Description

Human remains representing, at minimum, one individual were removed from Sacramento County, CA. On an unknown date, this individual was acquired by Kalamazoo resident Donald

Boudeman, who collected Native American material culture during the first half of the twentieth century. In July of 1961, some years after her husband's death, Donna Boudeman donated these human remains to the Michigan State University Museum. The Museum's record indicates the remains of this individual were recovered from a mound in Sacramento County, CA. Mounds in this region could be as much as 7,000 years old. No known individual was identified. No associated funerary objects are present.

Cultural Affiliation

The human remains in this notice are connected to one or more identifiable earlier groups, tribes, peoples, or cultures. There is a relationship of shared group identity between the identifiable earlier groups, tribes, peoples, or cultures and one or more Indian Tribes or Native Hawaiian organizations. The following types of information were used to reasonably trace the relationship: archeological, geographical, and other relevant information.

Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, the Michigan State University has determined that:

- The human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- There is a relationship of shared group identity that can be reasonably traced between the human remains described in this notice and the Buena Vista Rancheria of Me-Wuk Indians of California; California Valley Miwok Tribe, California; Ione Band of Miwok Indians of California; Jackson Band of Miwok Indians (*previously* listed as Jackson Rancheria of Me-Wuk Indians of California); Shingle Springs Band of Miwok Indians, Shingle Springs Rancheria (Verona Tract), California; United Auburn Indian Community of the Auburn Rancheria of California; and the Wilton Rancheria, California.

Requests for Repatriation

Written requests for repatriation of the human remains in this notice must be sent to the Responsible Official identified in **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization

not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains in this notice to a requestor may occur on or after March 1, 2023. If competing requests for repatriation are received, Michigan State University must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains are considered a single request and not competing requests. Michigan State University is responsible for sending a copy of this notice to the Indian Tribes identified in this notice.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.9, 10.10, and 10.14.
