Certain Activated Carbon From the People's Republic of China: Notice of Preliminary Results of the Antidumping Duty Administrative Review and Extension of Time Limits for the Final Results

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("Department") is conducting the first administrative review of the antidumping duty order on certain activated carbon from the People's Republic of China ("PRC") for the period October 11, 2006, through March 31, 2008. The Department has preliminarily determined that sales have been made below normal value ("NV") by the respondents. If these preliminary

results are adopted in our final results of this review, the Department will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on all appropriate entries of subject merchandise during the period of review.

Interested parties are invited to comment on these preliminary results. The Department intends to issue the final results no later than 180 days from the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"). See "Extension of the Time Limits for the Final Results" below.

DATES: *Effective Date:* May 7, 2009.

FOR FURTHER INFORMATION CONTACT: Julia Hancock, Irene Gorelik, or Bob Palmer, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1394, (202) 482-6905 or (202) 482-9068, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 27, 2007, the Department published in the **Federal Register** an antidumping duty order on certain activated carbon from the PRC. See *Notice of Antidumping Duty Order: Certain Activated Carbon from the People's Republic of China*, 72 FR 20988 (April 27, 2007) ("Order"). On April 1, 2008, the Department published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order of certain activated carbon from the PRC for the period October 11, 2006, through March 31, 2008.¹ See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 73 FR 17317 (April 1, 2008). The Department received timely requests by Petitioners² to conduct a review of 90 companies. On June 4, 2008, the Department initiated this review with respect to all requested companies. See

¹ The Department does not include merchandise that entered the United States during the provisional measures gap period ("gap period"), i.e., April 9, 2007, and April 19, 2007, in our calculation because these entries are not subject to antidumping duties. See *Notice of Preliminary Results of Antidumping Duty Administrative Review: Low Enriched Uranium from France*, 69 FR 3883 (January 27, 2004). However, for the purposes of these preliminary results, we are basing the margin calculation on all reported U.S. sales made during the POR because we are unable to determine whether any reported U.S. sales entered during the gap period. We will request additional information from the respondents with respect to this issue.

² Norit Americas Inc. and Calgon Carbon Corporation.
