

Estimated Total Annual Cost: \$36,952, includes \$0 annualized capital or O&M costs.

Changes in the Estimates: There is a decrease of 140 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This decrease is an adjustment due to the decrease in the number of applications the Agency expects to receive in the next 3 years. EPA expects to receive a projected 584 fewer annual responses, based on a year-over-year decrease in the number of responses received in the 2006–2008 fiscal years. The Agency estimates that it will receive an average of 1,895 supplemental registrations annually for the next three years.
