Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it revokes the Class E airspace extending upward from 700 feet above the surface at Lake Lawn Airport, Delavan, WI, due to the cancellation of the instrument procedures at this airport.

History

The FAA published a notice of proposed rulemaking in the **Federal Register** (85 FR 49609; August 14, 2020) for Docket No. FAA-2020-0734 to revoke the Class E airspace extending upward from 700 feet above the surface at Lake Lawn Airport, Delavan, WI. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11E, dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020. FAA Order 7400.11E is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11E lists

Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 revokes the Class E airspace extending upward from 700 feet above the surface Lake Lawn Airport, Delavan, WI, as this airspace no longer being required.

This action is the result of the cancellation of instrument procedures at this airport.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

SUMMARY: This interim rule implements Executive Order (E.O.) 13891, “Promoting the Rule of Law Through Improved Agency Guidance Documents.” This E.O. requires Federal agencies to publish regulations that establish processes and procedures for issuing guidance documents. The interim rule would create a new part 11 in title 24 of the Code of Federal Regulations (CFR) that outlines HUD policy on guidance documents and how HUD designates guidance documents.

The interim rule would also establish a procedure by which the public may petition HUD for the withdrawal or modification of guidance documents, and the process for the public to make comments on certain significant guidance documents.

DATES:

Effective Date: December 10, 2020.

Comment Due Date: January 11, 2021.

ADDRESSES: Interested persons are invited to submit comments regarding this rule to the Regulations Division, Office of General Counsel, Department of Housing and Urban Development, 451 7th Street SW, Room 10276, Washington, DC 20410–0500.
