SUPPLEMENTARY INFORMATION: Section 8(a)(17) of the Small Business Act (Act), 15 U.S.C. 637(a)(17), requires that recipients of Federal contracts set aside for small businesses, service-disabled veteran-owned small businesses, or SBA's 8(a) Business Development Program provide the product of a small business manufacturer or processor, if the recipient is other than the actual manufacturer or processor of the product. This requirement is commonly referred to as the Nonmanufacturer Rule. The SBA regulations imposing this requirement are found at 13 CFR 121.406(b). Section 8(a)(17)(b)(iv) of the Act authorizes SBA to waive the Nonmanufacturer Rule for any "class of products" for which there are no small business manufacturers or processors available to participate in the Federal market.

As implemented in SBA's regulations at 13 CFR 121.1202(c), in order to be considered available to participate in the Federal market for a class of products, a small business manufacturer must have submitted a proposal for a contract solicitation or received a contract from the Federal government within the last 24 months. The SBA defines "class of products" based on a six digit coding system. The coding system is the Office of Management and Budget North American Industry Classification System (NAICS).

The SBA is currently processing a request to waive the Nonmanufacturer Rule for Ammonia (except fertilizer material) merchant wholesalers; Chemical gases merchant wholesalers; Chemicals (except agriculture); Compressed gases (except LP gas) merchant wholesalers; Dry ice merchant wholesalers; Gases, compressed and liquefied (except liquefied petroleum gas), merchant wholesaler; Ice, dry, merchant wholesalers; Industrial chemicals merchant wholesalers; Liquefied gases (except LP) merchant wholesalers; Organic chemicals merchant wholesalers; and Welding gases merchant wholesalers North American Industry Classification System (NAICS) codes 424690. The public is invited to comment or provide source information to SBA on the proposed waiver of the Nonmanufacturer Rule for this class of NAICS code by March 24, 2006.

FOR FURTHER INFORMATION CONTACT:

Direct requests for additional information regarding the collection listed in this notice, including requests for copies of the proposed information collection and supporting documents, to Attn: Jacqueline Robinson, Diplomatic Motor Vehicle Director, Office of Foreign Missions, 3507 International Place, NW., State Annex 33, Washington, DC 20522-3302, who may be reached at 202-895-3528 or RobinsonJD@state.gov.

SUPPLEMENTARY INFORMATION:

We are soliciting public comments to permit the Department to:

- Evaluate whether the proposed information collection is necessary for the proper performance of our functions.

- Evaluate the accuracy of our estimate of the burden of the proposed collection, including the validity of the methodology and assumptions used.

- Enhance the quality, utility, and clarity of the information to be collected.

- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of technology.

Abstract of proposed collection:

The operation of a motor vehicle in the United States by foreign mission personnel is a benefit under the Foreign Mission Act, 22 U.S.C. 4301 *et seq.* The U.S. Department of State Registration and Title application forms (DS-100, DS-100E, DS-101, DS-101E, DS-102, DS-102E, & DS-104, DS-104E) are the means by which foreign missions in the United States request the registration, titling, and issuance of replacement license plates for motor vehicles owned/operated by foreign missions, foreign diplomatic and consular personnel, as well as specified official representatives of foreign governments to international organizations in the United States, and their dependents.

Methodology:

This collection is submitted by all foreign missions in paper format on one

of four forms; the information is then entered into an electronic database, maintained and utilized by the Office of Foreign Missions to administer the benefit. Electronic versions of DS-100 and DS-101 (DS-100E and DS-101E) were introduced in May 2005 to a few foreign missions to test and develop an electronic submission option. Electronic versions of the DS-102 and DS-104 (DS-102E and DS-104E) have been developed and will be implemented in early 2006. To facilitate the collection of information in a more systematic and efficient manner, the Office of Foreign Missions will continue to develop the database to support an end-to-end electronic submission process, bearing in mind as well that utilization of electronic submissions by individual missions is dependent on the status of their own systems.

Dated: February 9, 2006.

Deputy Assistant Secretary, Bureau of Diplomatic Security, Office of Foreign Missions, Department of State.
