

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁴³ and Rule 19b-4(f)(6) thereunder.⁴⁴

A proposed rule change filed under Rule 19b-4(f)(6)⁹ normally does not become operative for 30 days after the date of filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁰ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. FINRA has asked the Commission to waive the 30-day operative delay so that the proposal may become operative upon filing. FINRA states that such waiver will help align the qualification, registration, and continuing education rules that apply to CABs, with the rules that apply industry-wide, and to firms that have not elected CAB status. Additionally, by cross referencing rules that are currently in effect, rather than rules that have been eliminated, moved, or renumbered, FINRA states the proposed rule change will further the goal of maintaining regulatory consistency and having rules that function as intended. Because the proposed rule change corrects cross-references that became inaccurate, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest and, therefore, the Commission designates the proposed

rule change to be operative upon filing.⁴⁵

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
