Summary of Information Collection

Respondents are LRAs that have executed no-cost EDC agreements with a Military Department that transferred property from a closed military installation. As provided by Section 2821(a)(3)(B)(i) of the National Defense Authorization Act for Fiscal Year 2000 (Pub. L. 106-65), such agreements require that the LRA reinvest the proceeds from any sale, lease or equivalent use of EDC property (or any portion thereof) during at least the first seven years after the date of the initial transfer of the property to support the economic redevelopment of, or related to, the installation. The Secretary of Defense may recoup from the LRA such portion of these proceeds not used to support the economic redevelopment of, or related to, the installation. LRAs are subject to this same seven-year reinvestment requirement if their EDC agreement is modified to reduce the debt owed to the Federal Government. Military Departments monitor LRA compliance with this provision by requiring an annual financial statement certified by an independent Certified Public Accountant. No specific form is required.

Needs and Uses: The Corps of Engineers uses ENG Form 3926 in conjunction with ENG Form 3925, 3925B, and 3925P as the basic source of input to conduct the Waterborne Commerce Statistics data collection program. The annual publications "Waterborne Commerce of the United States, Parts 1-5" are the results of this program.

Annual burden Hours: 2,500.

Number of Respondents: 400.

Responses per Respondent: 5,400.

Average Burden per Response: 5 minutes.

SUPPLEMENTARY INFORMATION: The Corps of Engineers uses ENG Form 3926 as a quality control instrument by comparing the data collected on the Corps Vessel Operation Report with that collected on 3926. The information is voluntarily submitted by the respondents to assist the Waterborne Commerce Statistics Center in the identification of vessel operators who fail to report significant vessel moves and tonnage. This information is invaluable in documenting the movement of petroleum products out of Valdez,

Alaska. Without the information furnished on the ENG Form 3926 at least 50,000,000 tons of petroleum products would go unreported each year.
