AGENCY: NAFTA Secretariat, United States Section, International Trade Administration, Department of Commerce.

ACTION: Notice of decision of panel.

SUMMARY: On November 3, 2005, the binational panel issued its decision in the review of the final determination made by the International Trade Administration, respecting Gray Portland Cement and Clinker from Mexico Final Antidumping Duty Administrative Review, Secretariat File

No. USA-MEX-98-1904-02. The binational panel affirmed in part and remanded in part to the International Trade Administration. Copies of the panel decision are available from the U.S. Section of the NAFTA Secretariat.

FOR FURTHER INFORMATION CONTACT:

Caratina L. Alston, United States Secretary, NAFTA Secretariat, Suite 2061, 14th and Constitution Avenue, Washington, DC 20230, (202) 482-5438.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of the final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules"). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686). The panel review in this matter has been conducted in accordance with these Rules.

Panel Decision: The Panel remands this case to the Department as follows:

2. If, upon reconsideration, a determination is made which alters the selection of sales for comparison purposes from that made in the original and first remand determination, consider the comparison issues raised by the CDC in conformance with the positions taken by the majority opinions in the Seventh Review Panel; and

3. Reconsider the calculation of the DIFMER allowance on the basis that any positive DIFMER allowance could be considered adverse to CEMEX, that the
