Needs and Uses: The 2001 National Defense Authorization Act addresses patient safety in military and veteran's healthcare and requires an examination of systemic factors which lead to medical error. Defense Health Network National Capital Region (DHN NCR) uses results from the SCORE™ to meet requirements for Leapfrog, a nonprofit advocate of transparency and quality in healthcare which evaluates military

facilities. Furthermore, SCORE™ provides the granular, customized data necessary for true culture change at echelon or process for driving cultural change with the survey results.

Required post-survey debriefings drive team engagement: in 2020 and 2021 alone, DHN NCR SCORE™ debriefs generated over 1,000 frontline action plans which have driven Fiscal Year 2024 year-over-year increases in improvement readiness and local leadership engagement. Additionally, since SCORE™ is repeated every 12–24 months, it meets the highest-level Leapfrog requirements and have helped our largest facilities earn Leapfrog “A” designation.
