

comments we received on these documents.

FDA received four comments on these two documents, three from food industry associations and one from an organization representing several foreign governments. Three of the comments supported the draft CPG and draft supporting document and did not raise any questions.

The fourth comment posed three questions about the action level and the safety assessment described in the draft supporting document. FDA has considered these questions and has responded to them in the revised supporting document.

II. Significance of Guidance

This CPG is being issued as guidance consistent with FDA's good guidance practices regulation in 21 CFR 10.115. The CPG represents the agency's current thinking on its enforcement process concerning the adulteration of apple juice, apple juice concentrates, and apple juice products with patulin. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statute and regulations.

III. Comments

Interested persons may, at any time, submit to the Docket Management Branch (address above) written or electronic comments concerning the CPG entitled "Apple Juice, Apple Juice Concentrates, and Apple Juice Products—Adulteration with Patulin" or the final supporting document. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this

document. Comments also may be submitted electronically. A copy of the CPG and the final supporting document and received comments are available for public examination in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

IV. Electronic Access

Persons with access to the Internet may obtain the CPG at <http://www.fda.gov/ora> under "Compliance References." The supporting document may be accessed at <http://www.cfsan.fda.gov> under the heading "How to Obtain FDA Food & Cosmetic Guidance Documents."

Agency Information Collection Activities: Proposed Collection: Comment Request

In compliance with the requirement for opportunity for public comment on proposed data collection projects (section 3506(c)(2)(A) of Title 44, United States Code, as amended by the Paperwork Reduction Act of 1995, Public Law 104-13), the Health Resources and Services Administration (HRSA) publishes periodic summaries of proposed projects being developed for submission to OMB under the Paperwork Reduction Act of 1995. To request more information on the proposed project or to obtain a copy of the data collection plans and draft

instruments, call the HRSA Reports Clearance Officer on (301) 443-1129.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: The National Health Service Corps Uniform Data System (OMB No. 0915-0232): Extension

The National Health Service Corps (NHSC) of the Bureau of Health Professions (BHPr), Health Resources and Services Administration (HRSA), is committed to improving the health of the Nation's underserved by uniting communities in need with caring health professionals and by supporting communities' efforts to build better systems of care.

The NHSC needs to collect data on its programs to ensure compliance with legislative mandates and to report to Congress and policymakers on program accomplishments. To meet these objectives, the NHSC requires a core set of information collected annually that is appropriate for monitoring and evaluating performance and reporting on annual trends. The following information will be collected from each site: services offered and delivery method; users by various characteristics; staffing and utilization; charges and collections; receivables, income, and expenses; and managed care.

The estimated burden is as follows:

Type of report	Number of respondents	Responses per respondent	Hours per response	Total burden hours
Universal Report	620	1	27	16,740

Send comments to Susan G. Queen, Ph.D., HRSA Reports Clearance Officer, Room 14-22, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: October 25, 2001.

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA)

publishes abstracts of information collection requests under review by the Office of Management and Budget, in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301) 443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: State-by-State Self Assessment of Trauma Care Systems—(NEW)

The Health Resources and Services Administration (HRSA) proposes to

collect baseline data from the 56 States and Territories on their current trauma care systems and self-identified unmet needs to achieve minimum standards for a comprehensive statewide trauma care program. This information will be used to establish a national strategy to assist in future grant opportunities to the States to improve or enhance their basic systems infrastructure in trauma care. The survey includes an assessment of trauma care systems, readiness to participate in disaster relief efforts, and infrastructure development needs. HRSA's Maternal and Child Health Bureau (MCHB) and the Office of Rural Health Policy and the Department of Transportation's Emergency Medical

Services Division are jointly administering this project. HRSA has included national performance measures for Trauma/EMS for this project in accordance with the requirements of the "Government Performance and Results Act (GPRA) of 1993" (Public Law 103-62). This act requires the establishment of measurable goals for Federal programs that can be reported as part of the budgetary process, thus linking funding decisions with performance.

The estimated response burden is as follows:

Type of form	Number of respondents	Responses per respondent	Burden hour per response	Total burden hours
Trauma Survey	54	1	9	486
Analysis	54	1	1	54
Disaster Module	54	1	9	486
Total	54	3		1026

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: John Morrall, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: October 25, 2001.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Availability of Draft Comprehensive Conservation Plan and Environmental Assessment for Seedskadee National Wildlife Refuge, Green River, WY

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of Availability.

SUMMARY: Pursuant to the Refuge Improvement Act of 1997, the U.S. Fish and Wildlife Service has published the Draft Seedskadee National Wildlife Refuge Comprehensive Conservation Plan and Environmental Assessment. This Plan describes how the FWS intends to manage the Seedskadee NWR for the next 10 to 15 years.

DATES: Submit written comments by November 30, 2001. All comments need to be addressed to: Carol Damberg, Refuge Manager, U.S. Fish and Wildlife Service, Seedskadee National Wildlife Refuge, P.O. Box 700, Green River, WY 82935

ADDRESSES: A copy of the Draft Plan may be obtained by writing to U.S. Fish and Wildlife Service, Seedskadee NWR, P.O. Box 700, Green River, WY 82935 or from <http://www.r6.fws.gov/larp/>.

FOR FURTHER INFORMATION CONTACT: Carol Damberg, U.S. Fish and Wildlife Service, Seedskadee NWR, P.O. Box 700, Green River, WY 82935, phone 307/875-2187; fax 307/875-4425; E-Mail: carol_damberg@fws.gov.

SUPPLEMENTARY INFORMATION: The 26,382-acre Seedskadee National Wildlife Refuge is located within the Central Flyway, the Upper Colorado River Ecosystem, and the Green River Basin in southwestern Wyoming, about 37 miles northwest of the city of Green River, WY. Seedskadee NWR was established in 1965 through the Colorado River Storage Project Act of 1956. Section 8 of this Act provided for the establishment of wildlife habitat development areas to offset the loss of wildlife habitat resulting from reservoir development in the Colorado River Drainage. The Seedskadee Reclamation Act of 1958 specifically authorized acquisition of lands for Seedskadee NWR. Seedskadee NWR's purpose is defined by two pieces of Federal enabling legislation. The principal

purpose of Seedskadee NWR is to provide for the conservation, maintenance, and management of wildlife resources and its habitat including the development and improvement of such wildlife resources (Fish and Wildlife Coordination Act 16 U.S.C. 664). Additionally, the Refuge is charged to protect the scenery, cultural resources, and other natural resources and provide for public use and enjoyment of compatible wildlife-dependent activities (Colorado River Storage Act 43 U.S.C. 620g). Besides these, the 35th legislature of the State of Wyoming passed enrolled Act No. 54 in 1959 "providing consent of the State of Wyoming to the acquisition by the United States where approved by the Wyoming Game and Fish Commission and the State Land Board, of lands for the establishment of migratory bird refuges." All efforts leading to the preparation of this draft CCP were undertaken to provide the Refuge with a vision for the future, guidelines for wildlife and habitat management over the next 15 years to ensure progress is made toward attaining the mission and goals of Seedskadee NWR and the Refuge System, and to comply with Congressional mandates stated in the National Wildlife Refuge System Improvement Act of 1997. The CCP will be used to prepare step-down management plans and revise existing plans. It also will be used to prepare budgets which describe specific actions to be taken by the Refuge over the next
