**Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Order Instituting Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change To List and Trade Shares of the Wise Origin Bitcoin Trust Under BZX Rule 14.11(e)(4), Commodity-Based Trust Shares**

August 23, 2021.

On May 10, 2021, Cboe BZX Exchange, Inc. ("BZX" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> a proposed rule change to list and trade shares ("Shares") of the Wise Origin Bitcoin Trust ("Trust") under BZX Rule

14.11(e)(4), Commodity-Based Trust Shares. The proposed rule change was published for comment in the **Federal Register** on June 1, 2021.<sup>3</sup>

On July 13, 2021, pursuant to Section 19(b)(2) of the Act,<sup>4</sup> the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.<sup>5</sup> This order institutes proceedings under Section 19(b)(2)(B) of the Act<sup>6</sup> to determine whether to approve or disapprove the proposed rule change.

**I. Summary of the Proposal**

As described in more detail in the Notice,<sup>7</sup> the Exchange proposes to list and trade the Shares of the Trust under BZX Rule 14.11(e)(4), which governs the listing and trading of Commodity-Based Trust Shares on the Exchange.

The investment objective of the Trust would be to seek to track the performance of bitcoin, as measured by the Fidelity Bitcoin Index PR ("Index"), adjusted for the Trust's expenses and other liabilities.<sup>8</sup> Each Share will represent a fractional undivided beneficial interest in and ownership of the Trust. The Trust's assets will consist of bitcoin held by the Custodian on behalf of the Trust. The Trust generally does not intend to hold cash or cash equivalents. However, there may be situations where the Trust will

<sup>5</sup> See Securities Exchange Act Release No. 92388 (July 13, 2021), 86 FR 38163 (July 19, 2021). The Commission designated August 30, 2021, as the date by which it should approve, disapprove, or institute proceedings to determine whether to disapprove the proposed rule change.

<sup>8</sup> FD Funds Management LLC ("Sponsor") is the sponsor of the Trust, Delaware Trust Company is the trustee, and Fidelity Service Company, Inc. will be the administrator ("Administrator"). A third-party transfer agent will facilitate the issuance and redemption of Shares of the Trust, respond to correspondence by Trust shareholders and others relating to its duties, maintain shareholder accounts, and make periodic reports to the Trust. An affiliate of the Sponsor, Fidelity Distributors Corporation, will be the marketing agent in connection with the creation and redemption of "baskets" of Shares, and the Sponsor will provide assistance in the marketing of the Shares. Fidelity Digital Asset Services, LLC will serve as the Trust's custodian ("Custodian"). The Index methodology was developed by Fidelity Product Services, LLC and is administered by the Fidelity Index Committee. Coin Metrics, Inc. is the third-party calculation agent for the Index. The Sponsor's affiliates have an ownership interest in Coin Metrics, Inc. See *id.* at 29321, 29327 n.57, 29328-29.

unexpectedly hold cash on a temporary basis.<sup>9</sup>

In seeking to achieve its investment objective, the Trust will hold bitcoin and will value its Shares daily as of 4:00 p.m. E.T. using the same methodology used to calculate the Index. The Index is designed to reflect the performance of bitcoin in U.S. dollars. The Index is calculated using bitcoin price feeds from eligible bitcoin spot platforms. The current platform composition of the Index is Bitstamp, Coinbase, Gemini, itBit and Kraken. The Index market value is the volume-weighted median price of bitcoin in U.S. dollars over the previous five minutes, which is calculated by (1) ordering all individual transactions on eligible spot platforms over the previous five minutes by price, and then (2) selecting the price associated with the 50th percentile of total volume.<sup>10</sup>

The Net Asset Value (“NAV”) of the Trust means the total assets of the Trust including, but not limited to, all bitcoin and cash, if any, less total liabilities of the Trust, each determined on the basis of generally accepted accounting principles. The NAV of the Trust is calculated by taking the fair market value of its total assets based on the volume-weighted median price of bitcoin used for the calculation of the Index, subtracting any liabilities (which include accrued expenses), and dividing that total by the total number of outstanding Shares. The Administrator calculates the NAV of the Trust once each Exchange trading day. The NAV for a normal trading day will be released after 4:00 p.m. E.T.<sup>11</sup>

The Trust will provide information regarding the Trust’s bitcoin holdings, as well as an Intraday Indicative Value (“IIV”) per Share updated every 15 seconds, as calculated by the Exchange or a third-party financial data provider during the Exchange’s Regular Trading Hours (9:30 a.m. to 4:00 p.m. E.T.). The IIV will be calculated by using the prior day’s closing NAV per Share as a base and updating that value during Regular Trading Hours to reflect changes in the value of the Trust’s bitcoin holdings during the trading day.<sup>12</sup>

When the Trust sells or redeems its Shares, it will do so in “in-kind” transactions in blocks of Shares. Authorized participants will deliver, or facilitate the delivery of, bitcoin to the Trust’s account with the Custodian in exchange for Shares when they purchase Shares, and the Trust, through

the Custodian, will deliver bitcoin to such authorized participants when they redeem Shares with the Trust.<sup>13</sup>

## II. Proceedings To Determine Whether To Approve or Disapprove SR–CboeBZX–2021–039 and Grounds for Disapproval Under Consideration

The Commission is instituting proceedings pursuant to Section 19(b)(2)(B) of the Act<sup>14</sup> to determine whether the proposed rule change should be approved or disapproved. Institution of proceedings is appropriate at this time in view of the legal and policy issues raised by the proposed rule change, as discussed below. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, as described below, the Commission seeks and encourages interested persons to provide comments on the proposed rule change.

Pursuant to Section 19(b)(2)(B) of the Act,<sup>15</sup> the Commission is providing notice of the grounds for disapproval under consideration. The Commission is instituting proceedings to allow for additional analysis of the proposed rule change’s consistency with Section 6(b)(5) of the Act, which requires, among other things, that the rules of a national securities exchange be “designed to prevent fraudulent and manipulative acts and practices” and “to protect investors and the public interest.”<sup>16</sup>

The Commission asks that commenters address the sufficiency of the Exchange’s statements in support of the proposal, which are set forth in the Notice,<sup>17</sup> in addition to any other comments they may wish to submit about the proposed rule change. In particular, the Commission seeks comment on the following questions and asks commenters to submit data where appropriate to support their views:

1. What are commenters’ views on whether the proposed Trust and Shares would be susceptible to manipulation? What are commenters’ views generally on whether the Exchange’s proposal is designed to prevent fraudulent and manipulative acts and practices? What are commenters’ views generally with respect to the liquidity and transparency of the bitcoin markets, the bitcoin markets’ susceptibility to manipulation, and thus the suitability of bitcoin as an

underlying asset for an exchange-traded product?

2. What are commenters’ views of the Exchange’s assertion that the regulatory and financial landscapes relating to bitcoin and other digital assets have changed significantly since 2016?<sup>18</sup> Are the changes that the Exchange identifies sufficient to support the determination that the proposal to list and trade the Shares is designed to protect investors and the public interest and is consistent with the other applicable requirements of Section 6(b)(5) of the Act?

3. The Exchange states that “approving this proposal . . . [would] allow U.S. investors with access to bitcoin in a regulated and transparent exchange-traded vehicle that would act to reduce risk” associated with exposure through other means.<sup>19</sup> Further, the Exchange asserts that “the manipulation concerns previously articulated by the Commission are sufficiently mitigated.”<sup>20</sup> What are commenters’ views regarding such assertions?

4. According to the Exchange, “[n]early every measurable metric related to [Chicago Mercantile Exchange’s] Bitcoin Futures has trended consistently up since launch and/or accelerated upward in the past year.”<sup>21</sup> Based on data provided and the academic research cited by the Exchange, do commenters agree that the Chicago Mercantile Exchange (“CME”)’s bitcoin futures market now represents a regulated market of significant size?<sup>22</sup> What are commenters’ views on whether there is a reasonable likelihood that a person attempting to manipulate the Shares would also have to trade on CME to manipulate the Shares? What are commenters’ views on the Exchange’s assertion that the combination of (a) CME bitcoin futures leading price discovery; (b) the overall size of the bitcoin market; and (c) the ability for market participants to buy or sell large amounts of bitcoin without significant market impact helps to prevent the Shares from becoming the predominant force on pricing in either the bitcoin spot or CME bitcoin futures markets?<sup>23</sup>

5. What are commenters’ views on the Exchange’s statement, generally, that bitcoin is resistant to price manipulation and that other means to prevent fraudulent and manipulative acts and practices exist to justify dispensing with the requisite

surveillance sharing agreement with a regulated market of significant size related to bitcoin?<sup>24</sup> What are commenters' views on the Exchange's assertion in support of such statement that significant liquidity in the spot market and the impact of market orders on the overall price of bitcoin mean that attempting to move the price of bitcoin is costly?<sup>25</sup> What are commenters' views on the assertion that offering only in-kind creations and redemptions provides unique protections against potential attempts to manipulate the Shares and that the price the Sponsor uses to value the Trust's bitcoin "is not particularly important"?<sup>26</sup>

### III. Procedure: Request for Written Comments

The Commission requests that interested persons provide written submissions of their views, data, and arguments with respect to the issues identified above, as well as any other concerns they may have with the proposal. In particular, the Commission invites the written views of interested persons concerning whether the proposal is consistent with Section 6(b)(5) or any other provision of the Act, and the rules and regulations thereunder. Although there do not appear to be any issues relevant to approval or disapproval that would be facilitated by an oral presentation of views, data, and arguments, the Commission will consider, pursuant to Rule 19b-4, any request for an opportunity to make an oral presentation.<sup>27</sup>

Interested persons are invited to submit written data, views, and arguments regarding whether the proposal should be approved or disapproved by September 17, 2021. Any person who wishes to file a rebuttal to any other person's submission must file that rebuttal by October 1, 2021.
