ESTIMATED COSTS UNDER THE NPRM—Continued

As stated above, the final rule implementing the early warning reporting requirements may be issued before the end of the 60-day comment period for this collection of information. If this should occur, it would be helpful if the public comments in response to this notice reflect the requirements adopted in the final rule. All comments will be taken into account in NHTSA's Supporting Statement to OMB (that accompanies OMB Form 83–I) to request clearance for this collection of information.

Authority: 44 U.S.C. 3506(c); delegations of authority at 49 CFR 1.50 and 501.3(c).

Issued on: June 19, 2002.

Kenneth N. Weinstein.

Associate Administrator for Safety Assurance.

[Docket No. NHTSA 2002-12528; Notice 1]

Uniroyal Goodrich Tire Manufacturing, Receipt of Application for Decision of Inconsequential Noncompliance

Uniroyal Goodrich Tire Manufacturing (Uniroyal) has determined that approximately 3,023 P235/70R16 BFGoodrich Radial Long Trail do not meet the labeling requirements mandated by Federal Motor Vehicle Safety Standard (FMVSS) No. 109, "New Pneumatic Tires."

Pursuant to 49 U.S.C. 30118(d) and 30120(h), Uniroyal has petitioned for a determination that this noncompliance is inconsequential to motor vehicle safety and has filed an appropriate report pursuant to 49 CFR part 573, "Defect and Noncompliance Reports."

This notice of receipt of an application is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or other exercise of judgment concerning the merits of the application.

During the period of the 8th through the 10th and the 12th through the 14th weeks of 2002, the Ardmore, Oklahoma plant of Uniroyal GoodrichTire Manufacturing produced and cured a number of tires with erroneous marking.

FMVSS No. 109 (S4.3(d)) requires that each tire shall have permanently molded the generic name of each cord material used in the plies (both sidewall and tread area) of the tire. (S4.3(e)) requires that each tire shall have permanently molded into or onto both sidewalls the actual number of plies in the sidewall, and the actual number of plies in the tread area if different.

The noncompliance with S4.3(d) and (e) relates to the mold number. The tires were marked: Tread Plies: 2 Polyester + 2 Steel + 1 Nylon, instead of the required marking of: Tread Plies: 2 Polyester +2 Steel.

Uniroyal states that of the total (3,023) tires produced, 1,460 have been isolated and will be brought into compliance or scrapped. Uniroyal does not believe that this marking error will impact motor vehicle safety because the tires meet all applicable Federal Motor Vehicle Safety performance standards, conform to the original specifications, and the noncompliance is one solely of labeling.

Interested persons are invited to submit written data, views, and arguments on the application described above. Comments should refer to the docket number and be submitted to: U.S. Department of Transportation, Docket Management, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590. It is requested that two copies be submitted.

All comments received before the close of business on the closing date indicated below will be considered. The application and supporting materials, and all comments received after the closing date, will also be filed and will be considered to the extent possible. When the application is granted or denied, the notice will be published in the **Federal Register** pursuant to the authority indicated below. Comment closing date: (30 days after Publication Date).

(49 U.S.C. 301118, 301120; delegations of authority at 49 CFR 1.50 and 501.8) Issued on: June 20, 2002.

Stephen R. Kratzke,

Associate Administrator for Safety Performance Standards.

Research and Special Programs Administration

Office of Hazardous Materials Safety; Notice of Applications for Exemptions

AGENCY: Research and Special Programs Administration, DOT.

ACTION: List of applicants for exemptions.

SUMMARY: In accordance with the procedures governing the application for, and the processing of, exemptions from the Department of Transportation's Hazardous Materials Regulations (49 CFR part 107, subpart B), notice is hereby given that the Office of Hazardous Materials Safety has received the applications described herein. Each mode of transportation for which a particular exemption is requested is indicated by a number in the "Nature of Application" portion of the table below as follows: 1—Motor Vehicle, 2—Rail freight, 3—Cargo vessel, 4—Cargo aircraft only, 5—Passenger-carrying aircraft.

DATES: Comments must be received on or before July 25, 2002.

ADDRESS COMMENTS TO: Records Center, Research, and Special Programs, Administration, U.S. Department of Transportation, Washington, DC 20590.

Comments should refer to the application number and be submitted in triplicate. If confirmation of receipt of comments is desired, include a self-addressed stamped postcard showing the exemption application number.

FOR FURTHER INFORMATION: Copies of the applications (*See* Docket Number) are available for inspection at the New Docket Management Facility, PL-401, at

the U.S. Department of Transportation, Nassif Building, 400 7th Street, SW., Washington, DC 20590 or at http:// dms.dot.gov. This notice of receipt of applications for new exemptions is published in accordance with Part 107 of the Federal hazardous materials transportation law (49 U.S.C. 5117(b); 49 CFR 1.53(b)).

Dated: Issued in Washington, DC, on June 18, 2002.

R. Ryan Posten,

Exemptions Program Officer, Office of Hazardous Materials, Exemptions and Approvals.

NEW EXEMPTIONS

Application No.	Docket No.	Applicant	Regulation(s) affected	Nature of exemption thereof
13021–N	RSPA-02-12446	Eastman Kodak Company, Rochester, NY.	49 CFR 171.11, 171.12, Part 172, Part 173 subpart B&E.	To authorize the transportation in commerce of machinery containing small quantities of Class 3 hazardous materials without hazard communication or required packaging. (modes 1, 2, 3, 4)
13023–N	RSPA-02-12448	Energy Conversion Devices, Inc., Troy, MI.	49 CFR 173.187	To authorize the one-time transportation in commerce of one overpack containing a specially designed device containing a Division 4.2 material that exceeds the maximum quantity limitations. (mode 1)
13024–N	RSPA-02-12449	Sybron Dental Specialties Inc., Orange, CA.	49 CFR 171.8, 172.101—App. A.	To authorize the transportation in commerce of specially designed packagings containing metallic mercury, Class 8 in package quantities exceeding one pound with the prescribed marking and labelling. (modes 1, 2, 3, 4)
13026–N	RSPA-02-12444	Sun Nuclear Corp, Mel- bourne, FL.	49 CFR 173.302 (a)(1), 173.34(d).	To authorize the transportation in commerce of Division 2.2 material in a non-DOT specification container. (modes 1, 2, 3, 4)
13027–N	RSPA-02-12451	Hernco Fabrication & Services, Midland, TX.	49 CFR 173.241, 173.242	To authorize the manufacture, mark, sale and use of a packaging consisting of manifolded non-DOT specification tanks for use in transporting certain Class 3 and Class 8 hazardous materials. (mode 1)
13028–N	RSPA-02-12452	Matheson Tri-Gas, East Rutherford, NJ.	49 CFR 173.301(j), 173.34(d)	To authorize the transportation in commerce of non-DOT specification cylinders for export containing various compressed gases without pressure relief devices. (modes 1, 3)
13029–N	RSPA-02-12445	Chromatography Research Supplies, Inc., Louisville, KY.	49 CFR 173.4	To authorize the transportation of a non-DOT specification inner receptable containing up to 2000 grams of a Division 2.2 material as a small quantity under Section 173.4. (modes 1, 4, 5)
13034–N		ATK-Ammunition Accessories, Inc., Lewiston, ID.	49 CFR 173.24(c), 173.54(a), 173.62.	To authorize the transportation in commerce of explosive components, Division 1.4S in specially designed packaging. (mode 1)

DEPARTMENT OF TRANSPORTATION

Research and Special Programs Administration

Office of Hazardous Materials Safety; Notice of Applications for Modification of Exemption

AGENCY: Research and Special Program Administration, DOT.

ACTION: List of applications for modification of exemptions.

SUMMARY: In accordance with the procedures governing the application for, and the processing of, exemptions from the Department of Transportation's Hazardous Materials Regulations (49

CFR part 107, subpart B), notice is hereby given that the Office of Hazardous Materials Safety has received the applications described herein. This notice is abbreviated to expedite docketing and public notice. Because the sections affected, modes of transportation, and the nature of application have been shown in earlier Federal Register publications, they are not repeated here. Requests for modifications of exemptions (e.g. to provide for additional hazardous materials, packaging design changes, additional mode of transportation, etc.) are described in footnotes to the application number. Application numbers with the suffix "M" denote a modification request. These applications have been separated from the new applications for exemptions to facilitate processing.

DATES: Comments must be received on or before July 10, 2002.

ADDRESSES: Records Center, Research and Special Programs, Administration, U.S. Department of Transportation, Washington, DC 20590.

Comments should refer to the application number and be submitted in triplicate. If confirmation of receipt of comments is desired, include a self-addressed stamped postcard showing the exemption number.

FOR FURTHER INFORMATION CONTACT:

Copies of the applications are available for inspection in the Records Center, Nassif Building, 400 7th Street SW., Washington, DC or at http://dms.dot.gov.
