

have federalism implications.” “Policies that have federalism implications” is defined in the Executive Order to include regulations that have “substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.” This final rule directly regulates growers, food processors, food handlers and food retailers, not States. This action does not alter the relationships or distribution of power and responsibilities established by Congress in the preemption provisions of FFDCA section 408(n)(4). For these same reasons, the Agency has determined that this rule does not have any tribal implications as described in Executive Order 13175, entitled *Consultation and Coordination with Indian Tribal Governments* (65 FR 67249, November 6, 2000). Executive Order 13175, requires EPA to develop an accountable process to ensure meaningful and timely input by tribal officials in the development of regulatory policies that have tribal implications. Policies that have tribal implications is defined in the Executive Order to include regulations that have substantial direct effects on one or more Indian tribes, on the relationship between the Federal government and the Indian tribes, or on the distribution of power and responsibilities between the Federal government and Indian tribes. This rule will not have substantial direct effects on tribal governments, on the relationship between the Federal government and Indian tribes, or on the distribution of power and responsibilities between the Federal government and Indian tribes, as specified in Executive Order 13175. Thus, Executive Order 13175 does not apply to this rule.

VIII. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of this final rule in the **Federal Register**. This final rule is not a “major rule” as defined by 5 U.S.C. 804(2).

Dated: December 17, 2001.

Peter Caulkins,

Acting Director, Registration Division, Office of Pesticide Programs.

Therefore, 40 CFR chapter I is amended as follows:

PART 180—[AMENDED]

1. The authority citation for part 180 continues to read as follows:

Authority: 21 U.S.C. 321(q), 346(a) and 371.

2. Section 180.556 is amended by revising paragraph (a) to read as follows:

§ 180.556 Pymetrozine; tolerances for residues.

(a) *General.* Tolerances are established for residues of the insecticide pymetrozine 1,2,4-triazin-3(2H)-one,4,5-dihydro-6-methyl-4-[(3-pyridinylmethylene) amino] in or on the following raw agricultural commodities. The tolerance level for each commodity is expressed in terms of the parent insecticide only, which serves as an indicator of the use of pymetrozine on these raw agricultural commodities.

41 CFR Chapter 301

[FTR Amendment 99]

RIN 3090-AH51

Federal Travel Regulation; Maximum Per Diem Rates

AGENCY: Office of Governmentwide Policy, GSA.

ACTION: Final rule.

SUMMARY: This final rule amends the Federal Travel Regulation (FTR), Amendment 97, published in the **Federal Register** of Friday, August 31, 2001. This final rule updates the table of prescribed maximum per diem rates for the continental United States (CONUS) by revising previous entries and adding new entries.

EFFECTIVE DATE: October 1, 2001.

FOR FURTHER INFORMATION CONTACT:

Joddy P. Garner, Office of Governmentwide Policy (MTT), Washington, DC 20405, telephone 202-501-4857.

SUPPLEMENTARY INFORMATION:

A. Background

The General Services Administration (GSA), after an analysis of additional data, is revising previous entries and adding new entries that were inadvertently omitted from FTR Amendment 97 published as Part II in the **Federal Register** of Friday, August 31, 2001 (66 FR 46070). This final rule revises the key city for Pontiac/Troy, Michigan, and the county and/or other defined locations for Denver, Colorado; Anoka County, Minnesota; Harrisburg and Hershey, Pennsylvania; and Sturgis, South Dakota. This final rule further adds new per diem city/county localities and rates for Dinwiddie County, Hopewell, Petersburg, and Prince George County, Virginia. In addition, this final rule revises footnote four (4) of the per diem rate table.

B. Executive Order 12866

GSA has determined that this final rule is not a significant regulatory action for the purposes of Executive Order 12866 of September 30, 1993.

C. Regulatory Flexibility Act

This final rule is not required to be published in the **Federal Register** for notice and comment; therefore, the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, does not apply.

D. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because this final rule does

not impose recordkeeping or information collection requirements, or the collection of information from offerors, contractors, or members of the public which require the approval of the Office of Management and Budget under 44 U.S.C. 501 *et seq.*

E. Small Business Regulatory Enforcement Fairness Act

This final rule is also exempt from congressional review prescribed under 5 U.S.C. 801 since it relates solely to agency management and personnel.

List of Subjects in 41 CFR Chapter 301

Government employees, Travel and transportation expenses.

For the reasons set forth in the preamble, under 5 U.S.C. 5701–5709, 41 CFR chapter 301 is amended as follows:

CHAPTER 301—Temporary Duty (TDY) Travel Allowances

Appendix A to Chapter 301 [Amended]

1. Appendix A to chapter 301 is amended as follows:

a. On the page that includes entries for the State of Colorado, under the State of Colorado, city of Denver, column two (County and/or other defined location) is revised to read “Denver, Adams, and Arapahoe Counties, that portion of Westminster located in Jefferson County, and Lone Tree in Douglas County”.

b. On the page that includes entries for the States of Massachusetts and Michigan, under the State of Michigan, in the first column, the last entry, “Pontiac/Troy”, is revised to read “Pontiac/Troy/Auburn Hills”.

c. On the page that includes entries for the State of Michigan and Minnesota:

i. Under the State of Michigan, the entry for “Auburn Hills” is removed.

ii. Under the State of Minnesota, city of Anoka County, column two (County and/or other defined location) is revised to read “Anoka”.

d. On the page that includes entries for the State of Pennsylvania:

i. Under the State of Pennsylvania, city of Harrisburg, column two (County and/or other defined location) is revised to read “Dauphin (except Hershey)”.

ii. Under the State of Pennsylvania, city of Hershey, column two (County and/or other defined location) is revised to read “City limits of Hershey (see Dauphin County)”.

e. On the page that includes entries for the State of South Dakota, city of Sturgis, column two (County and/or other defined location) is revised to read “Meade”.

f. On the page beginning with the entry for Colonial Heights, Virginia:

i. Under the State of Virginia, a new entry is added after the city of Colonial Heights, to read: (column one)

“Dinwiddie County”; (column two) “Dinwiddie”; (column three) “77”; (column four) “30”; (column five) “107”.

ii. Under the State of Virginia, a new entry is added after the new entry for Dinwiddie County, to read: (column one) “Hopewell”; (column three) “77”; (column four) “30”; (column five) “107”.

iii. Under the State of Virginia, a new entry is added after the city of Manassas/Woodbridge, to read: (column one) “Petersburg”; (column three) “77”; (column four) “30”; (column five) “107”.

iv. Under the State of Virginia, a new entry is added after the new entry for Petersburg, to read: (column one) “Prince George County”; (column two) “Prince George”; (column three) “77”; (column four) “30”; (column five) “107”.

g. Note four at the end of the table is revised.

The revised pages containing the amendments to the table set forth above and a new page containing the notes to the table as amended above read as follows:

(September 16-October 31)		69	42	111

¹ Unless otherwise specified, the per diem locality is defined as "all locations within, or entirely surrounded by, the corporate limits of the key city, including independent entities located within those boundaries."

² Per diem localities with county definitions shall include "all locations within, or entirely surrounded by, the corporate limits of the key city as well as the boundaries of the listed counties, including independent entities located within the boundaries of the key city and the listed counties (unless otherwise listed separately)."

³ When a military installation or Government-related facility (whether or not specifically named) is located partially within more than one city or county boundary, the applicable per diem rate for the entire installation or facility is the higher of the two rates which apply to the cities and/or counties, even though part(s) of such activities may be located outside the defined per diem locality.

⁴ Federal agencies may submit a request to GSA for review of the costs covered by per diem in a particular city or area where the standard CONUS rate applies when travel to that location is repetitive or on a continuing basis and travelers' experiences indicate that the prescribed rate is inadequate. Other per diem localities listed in this appendix will be reviewed on an annual basis by GSA to determine whether rates are adequate. Requests for per diem rate adjustments shall be submitted by the agency headquarters office to the General Services Administration, Office of Governmentwide Policy, Attn: Travel and Transportation Management Policy Division (MTT), Washington, DC 20405. Agencies should submit their request to GSA no later than 2/27 for the city to be included in the annual review. Agencies should designate an individual responsible for reviewing, coordinating, and submitting to GSA any requests from bureaus or subagencies. Requests for rate adjustments shall include a city designation, a description of the surrounding location involved (county or other defined area), and a recommended rate supported by a statement explaining the circumstances that cause the existing rate to be inadequate. The request also must contain an estimate of the annual number of trips to the location, the average duration of such trips, and the primary purpose of travel to the location.

⁵ The standard CONUS rate of \$85 (\$55 for lodging and \$30 for M&IE) applies to all per diem localities in the State of North Dakota.

Note: Recognizing that all locations are not incorporated cities, the term "city limits" has been used as a general phrase to denote the commonly recognized local boundaries of the location cited.

DEPARTMENT OF THE INTERIOR**Fish and Wildlife Service****50 CFR Part 17**

RIN: 1018-A119

Endangered and Threatened Wildlife and Plants; Listing the Tumbling Creek Cavesnail as Endangered

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Emergency rule.

SUMMARY: We, the Fish and Wildlife Service (Service), exercise our authority to emergency list the Tumbling Creek cavesnail (*Antrobia culveri*) as endangered under the Endangered Species Act of 1973, as amended (Act). This species is known to occur in one cave in Missouri. The distribution of this species has decreased in Tumbling Creek by 90 percent since 1974. Although cavesnail numbers fluctuated seasonally and annually between 1996 and 2000, the species was not found in the monitored section of the cave stream during five surveys in 2001. Because the sudden population decline demonstrates a significant and imminent risk to the well-being of the Tumbling Creek cavesnail, we find that emergency listing is necessary to provide Federal protection pursuant to the Act for 240 days. A proposed rule to list the Tumbling Creek cavesnail as endangered is published concurrently with this emergency rule, and can be found in this issue of the **Federal Register** in the proposed rules section. **DATES:** This emergency rule becomes effective December 27, 2001 and expires August 26, 2002.

ADDRESSES: The complete file for this rule is available for inspection, by appointment, during normal business hours at the U.S. Fish and Wildlife Service, Columbia, Missouri Field Office, 608 E. Cherry St., Room 200, Columbia, Missouri 65201-7712.

FOR FURTHER INFORMATION CONTACT: Paul McKenzie, Ph.D., Columbia, Missouri Field Office, at the address listed above (telephone: 573-876-1911, ext. 107; e-mail: paul_mckenzie@fws.gov; facsimile: 573-876-1914). Individuals who are hearing-impaired or speech-impaired may call the Federal Relay

Service at 1-800-877-8337 for TTY assistance.

SUPPLEMENTARY INFORMATION:**Background**

The Tumbling Creek cavesnail (*Antrobia culveri*) was described as a new species by Hubricht (1971) from specimens taken by David Culver, Thomas Aley, and Leslie Hubricht in 1969 and 1970. *Antrobia culveri* is the type species for the genus *Antrobia*, also described new to science in 1971 by Hubricht. Hershler and Hubricht (1988) examined specimens of *Antrobia culveri* and confirmed the taxonomic placement of this species in the subfamily Littoridininae of the Gastropod family Hydrobiidae. They also noted the apparent close relatedness of the genus *Antrobia* to the genus *Fontigens*, which contains cave-adapted snails found in other Missouri caves and springs. The Tumbling Creek cavesnail is a small, white, blind, aquatic snail (height 2.3 millimeters (mm) (0.09 inches (in)); diameter 2.0 mm (0.08 in); aperture height 1.2 mm (0.05 in); aperture diameter 1.1 mm (0.04 in)) with a small, conical, well-rounded, pale-yellow shell containing about 3.5 whorls (Hubricht 1971). The Tumbling Creek cavesnail is restricted to a single cave stream in Tumbling Creek Cave in Taney County, southwestern Missouri.

Greenlee (1974) provided the first information on the habitat of the species. He reported that the species was found primarily on "3 inch gravel substrate" (presumably meaning small stones or cobble of 3-inch diameter), with a few individuals observed using the recesses of a solid rock stream bottom. Greenlee (1974) did not note whether the snails used the upper or lower surface of the 3-inch gravel he observed them on, or whether the species was ever observed using larger rocks within the cave stream. Subsequent surveyors, however, have failed to document *Antrobia culveri* using a solid rock bottom, and the species is usually observed on the undersurface of rocks with a diameter greater than 3 inches (Ashley 2000). Additionally, Greenlee (1974) stated that the Tumbling Creek cavesnail was absent from areas of the stream that contained bat guano. Subsequent observers (McKenzie *in litt.* 1996; Ashley 2000, 2001a, 2001b) have noted *Antrobia culveri* in portions of Tumbling Creek where bat guano occurs. Finally, Greenlee (1974) and subsequent observers have all noted that the species appears to prefer areas of the stream that lack silt.
