BILLING CODE 3410-11-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[R04-OAR-2005-TN-0006-200519(c); FRL-8023-5]

Approval and Promulgation of Implementation Plans; Tennessee; Nashville Area Second 10-Year Maintenance Plan for the 1-Hour Ozone National Ambient Air Quality Standard; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; correction.

SUMMARY: On November 1, 2005, at 70 FR 65838, EPA published a document concerning the Nashville, Tennessee area's second 10-year maintenance plan for the 1-hour ozone national ambient air quality standard. The new 2016 motor vehicle emissions budgets (MVEBs) were incorrectly stated in one location in the publication. This document corrects this incorrect reference.

DATES: *Effective Date:* This correction is effective January 23, 2006.

FOR FURTHER INFORMATION CONTACT: Lynorae Benjamin of the Air Quality Modeling and Transportation Section or Sean Lakeman of the Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960. Ms. Benjamin can be reached by phone at (404) 562-9040 or via electronic mail at benjamin.lynorae@epa.gov. Mr. Lakeman can be reached by phone at (404) 562-9043 or via electronic mail at lakeman.sean@epa.gov.

SUPPLEMENTARY INFORMATION: EPA is making a correction to the document published on November 1, 2005 (70 FR 65838), approving a revision to the second 10-year maintenance plan for the Nashville 1-Hour Ozone Maintenance Area. This action included approval of the new 2016 MVEBs (70 FR 65840), but subsequently reference them incorrectly in another portion of the document. Specifically, at 70 FR 65841, the new 2016 MVEBs were erroneously stated as the 2016 on-road emissions (*i.e.*, 19.18

tons per day (tpd) for volatile organic compounds (VOC) and 36.01 tpd for nitrogen oxides (NO_x)) for this area. On page 65841, under the heading "IV. What Is an Adequacy Determination and What Is EPA's Adequacy Determination for the Nashville Area's New MVEB for the Year 2016?," in the second column at the end of the last sentence, EPA is correcting the reference to the 2016 MVEBs to read as follows: "VOC of 21.93 tpd and for NO_x 45.76 tpd for the Nashville area."

Dated: January 11, 2006.

A. Stanley Meiburg,

Acting Regional Administrator, Region 4.

DEPARTMENT OF DEFENSE

48 CFR Parts 213 and 253

[DFARS Case 2003-D075]

Defense Acquisition Regulations System; Defense Federal Acquisition Regulation Supplement; Simplified Acquisition Procedures

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD has issued a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to update text addressing the use of simplified acquisition procedures. This rule is a result of a transformation initiative undertaken by DoD to dramatically change the purpose and content of the DFARS.

DATES: Effective January 23, 2006.

FOR FURTHER INFORMATION CONTACT: Ms. Robin Schulze, Defense Acquisition Regulations System, OUSD (AT&L) DPAP (DARS), IMD 3C132, 3062 Defense Pentagon, Washington, DC 20301-3062. Telephone (703) 602-0326; facsimile (703) 602-0350. Please cite DFARS Case 2003-D075.

SUPPLEMENTARY INFORMATION:

A. Background

DFARS Transformation is a major DoD initiative to dramatically change the purpose and content of the DFARS. The objective is to improve the efficiency and effectiveness of the acquisition process, while allowing the acquisition workforce the flexibility to innovate. The transformed DFARS will contain only requirements of law, DoD-wide policies, delegations of FAR authorities, deviations from FAR requirements, and policies/procedures

that have a significant effect beyond the internal operating procedures of DoD or a significant cost or administrative impact on contractors or offerors. Additional information on the DFARS Transformation initiative is available at <http://www.acq.osd.mil/dpap/dars/dfars/transformation/index.htm>.

This final rule is a result of the DFARS Transformation initiative. The rule—

- Updates and consolidates text on the use of imprest funds and third-party drafts at DFARS 213.305;
- Deletes unnecessary cross-references at DFARS 213.7001 and 213.7003-2; and
- Deletes guidance on the use of unilateral contract modifications at DFARS 213.302-3, and deletes procedures for use of forms at DFARS 213.307, 253.213, and 253.213-70. This text has been relocated to the new DFARS companion resource, Procedures, Guidance, and Information (PGI), available at <http://www.acq.osd.mil/dpap/dars/pgi>.

DoD published a proposed rule at 70 FR 19042 on April 12, 2005. DoD received no comments on the proposed rule. Therefore, DoD has adopted the proposed rule as a final rule without change. In addition, statutory references have been updated at DFARS 213.305-3(d)(iii)(A) and 213.306(a)(1)(B).

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, et seq., because the rule updates and streamlines DFARS text, but makes no significant change to DoD contracting policy.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply, because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, et seq.
