Program funds recipients seeking deemed PHS employee status for purposes of FTCA coverage.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
FTCA Health Center Program Initial Application	35	1	35	2.5	87.5
FTCA Health Center Program Redeeming Application	1125	1	1125	2.5	2812.5
Total	1160		1160		2900

Announcing Project Period Extensions With Funding for Health Center Program Award Recipients in Puerto Rico; Health Center Program

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services (HHS).

ACTION: Announcing project period extensions with Funding for Health Center Program Award recipients in Puerto Rico.

SUMMARY: HRSA provided additional grant funds to 4 award recipients in Puerto Rico with project periods ending in fiscal year 2018 to extend their current project periods by 12 months to prevent interruptions in the provision of critical health care services while they recover from Hurricane Maria.

SUPPLEMENTARY INFORMATION:

Recipients of the Award: Four Health Center Program award recipients in Puerto Rico vulnerable to a lapse in service provision in their service areas due to the impact of Hurricane Maria on the operational resources available for competitive application preparation for fiscal year 2018, as listed in Table 1.

Amount of Non-Competitive Awards: Four awards for \$17,482,070.

Period of Supplemental Funding: Fiscal year 2018.

CFDA Number: 93.224.

Authority: Section 330 of the Public Health Service Act, as amended (42 U.S.C. 254b, as amended).

Justification: In September 2017, HHS declared a hurricane-related public health emergency in Puerto Rico. Health centers in Puerto Rico and the patients they serve continue to face significant challenges associated with recovery from Hurricane Maria. For these four award recipients, the funding permits them to continue to operate in the current fiscal year before submitting competitive applications by the end of the 12-month extension period. Extending the project period and providing flexibility for competing applications for these four award recipients aligns with the Office of Management and Budget's memorandum to provide short-term relief to affected award recipients, "Administrative Relief for Grantees Impacted by Hurricanes Harvey, Irma, and Maria," signed on October 26, 2017.

HRSA awarded approximately \$17 million to the four existing Health Center Program award recipients noted in Table 1.
