44 CFR Part 67

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: Base (1% annual chance) Flood Elevations (BFEs) and modified BFEs are made final for the communities listed below. The BFEs and modified BFEs are the basis for the flood plain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing BFEs and modified BFEs for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated on the table below.

ADDRESSES: The final BFEs for each community are available for inspection at the office of the Chief Executive

Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT:

William R. Blanton, Jr., Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Assistant Administrator of the Mitigation Directorate has resolved any appeals resulting from this notification.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for flood plain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community.

The BFEs and modified BFEs are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act. This final rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This final rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This final rule meets the applicable standards of Executive Order 12988.

[Docket No. 080103017-8466-02]

RIN 0648-AS01

Taking of Marine Mammals Incidental to Commercial Fishing Operations; Atlantic Large Whale Take Reduction Plan Regulations; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule; correction.

SUMMARY: This document contains a correction to the final rule to amend the regulations implementing the Atlantic Large Whale Take Reduction Plan (ALWTRP) that was published in the **Federal Register**, Friday, October 5, 2007.

DATES: This correction is effective October 5, 2008.

FOR FURTHER INFORMATION CONTACT: Diane Borggaard, NMFS, Northeast Region, 978-281-9300 Ext. 6503, diane.borggaard@noaa.gov; Kristy Long, NMFS, Office of Protected Resources, 301-713-2322, kristy.long@noaa.gov.

SUPPLEMENTARY INFORMATION: The final rule that is the subject of this correction was published Friday, October 5, 2007

(72 FR 57104). That final rule contains inadvertent errors concerning the effective dates of the rule in both the preamble and regulatory text.

This rule provides clarification regarding the effective date for the majority of the provisions of the October 5, 2007 final rule. The **DATES** section in the preamble and the regulatory text clearly reflect NMFS' intent for the majority of the provisions in the rule to become effective on April 5, 2008. However, the discussion in the preamble inadvertently referenced an incorrect date, April 7, 2008, for the majority of the provisions. NMFS is clarifying that the correct effective date for the majority of the provisions of the ALWTRP rule is April 5, 2008, as clearly stated in the **DATES** section and the regulatory text.

In addition, this rule corrects the effective date for certain paragraphs of § 229.32. Due to an inadvertent error, both the preamble and regulatory text incorrectly indicate that the effective date for those paragraphs is October 6, 2008. This rule corrects the preamble and regulatory text of § 229.32 to correct this error. The correct effective date for the regulatory text in § 229.32 paragraphs (c)(5)(ii)(B), (c)(6)(ii)(B), (c)(7)(ii)(C), (c)(8)(ii)(B), (c)(9)(ii)(B), (d)(6)(ii)(D), (d)(7)(ii)(D) and (i)(3), is October 5, 2008. All other information remains unchanged and will not be repeated in this correction.

E.O. 12866: This final rule has been determined to be not significant under EO 12866.

Administrative Procedure Act: The AA finds good cause under 5 U.S.C. 553(b)(B) to waive notice and opportunity for public comments as it is unnecessary and contrary to the public interest. In the October 5, 2007, final rule, the **DATES** section correctly reflected the intended effective dates of certain paragraphs of § 229.32. However, due to an inadvertent error, part of the preamble and the regulatory text did not reflect the same effective dates as

published in the **DATES** section. This rule clarifies the discussion in the October 5, 2007 preamble and corrects the regulatory text to reflect the correct effective dates for § 229.32. If this rule were subject to notice and opportunity to comment, the provisions published in the October 5, 2007, final rule would go into effect on the incorrect date. In order to avoid confusion with regard to the effective dates of the relevant provisions, the AA waives the rulemaking requirements for this rule.
