Outboard Marine Corporation, OMC Evinrude Plant Milwaukee, Wisconsin; Notice of Negative Determination Regarding Application for Reconsideration

By application dated March 24, 2000, the United Steelworkers of America (USWA), Local 1302, request administrative reconsideration of the Department's negative determination regarding worker eligibility to apply for TAA. The denial notice applicable to workers of the subject firm located in Milwaukee, Wisconsin, was signed on March 3, 2000 and published in the **Federal Register** on March 17, 2000 (65 14627).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) if it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) if in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

Findings of the initial investigation show that workers of Outboard Marine Corporation, OMC Evinrude Plant, Milwaukee, Wisconsin, producing component parts for outboard motors were denied eligibility to apply for TAA based on the finding that the "contributed importantly" criterion of the worker group eligibility requirements of Section 222 of the Trade Act of 1974, as amended, was not met. Layoffs were attributable to the company's decision to consolidate operations and outsource to U.S. manufacturers.

The USWA, Local 1302, states that OMC has entered into an agreement with Suzuki of Japan for the purchase of marine power products, and provided the number of units to be purchased from that supplier this year. This information was available to the Department during the investigation but not elaborated on in the notice of negative determination. The subject firm did not import, nor were there any scheduled imports, of components like or directly competitive with those produced by workers of the firm.
