

SUMMARY: The Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before November 16, 2009.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Abstract: States wishing to receive funding under the State Independent Living Services (SILS) and Centers for Independent Living (CIL) programs must submit an approvable three-year State Plan for Independent Living (SPIL) to the Rehabilitation Services Administration (RSA). The purpose of these programs is to promote the independent living philosophy—based on consumer control, peer support, self-help, self-determination, equal access and individual and systems advocacy—to maximize the leadership, empowerment, independence and productivity of individuals with significant disabilities and to promote and maximize the integration and full inclusion of individuals with significant disabilities into the mainstream of American society. The SPIL encompasses the activities planned by the State to achieve its specified independent living objectives and reflects the State's commitment to comply with all applicable statutory and regulatory requirements during the three years covered by the plan.

Abstract: Section 4 of the Assistive
Technology (AT) Act of 1998, as
amended, requires states to submit
annual data reports. This instrument
helps the grantees report annual data
related to the required activities
implemented by the State under the AT
Act. This data is used by Rehabilitation
Services Administration (RSA) in order
to prepare required annual reports to
Congress. RSA calls this data collection
an Annual Progress Report.
