[OMB Control No. 3090-0252; Docket 2015-0001; Sequence 15]

General Services Administration Acquisition Regulation; Information Collection; Preparation, Submission, and Negotiation of Subcontracting Plans

AGENCY: Office of Acquisition Policy, General Services Administration (GSA).

ACTION: Notice of request for comments regarding an extension to an existing OMB clearance.

SUMMARY: Under the provisions of the Paperwork Reduction Act, the Regulatory Secretariat Division will be submitting to the Office of Management and Budget (OMB) a request to review and approve an extension of a previously approved information collection requirement regarding preparation, submission, and negotiation of subcontracting plans.

This information collection will ensure that small and small, disadvantaged business concerns are afforded the maximum practicable opportunity to participate as subcontractors in negotiated procurements. The Preparation, Submission, and Negotiation of the Subcontracting Plans provision requires for all negotiated solicitations, having an anticipated award value over \$650,000 (\$1,500,000 for construction), the submission of a subcontracting plan with an offeror's proposal.

DATES: Submit comments on or before: July 13, 2015.

SUPPLEMENTARY INFORMATION:

A. Purpose

The GSAR provision at 552.219-72 requires all offerors, other than small business concerns, responding to a negotiated solicitation to submit a subcontracting plan with their respective offers so that a plan can be negotiated concurrently with other parts of the proposal, including price and any technical and management proposals. The respondents are potential GSA contractors. The provision may be used when the contracting officer believes that the potential contract provides significant opportunities for small businesses as subcontractors. The contracting officer will use the information to evaluate whether GSA's expectation that subcontracting opportunities exist for small businesses is reasonable under the circumstances; negotiate goals consistent with statutory requirements and acquisition objectives; and expedite the award process. The provision is not applicable if an offeror submits a previously-approved commercial subcontracting plan.

SUPPLEMENTARY INFORMATION:

A. Purpose

The General Services Administration will be requesting the Office of Management and Budget to extend information collection 3090–0007, concerning GSA Form 527, Contractor's Qualifications and Financial Information. This form is used to determine the financial capability of prospective contractors as to whether they meet the financial responsibility standards in accordance with the Federal Acquisition Regulation 9.103(a) and 9.104–1 and also the General Services Administration Acquisition Manual 509.105–1.

B. Annual Reporting Burden

Respondents: 2,940.

Responses per Respondent: 1.2.

Total Responses: 3,528.

Hours per Response: 1.5.

Total Burden Hours: 5,292.

The estimated annual burden has decreased since GSA's 2012 submission from 8,820 burden hours to 5,292 burden hours to reflect the widespread use of the option for potential contractors to submit financial statements and balance sheets in lieu of completing the applicable fields on GSA Form 527. The alternate submission of financial statements and balance sheets significantly reduces the burden on prospective contractors, as these documents are generally readily available. As such, the average estimated hours to complete a response has been reduced from 2.5 hours per response to 1.5 hours.

Obtaining Copies of Proposals: Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street NW., Washington, DC 20405, telephone 202–501–4755.
