Magnuson-Stevens Fishery Conservation and Management Act Provisions; Northeast Skate Complex; Withdrawal of the Notice of Intent To Prepare an Environmental Impact Statement for Amendment 5

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of withdrawal.

SUMMARY: The New England Fishery Management Council initiated development of Amendment 5 to the Northeast Skate Complex Fishery Management Plan in 2016. A notice of intent to develop an environmental impact statement for this action was published in January 2017, followed by a second notice and round of scoping in late December 2020. However, in September 2021, the Council voted to discontinue work on Amendment 5 and pursue the remaining alternatives through newly initiated Framework Adjustment 9. The remaining alternatives in this framework are largely administrative and not expected to have significant impacts on the fishery or human environment. Therefore, NMFS is withdrawing the notice of intent and no longer intends to prepare an environmental impact statement.

FOR FURTHER INFORMATION CONTACT: Cynthia Ferrio, Fishery Policy Analyst, (978) 281–9180.

SUPPLEMENTARY INFORMATION: In 2016, the New England Fishery Management Council initiated development of Amendment 5 to the Northeast Skate Complex Fishery Management Plan (FMP) to consider limited access in the skate fishery. The Council published a notice of intent (NOI) to develop an environmental impact statement (EIS) for this amendment, in accordance with the National Environmental Policy Act, to analyze the impacts of any proposed management measures (82 FR 825; January 4, 2017). Throughout this initial development and scoping process, the range of proposed alternatives changed. A second NOI was published (85 FR 84304; December 28, 2020), and additional scoping hearings were held in 2021.

The comments received throughout the development process during both rounds of scoping hearings, and at

multiple Skate Advisory Panel, Skate Committee, and Council meetings, were mixed in support of, and opposition to, limiting access to the skate fishery. Ultimately, after careful consideration of the public comments received and extensive examination of the alternatives analyzed, the Council voted to no longer develop limited access alternatives in Amendment 5 at its April 2021 meeting. Further, at its meeting in September 2021, the Council voted to discontinue work on Amendment 5 completely and to pursue the remaining alternatives addressing changes to permit provisions and clarifying the FMP goals and objectives through the newly initiated Framework Adjustment 9. Framework 9 is expected to be implemented in mid-2022.

These remaining alternatives that will be considered in Framework 9 are largely administrative and are not expected to have significant impacts on the fishery or affected environment. Consequently, the Council and NMFS have determined that it is not necessary to prepare an EIS for Framework 9 and will instead continue development of the remaining framework alternatives with an appropriate NEPA document. Therefore, NMFS is informing the public that work on Amendment 5 is complete, and that we are withdrawing the NOI and draft EIS from further consideration.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: November 12, 2021.

Michael Ruccio,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Atlantic Highly Migratory Species; Advisory Panel

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; solicitation of nominations.

SUMMARY: NMFS solicits nominations for the Atlantic Highly Migratory Species (HMS) Advisory Panel (AP). NMFS consults with and considers the comments and views of the HMS AP when preparing and implementing Fishery Management Plans (FMPs) or FMP amendments for Atlantic tunas,

swordfish, sharks, and billfish. Nominations are being sought to fill approximately one-third (12) of the seats on the HMS AP for 3-year appointments. Individuals with definable interests in the recreational and commercial fishing and related industries, environmental community, academia, and non-governmental organizations are considered for membership on the HMS AP. NMFS also intends to fill an additional vacancy on the HMS AP for the remainder of a term that expires on December 31, 2023.

DATES: Nominations must be received on or before December 17, 2021.

ADDRESSES: You may submit nominations and requests for the Advisory Panel Statement of Organization, Practices, and Procedures by email to HMSAP.Nominations@noaa.gov. Include in the subject line the following identifier: “HMS AP Nominations.”

FOR FURTHER INFORMATION CONTACT:

Peter Cooper at (301) 427–8503.

SUPPLEMENTARY INFORMATION: Atlantic HMS fisheries are managed under the dual authority of both the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act; 16 U.S.C. 1801 *et seq.*) and the Atlantic Tunas Convention Act (ATCA; 16 U.S.C. 971 *et seq.*). The 2006 Consolidated Atlantic HMS Fishery Management Plan (2006 Consolidated HMS FMP) and its amendments are implemented by regulations at 50 CFR part 635.

The Magnuson-Stevens Act requires the establishment of an AP for each FMP for Atlantic HMS, *i.e.*, tunas, swordfish, billfish, and sharks. 16 U.S.C. 1854(g)(1)(A)–(B). Since the inception of the AP in 1998, NMFS has consulted with and considered the comments and views of AP members when preparing and implementing Atlantic HMS FMPs or FMP amendments. In this notice, NMFS solicits nominations for the Atlantic HMS AP. Nominations are being sought to fill approximately one-third (12) of the seats on the HMS AP for 3-year appointments. Individuals with definable interests in the recreational and commercial fishing and related industries, environmental community, academia, and non-governmental organizations are considered for membership on the HMS AP as described below. NMFS also intends to select a nominee to fill an additional academic vacancy on the HMS AP for the remainder of a term that expires on December 31, 2023. This vacancy is the result of a sitting HMS AP member
