DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA_Submission@omb.eop.gov* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

Forest Service

Title: 36 CFR Part 228, Subpart A—Locatable Minerals.

OMB Control Number: 0596-0022.

Summary of Collection: The United States Mining Law of 1982, as amended, governs the prospecting for and appropriation of metallic and most nonmetallic minerals on 192 millions acres of National Forest set up by proclamation from the public domain. It gives individuals the right to search for and extract valuable mineral deposits of locatable minerals and secure title to the lands involved. Recording that claim in the local courthouse and with the appropriate BLM State Office affords protection to the mining claimant from subsequent locators. A mining claimant is entitled to reasonable access to claim for further prospecting, mining or necessary related activities, subject to the other laws and applicable regulations. The purpose of the regulations at 36 CFR part 228, subpart A, is to set some specific rules and procedures through which use of the surface of National Forest System lands in connection with mineral operations authorized by the United States mining laws shall be conducted so as to minimize adverse environmental impacts on surface resources. The Forest Service (FS) will collect information using form FS 2800-5, Plan of Operations for Mining Activities on National Forest System Lands.

Need and Use of the Information: FS will collect information requirements for a Notice of Intent to include the name, address, and telephone number of the operator; the area involved; the nature of the proposed operations; the route of access to the area of operations and the method of transport. The information requirements for a Plan of Operations includes: The name and legal mailing address of the operators; a description of the type of operations proposed; a description of how it would be conducted; a description of the type and standard of existing/proposed roads/access route; a description of the means of transportation to be used; a description of the period during which the proposed activity will take place; and measures to meet the environmental protection requirements. The information requirements for a cessation of operation include: Verification to

maintain the structures, equipment and other facilities; expected reopening date; estimate of extended duration of operations; and maintenance of the site, structure, equipment and other facilities during nonoperating periods.

Description of Respondents: Business or other for-profit.

Number of Respondents: 2,151.

Frequency of Responses: Reporting: other (approved for a given period).

Total Burden Hours: 8,699.

Request for Applications (RFA): Research and Development Risk Management Research Partnerships; Correction

Announcement Type: Notice of availability of funds and request for application for risk management research partnerships; Correction.

CFDA Number: 10.456.

Dates: The closing date and time for receipt of an application is 5:00 p.m. C.D.T. on July 5, 2005. Applications received after the deadline will not be evaluated by the technical review panel and will not be considered for funding. All awards will be made and agreements completed no later than September 30, 2005.

Summary: Due to technical errors, the following notice supersedes the original Request for Applications, published on May 6, 2005, for Research and Development Risk Management Research Partnerships at 70 FR 23969-23975.

Overview: The purpose of the Risk Management Research Partnerships is to fund the development of non-insurance risk management tools that will be utilized by agricultural producers to assist them in mitigating the risks inherent in agricultural production. The proposals must address at least one of the ten objectives listed in part I.D. In addition, all proposals must clearly demonstrate the usefulness and benefits of the tool to producers of priority commodities and provide a plan for ongoing maintenance and support as
