Please submit all comments by the end of the 30-day comment period.

SUPPLEMENTARY INFORMATION: MARFORRES (Energy Office) has completed a Draft PEA for the development and operation of small-scale wind energy projects at USMC CONUS facilities. The USMC has previously identified the subset of facilities at which wind is the most readily available and economically feasible renewable energy source and which may be included in their wind energy program, therefore, this Draft PEA does not consider other forms of renewable energy.

The purpose of the proposed action is to reduce dependency on fossil fuels and increase energy security and efficiency through development of small-scale wind energy projects at USMC CONUS facilities. The proposed action would enable MARFORRES to achieve specific goals regarding energy production and usage set by Executive Orders, legislative acts, and Federal agencies.

The Draft PEA evaluates the potential environmental impacts of constructing and operating small-scale wind energy facilities, with the number and sizes of turbines for each facility ranging from one to four and from 0.1 MW to 2.5 MW respectively. Under the No Action Alternative, the USMC would not pursue the development and operation of small-scale wind energy projects at USMC CONUS facilities.

Environmental resources addressed in the Draft PEA include land use; noise; geological resources; water resources; biological resources; cultural resources; visual resources; socioeconomic; air quality; utilities; airspace; health and safety; hazardous materials; and transportation. The Draft PEA also analyzes cumulative impacts from other past, present, and reasonably foreseeable future actions.

Schedule: NOA of the Draft PEA will be published in the **Federal Register**. This notice initiates the 30-day public comment period for the Draft PEA. If the Draft PEA determines a more thorough analysis is necessary, then the USMC will prepare an Environmental Impact

Statement (EIS). If additional analysis is not necessary, the USMC will issue a Finding of No Significant Impact (FONSI). The USMC intends to issue the Final PEA no later than February 2011, at which time a NOA of the FONSI or Notice of Intent (NOI) to prepare an EIS will be published.

Dated: January 25, 2011.
