**SUMMARY:** This is to notify interested parties that, during the current fiscal year (FY) 2002, \$80 million is available for loans in the Broadband Pilot Loan Program administered by the Rural Utilities Service (RUS). This is a continuation of the Broadband Pilot Loan Program initiated by RUS during FY 2001 to finance the construction of facilities and systems providing broadband transmission service to rural consumers. However, should FY 2002 loan authority remain available thereafter, RUS shall publish a notice advising interested parties that it is accepting additional applications.

**DATES:** New applications will be accepted only if, after processing all pending completed applications, RUS publishes an additional notice announcing that loan funds remain available. See discussion below.
