

experience with the Exchange. If a User disfavors this proposed change they are free to use a different routing strategy or submit an order directly to an away market center. This proposed change is not being proposed for competitive reasons, but rather to make clear that any order eligible to be posted to an away market center will be routed during an SSCB. As each market center is required to comply with Rule 201 of Regulation SHO, the Exchange believes that any order eligible to be posted to an away market center should be permitted to route, as the order would be subject to the away market center's rules regarding compliance with Rule 201 of Regulation SHO upon posting.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act³⁷ and Rule 19b-4(f)(6) thereunder.³⁸

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),³⁹ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay. The Exchange states the proposed rule change provides clarity on how orders modified to sell short exempt are accomplished and the priority of orders marked sell short exempt. The Exchange believes that the proposed rule change related to modifications from sell long to sell short

(or vice versa) or sell short exempt to sell short (or vice versa) that occur during an SSCB will affect only a small percentage of overall order modifications.⁴⁰ Finally, the Exchange states that the proposed change to Rule 11.11(a) will permit orders containing routing instructions entered by all Users that would post to an away market during an SSCB to route to away market centers immediately upon becoming operative. The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest because the proposed rule change does not raise any new or novel issues. Accordingly, the Commission hereby waives the operative delay and designates the proposal operative upon filing.⁴¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.
