At full build-out, the Tribe's proposed resort/hotel and gaming facility would have approximately 132,000 square feet of gaming floor. Access to the Taunton site would be via O'Connell Way, off of Stevens Street, near the intersection of Stevens Street and Route 140 in Taunton, Massachusetts.

The following alternatives are considered in the DEIS:

(A) The development as proposed by the Tribe;

(B) Reduced Intensity I Alternative;

(C) Reduced Intensity II Alternative; and

(D) No Action Alternative.

Environmental issues addressed in the DEIS include: Transportation; wetlands and other waters of the U.S.; storm water; geology and soils; rare species and wildlife habitat; hazardous materials; water supply; wastewater; utilities; solid waste; air quality; greenhouse gas; cultural resources; noise, visual impacts; socio-economics; environmental justice; cumulative effects and indirect and growth-inducing effects.

The BIA held public scoping meetings for the project on June 20, 2012, at Taunton High School in Taunton, Massachusetts, and on June 21, 2012, at Mashpee High School in Mashpee, Massachusetts.

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Land Policy and Management Act of 1976 (FLPMA), as amended, the Bureau of Land Management (BLM) has prepared a Proposed California Desert Conservation Area (CDCA) Plan Amendment and a Final Environmental Impact Statement (EIS) and Draft Environmental Impact Report (EIR) for the Stateline Solar Farm Project (SSFP) and by this notice is announcing its availability.

DATES: BLM planning regulations state that any person who meets the conditions as described in the regulations may protest the BLM's Proposed CDCA Amendment. A person who meets the conditions and files a protest must file the protest within 30 days of the date that the Environmental Protection Agency publishes its Notice of Availability in the **Federal Register**.

SUPPLEMENTARY INFORMATION: First Solar
Development, Inc. (First Solar) has
requested a right-of-way (ROW)
authorization to construct, operate,
maintain and decommission the 300-
megawatt (MW) photovoltaic SSFP from
the BLM and a well permit from the
County of San Bernardino. The BLM is
responding to the ROW application as
required by FLPMA. The proposed
project located on BLM-administered
lands would include access roads,
photovoltaic arrays, electrical
substation, meteorological station,
monitoring and maintenance facility,
water wells, and a 2.3 mile generation
tie-line on up to 2,143 acres. The project
location is in San Bernardino County
approximately 2 miles south of the
Nevada-California border and 0.5 miles
west of Interstate 15.

The BLM's purpose and need for the
SSFP is to respond to First Solar's
application for a ROW grant to
construct, operate, maintain, and
decommission a photovoltaic solar
energy facility on public lands in
compliance with FLPMA, BLM ROW
regulations, and other applicable
Federal laws. The BLM will decide
whether to grant, grant with
modification, or deny a ROW to First
Solar for the proposed SSFP. The CDCA
Plan (1980, as amended), while
recognizing the potential compatibility
of solar energy generation facilities with
other uses on public lands, requires that

all sites proposed for power generation
or transmission not already identified in
the plan be considered through the plan
amendment process. The BLM is
proposing to amend the CDCA Plan by
designating the project area as either
suitable or unsuitable for solar energy
projects. In addition to the proposed
action, which is analyzed as Alternative
1: 300 MWs on 2,143 acres, the BLM is
analyzing three other project
alternatives: Alternative 2: 300 MW on
2,385 acres; Revised Alternative 3: 300
MW on 1,685 acres; and, Alternative 4:
232 MW generated on 1,766 acres. All
project alternatives also analyze an
expansion of the Ivanpah Desert
Wildlife Management Area (DWMA).
The management prescriptions for the
Ivanpah DWMA are defined in
Appendix A, Section A.2, of the
Northern and Eastern Mojave Desert
Management Plan Amendment to the
California Desert Conservation Area
Plan (July 2002). If the DWMA is
expanded, these management
prescriptions will be applied to the
expansion.

The Proposed Plan Amendment and
Final EIS/EIR also analyzes three No
Project alternatives: Alternative 5: No
Action; Alternative 6: No Project,
Amend the CDCA Plan to find the
Project area unsuitable for solar
development; and Alternative 7: No
Project, Amend the CDCA Plan to find
the Project area suitable for solar
development. The Final EIS/EIR and
CDCA Plan Amendment evaluates the
potential impacts of the proposed SSFP
on air quality and greenhouse gas
emissions; biological resources; cultural
resources; special status species;
geology and soils; hazards and
hazardous materials; hydrology and
water quality; land use; noise;
recreation; traffic; visual resources;
lands with wilderness characteristics;
cumulative effects and areas with high
potential for renewable energy
development.

Comments on the Draft EIS/EIR and
CDCA Plan Amendment received from
the public and internal BLM review
were considered and incorporated as
appropriate into the Final EIS/EIR and
Proposed Plan Amendment. Public
comments resulted in modification of
Alternative 3, now evaluated in the
Final EIS/EIR as Revised Alternative 3.
However, the public comments did not
significantly change proposed land use
plan decisions. Instructions for filing a
protest with the Director of the BLM
regarding the Proposed Plan
Amendment may be found in the "Dear
Reader" letter of the SSFP Final EIS/EIR
and Proposed Plan Amendment and at
43 CFR 1610.5–2. All protests must be

in writing and mailed to the appropriate
address, as set forth in the **ADDRESSES**
section above. Emailed protests will not
be accepted as valid protests unless the
protesting party also provides the
original letter by either regular mail or
overnight delivery postmarked by the
close of the protest period. Under these
conditions, the BLM will consider the
email as an advance copy and it will
receive full consideration. If you wish to
provide the BLM with such advance
notification, please direct emails to
bhudgets@blm.gov.

Before including your phone number,
email address, or other personal
identifying information in your protest,
you should be aware that your entire
protest—including your personal
identifying information—may be made
publicly available at any time. While
you can ask us in your protest to
withhold your personal identifying
information from public review, we
cannot guarantee that we will be able to
do so.
