BILLING CODE 6560-50-P

**ENVIRONMENTAL PROTECTION
AGENCY****40 CFR Part 93**

[FRL-7789-6]

RIN 2060-AL73

RIN 2060-AI56

**Transportation Conformity Rule
Amendments for the New 8-Hour
Ozone and PM_{2.5} National Ambient Air
Quality Standards and Miscellaneous
Revisions for Existing Areas;
Transportation Conformity Rule
Amendments: Response to Court
Decision and Additional Rule Changes;
Correction to the Preamble****AGENCY:** Environmental Protection
Agency (EPA).**ACTION:** Final rule; correction.**SUMMARY:** EPA issued a final rule on
July 1, 2004 (69 FR 40004) that amended
the transportation conformity rule to
include criteria and procedures for the
new 8-hour ozone and fine particulate
matter (PM_{2.5}) national ambient air
quality standards (NAAQS or
“standards”). The final rule also

addressed a March 2, 1999 ruling by the
U.S. Court of Appeals for the District of
Columbia Circuit (*Environmental
Defense Fund v. EPA, et al.*, 167 F. 3d
641, D.C. Cir. 1999). The preamble to
the final rule contains two errors. This
notice is intended to correct these
errors. All other preamble and
regulatory text printed in the July 1,
2004 final rule is correct.

The Department of Transportation
(DOT) is EPA's federal partner in
implementing the transportation
conformity regulation. We have
consulted with DOT on the
development of these corrections, and
DOT concurs.

DATES: *Effective Date:* August 2, 2004.**FOR FURTHER INFORMATION CONTACT:** Meg

SUPPLEMENTARY INFORMATION: EPA
issued a final rule on July 1, 2004 (69
FR 40004) that amended the
transportation conformity rule to
include criteria and procedures for the
new 8-hour ozone and fine particulate
matter (PM_{2.5}) national ambient air
quality standards (NAAQS or
“standards”). The final rule also
addressed a March 2, 1999 ruling by the
U.S. Court of Appeals for the District of
Columbia Circuit (*Environmental
Defense Fund v. EPA, et al.*, 167 F. 3d
641, D.C. Cir. 1999). The preamble to
the July 1, 2004 final rule contains two
errors. This notice is intended to correct
these errors.

First, the table in Section II. D. What
Parts of the Final Rule Apply to Me? (69
FR 40006-7), which lists the issues
addressed in the final rule, is
incomplete and contains a number of
incorrect references to other sections of
the rule. The table provides a roadmap
for determining whether a specific final
rule revision included in the July 1,
2004 rulemaking would apply in your
area. The table illustrates which parts of
the final rule are relevant for various
pollutants and standards.

The following is the corrected table:

Type of area	Issue addressed in final rule	Preamble section	Regulatory section
8-hour ozone	Conformity grace period	III.A	§ 93.102(d)
	Revocation of 1-hour ozone standard	III.B	Not applicable.
	General implementation of new standards	III.C	Not applicable.
	Early Action Compacts	III.D	Not applicable.
	Baseline year test	IV.B	§ 93.119(b)
	Build/no-build test (marginal classification and subpart 1 areas ¹).	IV.C	§ 93.119(b)(2), § 93.119(g)(2)
	Regional conformity tests (moderate and above classifications).	IV.D	§ 93.119(b)(1)
	Regional conformity tests (areas without 1- hour ozone budgets).	V	§ 93.109(d)
	Regional conformity tests (areas with 1-hour ozone budgets).	VI	§ 93.109(e)
	Federal projects during a lapse	XIV	§ 93.102(c), § 93.104(d)
	Adequacy process of submitted SIPs	XV	§ 93.118(e)

	Conformity SIPs	XXV	Not applicable.

Second, a paragraph was omitted from the end of Section XXIII.G. Use of Adequate and Approved Budgets in Conformity (69 FR 40066). The missing paragraph was intended to explain that we are not changing all of the PM₁₀ requirements in § 93.109(g). We are reprinting the entire paragraph in the regulatory section of the July 1, 2004 final rule to ensure that the Code of Federal Regulations is updated correctly.

The following paragraph should be inserted at the end of Section XXIII.G.:

The final rule includes some of the existing conformity rule's text for PM₁₀ requirements in § 93.109(g) to ensure

that the Code of Federal Regulations is updated correctly. For example, § 93.109(g)(3)(ii) is not being changed in this final rule, but is affected by the reorganization of paragraph (g) in this section. EPA notes that this and other such parts of paragraph (g) have been addressed through past rulemakings and are not being reopened through this final rule.

No changes are being made to the final rule language or other preamble language published on July 1, 2004. EPA finds good cause to make this correction notice effective less than 30 days after publication in the **Federal Register**. The final rule published July 1 will become

effective August 2, 2004. Today's correction notice does not make any changes to the final rule. This correction notice only clarifies explanatory text in the preamble to the final rule which were intended to aid conformity implementors in implementing the rule. Therefore EPA concludes that it will be in the public interest to have this correction notice also become effective on August 2, 2004.

Authority: 42 U.S.C. 7401–7671q.

Dated: July 13, 2004.

Robert D. Brenner,

Acting Assistant Administrator for Office of Air and Radiation.

DEPARTMENT OF TRANSPORTATION

Maritime Administration

46 CFR Part 296

[Docket No. MARAD-2004-18489]

RIN 2133-AB62

Maritime Security Program

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Interim final rule and request for comments.

SUMMARY: The Maritime Administration (MARAD) is issuing this interim final rule to provide procedures to implement provisions of the National Defense Authorization Act for Fiscal Year 2004, the Maritime Security Act of 2003 (MSA 2003). The MSA 2003 authorizes the creation of a new Maritime Security Program (MSP) that establishes a fleet of active, commercially viable, privately owned vessels to meet national defense and other security requirements and to maintain a United States presence in international commercial shipping. This interim final rule establishes the new MSP and provides, among other things, application procedures and deadlines for enrollment of vessels in the MSP.

DATES: *Effective Date:* This interim final rule is effective on October 1, 2004.

Comment Date: MARAD will consider comments received not later than August 19, 2004.

Application Due Date: Applications for enrollment of vessels in the MSP are due by October 15, 2004, to the address listed in the **ADDRESSES** section below.

ADDRESSES: *Comment Submission:* You may submit comments [identified by DOT DMS Docket Number MARAD-2004-18489] by any of the following methods:

- Web site: <http://dms.dot.gov>.

Follow the instructions for submitting comments on the DOT electronic docket site.

- Fax: 1-202-493-2251.

- Mail: Docket Management Facility; U.S. Department of Transportation, 400 Seventh Street, SW., Nassif Building, Room PL-401, Washington, DC 20590-001.

- Hand Delivery: Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington,

DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

- Federal eRulemaking Portal: Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

Instructions: All submissions must include the agency name and docket number for this rulemaking. Note that all comments received will be posted without change to <http://dms.dot.gov> including any personal information provided. Please see the *Privacy Act* heading under Regulatory Notices.

Docket: For access to the docket to read background documents or comments received, go to <http://dms.dot.gov> at any time or to Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Application Submission: Submit applications for enrollment of vessels in the MSP to the Secretary, Maritime Administration, Room 7218, Maritime Administration, U.S. Department of Transportation, 400 Seventh Street, SW., Washington, D.C. 20590.

FOR FURTHER INFORMATION CONTACT:

Taylor E. Jones II, Director, Office of Sealift Support, Maritime Administration, Telephone 202-366-2323. For legal questions, call Murray Bloom, Chief, Division of Maritime Programs, Maritime Administration, 202-366-5320. For military utility questions, call LTC Todd Robbins, U.S. Transportation Command, 618-229-1451/1529.

SUPPLEMENTARY INFORMATION:

Background

On October 8, 1996 the President signed the Maritime Security Act of 1996 establishing the Maritime Security Program (MSP) for FYs 1996 through 2005 to provide financial assistance of up to \$2.1 million per vessel per year to operators of U.S.-flag vessels with approved MSP Operating Agreements. The MSP is funded at \$100 million per year for each year from FY 1996 through FY 2005, which covers a maximum of 47 vessels.

On November 24, 2003, the President signed the National Defense Authorization Act for Fiscal Year 2004, which contained the MSA 2003 creating a new MSP for FY 2006 through FY 2015. This program also provides financial assistance to operators of U.S.-flag vessels that meet certain qualifications. The MSA 2003 requires that the Secretary of Transportation, in consultation with the Secretary of

Defense, establish a fleet of active, commercially viable, militarily useful, privately-owned vessels to meet national defense and other security requirements. Section 53111 of the MSA 2003 authorizes \$156 million annually for FYs 2006, 2007, and 2008; \$174 million annually for FYs 2009, 2010, and 2011; and \$186 million annually for FYs 2012, 2013, 2014, and 2015 to support the operation of up to 60 U.S.-flag vessels in the foreign commerce of the United States. Payments to participating operators are limited to \$2.6 million per ship per year for FYs 2006 through 2008, \$2.9 million per ship per year for FYs 2009 through 2011, and \$3.1 million per ship per year for FYs 2012 through 2015. Payments are subject to annual appropriations. Participating operators are required to make their commercial transportation resources available upon request by the Secretary of Defense during times of war or national emergency.

Subtitle A, section 3517 of the MSA 2003 provides for a pilot program under which the Secretary of Transportation may enter into an agreement(s) to reimburse MSP vessel operators up to 80 percent of the cost of performing maintenance and repairs in U.S. shipyards versus the cost of performing this work in a geographic region in which the MSP vessel generally operates. Funding to perform qualified maintenance and repair work in the United States on MSP vessels is authorized to be appropriated in the amount of \$19.5 million for each of fiscal years 2006 through 2011.

Military Utility

The U.S. Transportation Command, on behalf of the Secretary of Defense, will issue a press release or another form of announcement within 20 days after the issuance of this regulation describing the current operational requirements of the Department of Defense for determining the award of operating agreements within a priority. Current requirements may be stated in terms of capability to perform a particular mission or in terms of vessel characteristics (militarily useful square footage, deck height, deck strength, draft, ammunition certification, etc.) or in other operational terms.

Rulemaking Analyses and Notices

Executive Order 12866 (Regulatory Planning and Review), and Department of Transportation (DOT) Regulatory Policies; Pub. L. 104-121

This rulemaking is considered to be an economically significant regulatory action under section 3(f) of Executive
