### Revisions to the California State Implementation Plan, Antelope Valley Air Quality Management District, Mojave Desert Air Quality Management District, Monterey Bay Unified Air Pollution Control District, and South Coast Air Quality Management District

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The Environmental Protection Agency is proposing to approve revisions to the Antelope Valley Air Quality Management District, Mojave Desert AQMD, Monterey Bay Unified Air Pollution Control District, and South Coast AQMD portion of the California State Implementation Plan (SIP). These revisions concern volatile organic compound (VOC) emissions from

architectural coatings, liquefied petroleum gas transfer, and ignition of barbecue charcoal. We are approving three local rules and rescinding one local rule that regulate these emission sources under the Clean Air Act (CAA or the Act).

**DATES:** Any comments on this proposal must arrive by February 3, 2014.

**ADDRESSES:** Submit comments, identified by docket number EPA–R09–OAR–2013–0668, by one of the following methods:

1. *Federal eRulemaking Portal:* [www.regulations.gov](http://www.regulations.gov). Follow the on-line instructions.

2. *Email:* [steckel.andrew@epa.gov](mailto:steckel.andrew@epa.gov).

3. *Mail or deliver:* Andrew Steckel (Air-4), U.S. Environmental Protection Agency Region IX, 75 Hawthorne Street, San Francisco, CA 94105–3901.

**Instructions:** All comments will be included in the public docket without change and may be made available online at [www.regulations.gov](http://www.regulations.gov), including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Information that you consider CBI or otherwise protected should be clearly identified as such and should not be submitted through [www.regulations.gov](http://www.regulations.gov) or email. [www.regulations.gov](http://www.regulations.gov) is an “anonymous access” system, and EPA will not know

your identity or contact information unless you provide it in the body of your comment. If you send email directly to EPA, your email address will be automatically captured and included as part of the public comment. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

**Docket:** Generally, documents in the docket for this action are available electronically at [www.regulations.gov](http://www.regulations.gov) and in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California 94105–3901. While all documents in the docket are listed at [www.regulations.gov](http://www.regulations.gov), some information may be publicly available only at the hard copy location (e.g., copyrighted material, large maps), and some may not be publicly available in either location (e.g., CBI). To inspect the hard copy materials, please schedule an appointment during normal business hours with the contact listed in the **FOR FURTHER INFORMATION CONTACT** section.

**FOR FURTHER INFORMATION CONTACT:** Nicole Law, EPA Region IX, (415) 947–4126, [law.nicole@epa.gov](mailto:law.nicole@epa.gov).

**SUPPLEMENTARY INFORMATION:** This proposal addresses the following local

rules: Mojave Desert AQMD Rule 1113 Architectural Coatings, Monterey Bay Unified APCD Rule 426 Architectural Coatings, Antelope Valley AQMD Rule 1174 Control of Volatile Organic Compound Emissions from the Ignition of Barbecue Charcoal, and South Coast AQMD Rule 1177 Liquefied Petroleum Gas Transfer and Dispensing. In the Rules and Regulations section of this **Federal Register**, we are approving three of these local rules and rescinding one local rule in a direct final action without prior proposal because we believe these SIP revisions are not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. Please note that if we receive adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Dated: September 25, 2013.
