

million in 1995 dollars, updated annually for inflation. In 2015, that threshold is approximately \$144 million. This document will have no consequential effect on state, local, or tribal governments or on the private sector.

Executive Order 13132 establishes certain requirements that an agency must meet when it promulgates a proposed regulatory action (and subsequent final action) that imposes substantial direct requirement costs on state and local governments, preempts state law, or otherwise has Federalism implications. Because this document does not impose any costs on state or local governments, the requirements of Executive Order 13132 are not applicable.

In accordance with the provisions of Executive Order 12866, the Office of Management and Budget reviewed this document.

**Proposed Information Collection Activity; Comment Request**

**Proposed Projects**

*Title:* Disaster Information Collection Plans.

*OMB No.:* NEW.

*Description:* This request is for approval of a plan for conducting more than one information collection that is very similar, voluntary, low-burden and uncontroversial. The Information collections under this generic clearance will be activated during a disaster. These forms will be used after a disaster to develop a technical assistance plan for affected ACF programs.

Presidential Policy Directive-8 (PPD-8), which was signed into law in 2011, provides federal guidance and planning procedures under established phases—protection, preparedness, response, recovery, and mitigation. The data collection addresses response, and recovery for ACF programs with a statutory preparedness planning requirement and other programs without that requirement.

ACF/Office of Human Services Emergency Preparedness and Response (OHSEPR) has a requirement under PPD-8, the National Response Framework, and the National Disaster

Recovery Framework to report impacts of disasters to ACF-supported human services programs to the HHS Secretary's Operation Center (SOC). ACF/OHSEPR works in conjunction with the Assistant Secretary for Preparedness and Response (ASPR), and the Federal Emergency Management Agency (FEMA) to ensure that impacted ACF programs are returned to their normal or close to normal operations.

The primary purpose of the information collection pertains to ACF's initiative to provide real time updates during the response and recovery phases of a disaster; the information will be used to respond to inquiries about human services response and recovery efforts, specifically for individuals, children, and families that need support from ACF programs. Further, the information collection will be used to support ACF/OHSEPR's goal to quickly identify critical gaps, resources, needs, and services to support State, local and non-profit capacity for disaster case management and to augment and build capacity where none exists.

*Respondents:* Varies, depending on programmatic impact (could be state administrators, or grantees).

**Annual Burden Estimates**

The estimate is based on a single disaster per year. The estimate is for one state administrator to go through all the applicable questions with the Regional and Central Office staff, if applicable.

| Instrument                                             | Number of respondents | Number of responses per respondent | Burden hours per response | Total burden hours |
|--------------------------------------------------------|-----------------------|------------------------------------|---------------------------|--------------------|
| Program Specific Disaster Information Collection ..... | 50                    | 15                                 | 0.5                       | 25                 |

In compliance with the requirements of Section 506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L'Enfant Promenade SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. Email address: [infocollection@acf.hhs.gov](mailto:infocollection@acf.hhs.gov). All requests should be identified by the title of the information collection.

The Department specifically requests comments on: (a) Whether the proposed collection of information is necessary

for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

by mail at 370 L'Enfant Promenade SW.,

**SUPPLEMENTARY INFORMATION:** On  
November 5, 2009, President Obama  
signed the "Memorandum for the Heads  
of Executive Departments and Agencies  
on Tribal Consultation." The President  
stated that his Administration is  
committed to regular and meaningful  
consultation and collaboration with  
tribal officials in policy decisions that  
have tribal implications, including, as  
an initial step, through complete and  
consistent implementation of Executive  
Order 13175.

The United States has a unique legal  
and political relationship with Indian  
tribal governments, established through  
and confirmed by the Constitution of  
the United States, treaties, statutes,  
executive orders, and judicial decisions.  
In recognition of that special  
relationship, pursuant to Executive  
Order 13175 of November 6, 2000,  
executive departments and agencies are  
charged with engaging in regular and  
meaningful consultation and  
collaboration with tribal officials in the  
development of federal policies that  
have tribal implications and are  
responsible for strengthening the  
government-to-government relationship  
between the United States and Indian  
tribes.

HHS has taken its responsibility to  
comply with Executive Order 13175  
very seriously over the past decade;  
including the initial implementation of  
a Department-wide policy on tribal  
consultation and coordination in 1997,  
and through multiple evaluations and  
revisions of that policy, most recently in  
2010. ACF has developed its own  
agency-specific consultation policy that  
complements the Department-wide  
efforts.

The ACF Tribal Consultation Session  
will begin on the morning of September  
14, 2015, and continue throughout the  
day until all discussions have been  
completed. To help both tribal officials  
and the ACF Principals prepare for this  
consultation, planning teleconference  
calls will be held on:

Wednesday, August 19, 2015, 3 p.m.–  
3:30 p.m. Eastern Time

Wednesday, August 26, 2015, 3 p.m.–  
3:30 p.m. Eastern Time

Wednesday, September 2, 2015, 3 p.m.–  
3:30 p.m. Eastern Time

The call-in number is: 866-769-9393.  
The passcode is: 4449449#.

The purpose of the planning calls will  
be to identify individuals who will  
provide oral testimony to ACF, solicit  
for tribal moderators and identify  
specific topics of interest so we can  
ensure that all appropriate individuals  
are present.

Testimonies are to be submitted no  
later than September 8, 2015, to: Lillian  
Sparks Robinson, Commissioner,  
Administration for Native Americans,  
370 L'Enfant Promenade SW.,  
Washington, DC 20447,  
[anacommissioner@acf.hhs.gov](mailto:anacommissioner@acf.hhs.gov).

To facilitate the security process  
when entering our building, we would  
appreciate if participants register for the  
session by sending an email to  
[anacommissioner@acf.hhs.gov](mailto:anacommissioner@acf.hhs.gov) with the  
names of attendees, titles, and tribe/  
organization name. If you plan to  
provide testimony, please include the  
name of the office(s) you wish to  
address. We are also interested in  
collecting the same information from  
anyone who will be attending by  
webinar.

#### **Registration and Product Listing for Owners and Operators of Domestic Tobacco Product Establishments and Listing of Ingredients in Tobacco Products—OMB Control Number 0910– 0650—Extension**

On June 22, 2009, the President  
signed the Tobacco Control Act (Pub. L.  
111-31) into law. The Tobacco Control  
Act amended the Federal Food, Drug,  
and Cosmetic Act (the FD&C Act) (21  
U.S.C. 301 *et seq.*) by, among other  
things, adding a chapter granting FDA  
important authority to regulate the  
manufacture, marketing, and  
distribution of tobacco products to  
protect the public health generally and  
to reduce tobacco use by minors.

Section 905(b) of the FD&C Act (21  
U.S.C. 387e(b)), as amended by the  
Tobacco Control Act, requires that  
“every person who owns or operates  
any establishment in any State engaged  
in the manufacture, preparation,  
compounding, or processing of a  
tobacco product or tobacco products  
. . .” register with FDA the name,  
places of business, and all  
establishments owned or operated by  
that person. Every person must register  
by December 31 of each year. Section  
905(c) of the FD&C Act requires that  
first-time persons “engaging in the  
manufacture, preparation,  
compounding, or processing of a  
tobacco product or tobacco products  
shall register with the Secretary the  
name, places of business, and all such  
establishments of that person.” Section  
905(d) states that persons required to  
register under section 905(b) or (c) shall  
register any additional establishment  
that they own or operate in any State  
which begins the manufacture,  
preparation, compounding, or  
processing of a tobacco product or  
tobacco products. Section 905(h)
