Abstract: This is an extension of an existing collection under OMB Control No. 1870–0505. This collection was originally submitted by the U.S. Department of Education (the Department) in December 2018 in connection with a Notice of Proposed Rulemaking for the Nondiscrimination on the Basis of Sex in Education Programs or Activities Receiving Federal Financial Assistance to propose amendments to the Department’s implementing regulations for title IX of the Education Amendments of 1972. (ICR Reference No. 201811–1870–001). The Department finalized its rulemaking in May 2020 and the ICR was approved by OMB on December 8, 2020 (ICR Reference No. 202005–1870–001). The ICR is scheduled to expire on December 31, 2023. The regulations that require the collection of information are set forth below.

Section 106.45(b)(2) Notice of Allegations requires all recipients, upon

receipt of a formal complaint, to provide written notice to the complainant and the respondent, informing the parties of the recipient’s grievance process and providing sufficient details of the sexual harassment allegations being investigated. This written notice will help ensure that the nature and scope of the investigation, and the recipient’s procedures, are clearly understood by the parties at the commencement of an investigation.

Section 106.45(b)(9) Informal resolution requires that recipients who wish to provide parties with the option of informal resolution of formal complaints, may offer this option to the parties but may only proceed by: first, providing the parties with written notice disclosing the sexual harassment allegations, the requirements of an informal resolution process, any consequences from participating in the informal resolution process; and second, obtaining the parties’ voluntary, written consent to the informal resolution process. This provision permits—but does not require—recipients to allow for voluntary participation in an informal resolution as a method of resolving the allegations raised in formal complaints without completing the investigation and adjudication. Additionally, recipients may not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

Section 106.45(b)(10) requires recipients to maintain certain documentation regarding their title IX activities. Recipients would be required to maintain for a period of seven years records of: sexual harassment investigations, including any determination regarding responsibility and any audio or audiovisual recording or transcript required under § 106.45(b)(6)(i), any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the recipient’s education program or activity; any appeal and the result therefrom; any informal resolution; and all materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. Additionally, for each response required under § 106.44(a), a recipient must create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.
