

and consist of all coal recoverable by underground room and pillar, first mining only, mining methods in lands located in Wayne County, West Virginia. These lands lie approximately 20 miles south of Huntington, West Virginia, on USACE-administered surface with BLM-administered minerals. The sub-tracts listed below (A–E) are so named by the USACE, in dividing the lands following their purchase:

Sub-tract A: 174M, 184M, 177M–1, 375M, 377M, 376ME–1, 376ME–2, 382M, 545M, 554M, 390ME–1, 395M, 378M, 380M, 381M, 384M, 386M, 177M–2, 430M, 556M, containing 1,517.00 acres
 Sub-tract B: 177M–1, containing 320.00 acres
 Sub-tract C: 430M, 177M–1, 177M–2, 382M, 545M, 553M, 554M, 550M, 547M, 548M, 745M, 1450M, 1451M, 1452M, 1453M, 517A, 517B, containing 1,912.00 acres
 Sub-tract D: 177M–1, containing 72.00 acres
 Sub-tract E: 177M–1, 1718M, 1717M–1, containing 1,274.00 acres
 Sub-tract F: 177M–1, containing 358.00 acres
 The areas described aggregate 5,453.00 acres.

The land in sub-tracts A, B, C, D, E and F constitutes less than the entire tract acquired by the United States (of nearly 25,000 acres) and is described in accordance with 43 CFR 3471.1–1.

Further detailed definition of the tract can be found at: http://www.blm.gov/es/st/en/prog/east_lynn_lake_coal/documents.html.

It should be noted that prior to entering onto the lease tract for any reason, the successful bidder and/or eventual lessee will be responsible for a survey of the boundaries of this tract, to be used as the final legal boundary certificate for this tract. The ELL Rockspring tract (WVES 50560) has one minable coal bed, the C/W seam. The minable portions of the coal bed in this area are approximately 6 to 10 feet in thickness. First mining only will leave coal pillars, structural barriers, and gas well barriers behind. The ELL Rockspring tract contains approximately 11 million tons of recoverable high-volatile A and B bituminous coal. The coal quality in the coal bed on an “as received basis” is as follows:

12,500–13,200 Btu/lb.
 7.00 Percent moisture *
 4.5–8.5 Percent ash
 28.0–32.0 Percent volatile matter
 50.0–53.0 Percent fixed carbon
 0.4–0.9 Percent sulfur

Totals do not equal 100 percent due to rounding.

* Estimated as received moisture; also used for calculating as received from dry basis

The Argus and Rockspring tracts will be leased to the qualified bidders with the highest cash amount, provided that the high bid meets or exceeds the BLM’s estimate of the value for each tract. The minimum bid for each tract is \$100 per acre or fraction thereof. No bid that is less than \$100 per acre, or fraction thereof, will be considered. The bids should be sent by certified mail, return receipt requested, or be hand-delivered.

The BLM Eastern States Office Cashier will mail a receipt for each hand-delivered bid; each hand delivered bid will be “date-stamped” by the BLM. Bids received after 10 a.m. local time on December 4, 2014, will not be considered. The minimum bid is not intended to represent fair market value (FMV). The FMV of the tract will be determined by the Authorized Officer after the sale. The leases that may be issued as a result of this offering will provide for payment of an annual rental of \$3 per acre, or fraction thereof, and a royalty payment to the United States of 8 percent of the value of the coal produced by underground room and pillar mining methods (the only mining method considered on these tracts). The value of the coal will be determined in accordance with 30 CFR 1206.250.

Bidding instructions for the LBA tracts offered and the terms and conditions of the proposed lease sale are available from the BLM Eastern States Office. Any company or individual intending to bid on either tract must understand that the successful bidder is subject to the requirements of the Memorandum of Understanding between the BLM and the USACE signed March 15, 2012 (see detailed leasing statement). Case file documents, WVES 50556 and WVES 50560, and written comments submitted by the public on FMV or royalty rates, except those portions identified as proprietary by the commentator and meeting exemptions stated in the Freedom of Information Act, are available for inspection at the BLM Eastern States Office.
