

entry of subject merchandise equal to the rates noted below. These instructions suspending liquidation will remain in effect until further notice.

Korea:

Exporter/producer	Subsidy rate (ad valorem)
ILJIN Steel Corporation	1.78
All Others	1.78

Russia:

Exporter/producer	Subsidy rate (ad valorem)
PAO TMK/Volzhsky Pipe Plant Joint Stock Company ⁴	48.38
All Others	48.38

Provisional Measures

Section 703(d) of the Act states that instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months. In the underlying investigations, Commerce published the preliminary determinations on December 11, 2020. As such, the four-month period beginning on the date of the publication of the preliminary determinations ended on April 9, 2021. Furthermore, section 707(b) of the Act states that definitive duties are to begin on the date of publication of the ITC's final injury determination. Therefore, in accordance with section 703(d) of the Act, we have instructed CBP to discontinue the suspension of liquidation and to liquidate, without regard to countervailing duties, unliquidated entries of seamless pipe from Korea and Russia, entered, or withdrawn from warehouse, for consumption, on or after April 10, 2021, the day after provisional measures expired, until and through the day preceding the date of publication of the ITC's final injury determination in the **Federal Register**. Suspension of liquidation will resume on the date of publication of the ITC's final determination in the **Federal Register**.

Notification to Interested Parties

This notice constitutes the CVD orders with respect to seamless pipe from Korea and Russia, pursuant to

section 706(a) of the Act. Interested parties can find a list of CVD orders currently in effect at <http://enforcement.trade.gov/stats/iastats1.html>.

These CVD orders are issued and published in accordance with section 706(a) of the Act and 19 CFR 351.211(b).

Dated: August 18, 2021.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations.

Appendix—Scope of the Orders

The merchandise covered by the scope of these orders is seamless carbon and alloy steel (other than stainless steel) pipes and redraw hollows, less than or equal to 16 inches (406.4 mm) in nominal outside diameter, regardless of wall-thickness, manufacturing process (e.g., hot-finished or cold-drawn), end finish (e.g., plain end, beveled end, upset end, threaded, or threaded and coupled), of surface finish (e.g., bare, lacquered or coated). Redraw hollows are any unfinished carbon or alloy steel (other than stainless steel) pipe or “hollow profiles” suitable for cold finishing operations, such as cold drawing, to meet the American Society for Testing and Materials (ASTM) or American Petroleum Institute (API) specifications referenced below, or comparable specifications. Specifically included within the scope are seamless carbon alloy steel (other than stainless steel) standard, line, and pressure pipes produced to the ASTM A-53, ASTM A-106, ASTM A-333, ASTM A-334, ASTM A-589, ASTM A-795, ASTM A-1024, and API 51 specification, or comparable specifications, and meeting the physical parameters described above, regardless of application, with the exception of the exclusions discussed below.

Specifically excluded from the scope of the orders are: (1) All pipes meeting aerospace, hydraulic, and bearing tubing specifications, including pipe produced to the ASTM A-822 standard; (2) all pipes meeting the chemical requirements of ASTM A-335, whether finished or unfinished; and (3) unattached couplings. Also excluded from the scope of the orders are all mechanical, boiler, condenser and heat exchange tubing, except when such products conform to the dimensional requirements, *i.e.*, outside diameter and wall thickness, or ASTM A-53, ASTM A-106 or API 51 specification. Also excluded from the scope of the orders are: (1) Oil country tubular goods consisting of drill pipe, casing, tubing and coupling stock; (2) all pipes meeting the chemical requirements of ASTM A-53, ASTM A-106 or API 5L; and (3) the exclusion for ASTM A-335 applies to pipes meeting the comparable specifications GOST 550-75.

Subject seamless standard, line, and pressure pipe are normally entered under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7304.19.1020, 7304.19.1030, 7304.19.1045, 7304.19.1060, 7304.19.5020, 7304.19.5050, 7304.31.6050, 7304.39.0016, 7304.39.0020, 7304.39.0024, 7304.39.0028, 7304.39.0032, 7304.39.0036,

7304.39.0040, 7304.39.0044, 7304.39.0048, 7304.39.0052, 7304.39.0056, 7304.39.0062, 7304.39.0068, 7304.39.0072, 7304.51.5005, 7304.51.5060, 7304.59.6000, 7304.59.8010, 7304.59.8015, 7304.59.8020, 7304.59.8025, 7304.59.8030, 7304.59.8035, 7304.59.8040, 7304.59.8045, 7304.59.8050, 7304.59.8055, 7304.59.8060, 7304.59.8065, and 7304.59.8070. The HTSUS subheadings and specifications are provided for convenience and customs purposes; the written description of the scope is dispositive.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XB278]

Schedules for Atlantic Shark Identification Workshops and Protected Species Safe Handling, Release, and Identification Workshops

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public workshops.

SUMMARY: Free Atlantic Shark Identification Workshops and Safe Handling, Release, and Identification Workshops will be held in October, November, and December of 2021. Certain fishermen and shark dealers are required to attend a workshop to meet regulatory requirements and to maintain valid permits. Specifically, the Atlantic Shark Identification Workshop is mandatory for all federally permitted Atlantic shark dealers. The Safe Handling, Release, and Identification Workshop is mandatory for vessel owners and operators who use bottom longline, pelagic longline, or gillnet gear, and who have also been issued shark or swordfish limited access permits. Additional free workshops will be conducted during 2022 and will be announced in a future notice. In addition, NMFS anticipates the implementation of online recertification workshops beginning in the fall of 2021 for persons who have already taken in-person training. Affected permit holders will be notified of this option when it becomes available.

DATES: The Atlantic Shark Identification Workshops will be held on October 7, November 18, and December 9, 2021. The Safe Handling, Release, and Identification Workshops will be held on October 13, October 26, November 2, November 9, December 2, and December 30, 2021. See **SUPPLEMENTARY INFORMATION** for further details.

⁴ Commerce found the following companies to be cross-owned with PAO TMK and Volzhsky Pipe Plant Joint Stock Company: Sinarsky Pipe Plant; Taganrog Metallurgical Plant Joint Stock Company; Sinarsky Pipe Plant Joint Stock Company; Seversky Pipe Plant Joint Stock Company; TMK CHERMET LLC; TMK CHERMET LLC Volzhsky; TMK CHERMET LLC Ekaterinburg; TMK CHERMET LLC Rostov; TMK CHERMET LLC Saratov; and TMK CHERMET LLC Service. See *Russia Preliminary Determination PDM* at 2-3 and 9-10.

ADDRESSES: The Atlantic Shark Identification Workshops will be held in Harvey, LA; Mount Pleasant, SC; and Largo, FL. The Safe Handling, Release, and Identification Workshops will be held in Ocean City, MD; Largo, FL; Revere, MA; Kitty Hawk, NC; Kenner, LA; and Key Largo, FL. See

SUPPLEMENTARY INFORMATION for further details on workshop locations.

FOR FURTHER INFORMATION CONTACT: Rick Pearson by phone: (727) 824-5399, or by email at rick.a.pearson@noaa.gov.

SUPPLEMENTARY INFORMATION: Atlantic highly migratory species (HMS) fisheries are managed under the authority of the Atlantic Tunas Convention Act (16 U.S.C. 971 *et seq.*) and the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*). The 2006 Consolidated Atlantic HMS Fishery Management Plan and its amendments are implemented by regulations at 50 CFR part 635. Section 635.8 describes the requirements for the Atlantic Shark Identification Workshops and Safe Handling, Release, and Identification Workshops. The workshop schedules, registration information, and a list of frequently asked questions regarding the Atlantic Shark Identification and Safe Handling, Release, and Identification workshops are posted online at: <https://www.fisheries.noaa.gov/atlantic-highly-migratory-species/atlantic-shark-identification-workshops> and <https://www.fisheries.noaa.gov/atlantic-highly-migratory-species/safe-handling-release-and-identification-workshops>.

Atlantic Shark Identification Workshops

Since January 1, 2008, Atlantic shark dealers have been prohibited from receiving, purchasing, trading, or bartering for Atlantic sharks unless a valid Atlantic Shark Identification Workshop certificate is on the premises of each business listed under the shark dealer permit that first receives Atlantic sharks (71 FR 58057; October 2, 2006). Dealers who attend and successfully complete a workshop are issued a certificate for each place of business that is permitted to receive sharks. These certificate(s) are valid for 3 years. Thus, certificates that were initially issued in 2018 will expire in 2021. Approximately 186 free Atlantic Shark Identification Workshops have been conducted since October 2008.

Currently, permitted dealers may send a proxy to an Atlantic Shark Identification Workshop. However, if a dealer opts to send a proxy, the dealer must designate a proxy for each place of business covered by the dealer's permit

that first receives Atlantic sharks. Only one certificate will be issued to each proxy. A proxy must be a person who is currently employed by a place of business covered by the dealer's permit; is a primary participant in the identification, weighing, and/or first receipt of fish as they are offloaded from a vessel; and who fills out dealer reports. Atlantic shark dealers are prohibited from renewing a Federal shark dealer permit unless a valid Atlantic Shark Identification Workshop certificate for each business location that first receives Atlantic sharks has been submitted with the permit renewal application. Additionally, a copy of a valid dealer or proxy Atlantic Shark Identification Workshop certificate must be in any trucks or other conveyances that are extensions of a dealer's place of business.

Workshop Dates, Times, and Locations

1. October 7, 2021, 12 p.m.–4 p.m., Hampton Inn, 1651 5th Street, Harvey, LA 70058.
2. November 18, 2021, 12 p.m.–4 p.m., Hampton Inn, 1104 Isle of Palms Connector, Mount Pleasant, SC 29464.
3. December 9, 2021, 12 p.m.–4 p.m., Hampton Inn, 100 East Bay Drive, Largo, FL 33770.

Registration

To register for a scheduled Atlantic Shark Identification Workshop, please contact Eric Sander at ericssharkguide@yahoo.com or at (386) 852-8588. Pre-registration is highly recommended, but not required.

Registration Materials

To ensure that workshop certificates are linked to the correct permits, participants will need to bring the following specific items to the workshop:

- Atlantic shark dealer permit holders must bring proof that the attendee is an owner or agent of the business (such as articles of incorporation), a copy of the applicable permit, and proof of identification.
- Atlantic shark dealer proxies must bring documentation from the permitted dealer acknowledging that the proxy is attending the workshop on behalf of the permitted Atlantic shark dealer for a specific business location, a copy of the appropriate valid permit, and proof of identification.

Workshop Objectives

The Atlantic Shark Identification Workshops are designed to reduce the number of unknown and improperly identified sharks reported in the dealer reporting form and increase the

accuracy of species-specific dealer-reported information. Reducing the number of unknown and improperly identified sharks will improve quota monitoring and the data used in stock assessments. These workshops will train shark dealer permit holders or their proxies to properly identify Atlantic shark carcasses.

Safe Handling, Release, and Identification Workshops

Since January 1, 2007, shark limited-access and swordfish limited-access permit holders who fish with longline or gillnet gear have been required to submit a copy of their Safe Handling, Release, and Identification Workshop certificate in order to renew either permit (71 FR 58057; October 2, 2006). These certificate(s) are valid for 3 years. Certificates issued in 2018 will expire in 2021. As such, vessel owners who have not already attended a workshop and received a NMFS certificate, or vessel owners whose certificate(s) will expire prior to the next permit renewal, must attend a workshop to fish with, or renew, their swordfish and shark limited-access permits. Additionally, new shark and swordfish limited-access permit applicants who intend to fish with longline or gillnet gear must attend a Safe Handling, Release, and Identification Workshop and submit a copy of their workshop certificate before either of the permits will be issued. Approximately 382 free Safe Handling, Release, and Identification Workshops have been conducted since 2006.

In addition to vessel owners, at least one operator on board vessels issued a limited-access swordfish or shark permit that uses longline or gillnet gear is required to attend a Safe Handling, Release, and Identification Workshop and receive a certificate. Vessels that have been issued a limited-access swordfish or shark permit and that use longline or gillnet gear may not fish unless both the vessel owner and operator have valid workshop certificates onboard at all times. Vessel operators who have not already attended a workshop and received a NMFS certificate, or vessel operators whose certificate(s) will expire prior to their next fishing trip, must attend a workshop to operate a vessel with swordfish and shark limited-access permits on which longline or gillnet gear is used.

Workshop Dates, Times, and Locations

1. October 13, 2021, 9 a.m.–5 p.m., Residence Inn, 300 Seabay Lane, Ocean City, MD 21842.

2. October 26, 2021, 9 a.m.–5 p.m., Holiday Inn Express, 210 Seminole Boulevard, Largo, FL 33770.

3. November 2, 2021, 9 a.m.–5 p.m., Hampton Inn, 230 Lee Burbank Highway, Revere, MA, 02151.

4. November 9, 2021, 9 a.m.–5 p.m., Hilton Garden Inn, 5353 North Virginia Dare Trail, Kitty Hawk, NC 27949.

5. December 2, 2021, 9 a.m.–5 p.m., Hilton Hotel, 901 Airline Drive, Kenner, LA 70062.

6. December 30, 2021, 9 a.m.–5 p.m., Holiday Inn, 99701 Overseas Highway, Key Largo, FL 33037.

Registration

To register for a scheduled Safe Handling, Release, and Identification Workshop, please contact Angler Conservation Education at (386) 682–0158. Pre-registration is highly recommended, but not required.

Registration Materials

To ensure that workshop certificates are linked to the correct permits, participants will need to bring the following specific items with them to the workshop:

- Individual vessel owners must bring a copy of the appropriate swordfish and/or shark permit(s), a copy of the vessel registration or documentation, and proof of identification;
- Representatives of a business-owned or co-owned vessel must bring proof that the individual is an agent of the business (such as articles of incorporation), a copy of the applicable swordfish and/or shark permit(s), and proof of identification; and
- Vessel operators must bring proof of identification.

Workshop Objectives

The Safe Handling, Release, and Identification Workshops are designed to teach longline and gillnet fishermen the required techniques for the safe handling and release of entangled and/or hooked protected species, such as sea turtles, marine mammals, smalltooth sawfish, Atlantic sturgeon, and prohibited sharks. In an effort to improve reporting, the proper identification of protected species and prohibited sharks will also be taught at these workshops. Additionally, individuals attending these workshops will gain a better understanding of the requirements for participating in these fisheries. The overall goal of these workshops is to provide participants with the skills needed to reduce the mortality of protected species and prohibited sharks, which may prevent

additional regulations on these fisheries in the future.

Online Recertification Workshops

NMFS anticipates the implementation of online recertification workshops beginning in the fall of 2021 for persons who have already taken in-person training. Affected permit holders will be notified of this option when it becomes available.

[RTID 0648–XB343]

South Atlantic Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meetings of the South Atlantic Fishery Management Council.

SUMMARY: The South Atlantic Fishery Management Council (Council) will hold meetings of the following: Snapper Grouper Committee; Dolphin Wahoo Committee; Mackerel Cobia Committee; and Habitat and Ecosystem-Based Management Committee. The meeting week will also include a formal public comment session and a meeting of the Full Council.

DATES: The Council meeting will be held from 1 p.m. on Monday, September 13, 2021, until 12 p.m. on Friday, September 17, 2021. See **SUPPLEMENTARY INFORMATION** for specific dates and times.

ADDRESSES: *Meeting address:* The meeting will be held at the Town and Country Inn, 2008 Savannah Highway, Charleston, SC 29407; phone: (884) 201–3033. The meeting will also be available via webinar. Registration is required. Details are included in **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Officer, SAFMC; phone: (843) 302–8440 or toll free: (866) SAFMC–10; fax: (843) 769–4520; email: kim.iverson@safmc.net.

SUPPLEMENTARY INFORMATION: Meeting information, including agendas,

overviews, and briefing book materials will be posted on the Council's website at: <http://safmc.net/safmc-meetings/council-meetings/>. Webinar registration links for the meeting will also be available from the Council's website.

Public comment: Public comment on items on this agenda may be submitted through the Council's online comment form available from the Council's website at: <http://safmc.net/safmc-meetings/council-meetings/>. Comments will be accepted from August 30, 2021, until September 17, 2021. These comments are accessible to the public, part of the Administrative Record of the meeting, and immediately available for Council consideration.

The items of discussion in the individual meeting agendas are as follows:

Council Session I, Monday, September 13, 2021, 1 p.m. Until 5:30 p.m.

The Council will receive reports from state agencies, Council liaisons, NOAA Office of Law Enforcement, and the U.S. Coast Guard. The Council will receive updates on the Council's Citizen Science Program, outreach and communications efforts, development of the Allocations Decision Tool, the Acceptable Biological Catch (ABC) Control Rule, the Atlantic Large Whale Take Reduction Plan, and additional topics as needed.

Snapper Grouper Committee, Tuesday, September 14, 2021, 8:30 a.m. Until 5:30 p.m. and Wednesday, September 15, 2021, 8:30 a.m. Until 12 p.m.

The Committee will receive an overview of the current two-for-one permit requirement for the South Atlantic Unlimited Snapper Grouper Commercial Fishing Permit and review comments from the Snapper Grouper Advisory Panel (AP). The committee will also receive an overview proposed modifications to greater amberjack management through Amendment 49 to the Snapper Grouper Fishery Management Plan (FMP) and review recommendations from the Snapper Grouper AP. The Committee will review recommendations from the Snapper Grouper AP on proposed management measures for snowy grouper through Snapper Grouper Amendment 51 and consider approving the amendment for public scoping. Snapper Grouper Amendment 44 addressing yellowtail snapper management measures will also be reviewed and considered for scoping approval.

The Committee will review recommendations from its Scientific and Statistical Committee regarding red snapper management and review an
