Disability Report—Child—20 CFR 416.912—0960–0577—

Sections 223(d)(5)(A) and 1631(e)(1) of the Social Security Act (Act) require Supplemental Security Income (SSI) claimants to furnish medical and other evidence proving they are disabled. SSA uses Form SSA–3820 to collect various types of information about a child's condition from treatment sources or other medical sources of evidence. State Disability Determination Services evaluators use the information Form SSA–3820 provides to develop medical and school evidence, and to assess the alleged disability. The information, together with medical evidence, forms the evidentiary basis upon which SSA makes its initial disability evaluation. The respondents are claimants seeking SSI childhood disability payments.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minute)	Estimated annual burden (hours)
SSA–3820	500	1	90	750

2. Cost Reimbursable Research Request—20 CFR 401.165—0960-0754. Qualified researchers need SSA administrative data for a variety of projects. To request SSA's program data for research, we require the researcher to submit a completed research application, Form SSA-9901 (How to Request SSA Program Data for Research) for SSA's evaluation. In the application, the requesting researcher provides basic project information and describes the way in which the proposed project will

further SSA's mission to promote the economic security of the Nation's people through its administration of the Old Age, Survivors, and Disability Insurance programs, or the SSI program. SSA reviews the application, and once we approve it, the researcher signs Form SSA-9903, (SSA Agreement Regarding Conditions for Use of SSA Data), which outlines the conditions and safeguards for the research project data exchange. If the researcher uses the data for research and statistical purposes only,

we require them to complete Form SSA-9902, (Confidentiality Agreement). SSA recovers all expenses incurred in providing this information as part of this reimbursable service. The respondents are Federal and State government agencies or their contractors, private entities, and colleges and universities.
