### Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995, Public Law 104-13.

*Bureau:* International Trade Administration.

*Title:* Application of License to Enter Watches and Watch Movements into the Customs Territory of the United States.

*Agency Form Number:* ITA-334P.

*OMB Number:* 0625-0040.

*Type of Request:* Regular Submission.

*Burden:* 14 hours.

*Number of Respondents:* 11.

*Avg. Hours Per Response:* 1 hour.

*Needs and Uses:* Public Law 97-446, as amended by Public Law 103-465, requires the Departments of Commerce and the Interior to administer the distribution of duty-exemptions and duty-refunds to watch producers in the U.S. insular possessions and the Northern Mariana Islands. Public Law 106-36, enacted June 25, 1999, provides for the distribution of duty-refund benefits for any jewelry within heading 7113 of the Harmonized Tariff Schedule of the United States which is the product of the U.S. Territories and the Northern Mariana Islands in accordance with the new provisions of the note in chapter 71 and additional U.S. note 5 to

chapter 91. The primary consideration in collecting information is the enforcement of the laws and the information gathered is limited to that necessary to prevent abuse of the program and to permit a fair and equitable distribution of its benefits. Form ITA-334P is the principal program form used for recording the operational data on the basis of which program entitlements are distributed among the producers (and the provision of which to the Departments constitutes their application for these entitlements). The form is completed by watch and watch movement manufacturers and has been modified with special instructions for completion by the new jewelry manufacturers. Because the duty-refund benefit has been changed from an annual benefit to a biannual benefit, Form ITA-334P is also used, with modified instructions, to gather the information needed to calculate the interim duty-refund certificate for the jewelry and watch manufacturers.

*Affected Public:* Businesses or other for-profits.

*Frequency:* Semi-Annually.

*Respondent's Obligation:* Required to obtain or retain a benefit.

*OMB Desk Officer:* David Rostker, (202) 395-3897.

### Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* U.S. Census Bureau.

*Title:* 2001 Panel of the Survey of Income and Program Participation, Wave 7 Topical Modules.

*Form Number(s):* SIPP 21705(L)

Director's Letter; SIPP/CAPI Automated Instrument, SIPP 21003 Reminder Card.

*Agency Approval Number:* 0607-0875.

*Type of Request:* Revision of a currently approved collection.

*Burden:* 119,378 hours.

*Number of Respondents:* 78,750.

*Avg. Hours Per Response:* 30 minutes.

*Needs and Uses:* The U.S. Census Bureau requests authorization from the Office of Management and Budget (OMB) to conduct the Wave 7 Topical Module interview for the 2001 Panel of the Survey of Income and Program Participation (SIPP). We also request approval for a few replacement questions in the reinterview instrument. The core SIPP instrument and reinterview instrument were cleared previously. The reinterview instrument will be used for quality control purposes.

The SIPP is designed as a continuing series of national panels of interviewed households that are introduced every few years, with each panel having durations of 3 to 4 years. The 2001 SIPP Panel is scheduled for three years and will include nine waves beginning February 1, 2001.

The survey is molded around a central "core" of labor force and income questions that remain fixed throughout the life of a panel. The core is supplemented with questions designed to answer specific needs. These supplemental questions are included with the core and are referred to as "topical modules." The topical modules for the 2001 Panel Wave 7 are Informal Caregiving, Children's Well-Being, Retirement and Pension Plan Coverage, Annual Income and Retirement Accounts, and Taxes. Wave 7 interviews will be conducted from February through May 2003.

Data provided by the SIPP are being used by economic policymakers, the Congress, state and local governments, and Federal agencies that administer social welfare or transfer payment programs, such as the Department of Health and Human Services and the Department of Agriculture. The SIPP represents a source of information for a wide variety of topics and allows information for separate topics to be integrated to form a single and unified database so that the interaction between tax, transfer, and other government and private policies can be examined. Government domestic policy formulators depend heavily upon the

SIPP information concerning the distribution of income received directly as money or indirectly as in-kind benefits and the effect of tax and transfer programs on this distribution. They also need improved and expanded data on the income and general economic and financial situation of the U.S. population. The SIPP has provided these kinds of data on a continuing basis since 1983, permitting levels of economic well-being and changes in these levels to be measured over time.

*Affected Public:* Individuals or households.

*Frequency:* Every 4 months.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* Title 13 U.S.C.,

Section 182.

*OMB Desk Officer:* Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, room 6625, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at [dhynnek@doc.gov](mailto:dhynnek@doc.gov)).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

The period of review (POR)

covers the period January 1, 2001 through July 31, 2001. We preliminarily determine that Metal Forgings made no sales of stainless steel flanges below the normal value (NV).

**EFFECTIVE DATE:** September 27, 2002.

#### Applicable Statute and Regulations

All citations to the Tariff Act of 1930, as amended (the Tariff Act) are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act by the Uruguay Round Agreement Act (URAA), and all citations to the Department's regulations are to 19 CFR Part 351 (April 1, 2001).

#### SUPPLEMENTARY INFORMATION:

##### Background

On February 9, 1994, the Department published the antidumping duty order on stainless steel flanges from India (59 FR 5994). On November 29, 2001, in response to a timely request by Metal Forgings, the Department published the notice of initiation of this new shipper review of Metal Forgings covering the period January 1, 2001 through July 31, 2001 (66 FR 59568). A noted in the initiation notice, pursuant to 19 CFR 351.214(b), Metal Forgings certified in its August 31, 2001 submission that it did not export subject merchandise to the United States during the period of the investigation (POI) (July 1, 1992 through December 31, 1992), and that it was not affiliated with any exporter or producer of the subject merchandise to the United States during the POI. Metal Forgings submitted documentation establishing the date on which it first shipped this subject merchandise for export to the United States, the volume shipped, and the date of the first sale to an unaffiliated customer in the United States.

The POR has been defined so as to capture the dates of sale, shipment, and entry. On June 6, 2002, we extended the time limit for the preliminary results of this new shipper review to September 19, 2002 (67 FR 38932).

#### Scope of the Review

The products under review are certain forged stainless steel flanges, both finished and not finished, generally

manufactured to specification ASTM A-182, and made in alloys such as 304, 304L, 316, and 316L. The scope includes five general types of stainless steel flanges. They are weld-neck, used for butt-weld line connection; threaded, used for threaded line connections; slip-on and lap joint, used with stub-ends/butt-weld line connections; socket weld, used to fit pipe into a machined recession; and blind, used to seal off a line. The sizes of the flanges within the scope range generally from one to six inches; however, all sizes of the above-described merchandise are included in the scope. Specifically excluded from the scope of this order are cast stainless steel flanges. Cast stainless steel flanges generally are manufactured to specification ASTM A-351. The flanges subject to this order are currently classifiable under subheadings 7307.21.1000 and 7307.21.5000 of the Harmonized Tariff Schedule (HTS). Although the HTS subheadings are provided for convenience and customs purposes, the written description of the merchandise under review is dispositive of whether or not the merchandise is covered by the review.

#### Period of Review

The POR is January 1, 2001, through July 31, 2001. We defined the POR so as to include the dates of sale, shipment, and entry.

#### Fair Value Comparisons

To determine whether sales of flanges from India were made in the United States at less than fair value, we compared the export price (EP) to the normal value (NV), as described in the "Export Price" and "Normal Value" sections of this notice. In accordance with section 777A(d)(1)(A)(i) of the Tariff Act, we calculated EPs and compared these prices to weighted-average normal values.

#### Export Price (EP)

Metal Forgings reported making only EP sales to the United States. In accordance with section 772 of the Tariff Act, we calculated an EP for each sale. Section 772(a) of the Tariff Act defines EP as the price at which the subject merchandise is first sold before the date of importation by the exporter or producer outside the United States to an unaffiliated purchaser in the United States, or to an unaffiliated purchaser for exportation to the United States. We calculated EP based on prices charged to the first unaffiliated customer in the United States. We used the date of invoice as the date of sale. We based EP on the packed C&F, CIF duty paid, FOB, or ex-dock duty paid prices to the first
