

provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this proposed rule under Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (32)(e), of the Instruction, from further environment documentation because it has been determined that the promulgation of operating regulations or procedures for drawbridges are categorically excluded.

List of Subjects in 33 CFR Part 117

Bridges.

Regulations

For the reasons set out in the preamble, the Coast Guard proposes to amend 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; Department of Homeland Security Delegation No. 0170.1; 33 CFR 1.05–1(g); section 117.255 also issued under the authority of Pub. L. 102–587, 106 Stat. 5039.

2. From December 1, 2004 through March 31, 2006, § 117.205 is temporarily amended by suspending paragraph (c) and adding a new paragraph (d) to read as follows:

§ 117.205 Connecticut River

* * * * *

(d) The draw of the Route 82 Bridge, mile 16.8, at East Haddam shall operate as follows:

(1) From November 1 through July 6 the draw shall open on signal at 5:30 a.m., 1:30 p.m., and 8 p.m., daily.

(2) From July 7 through October 31, Monday through Thursday, the draw shall open on signal at 5:30 a.m., 1:30 p.m., and 8 p.m. On Friday the draw shall open on signal at 5:30 a.m., 1:30 p.m., 8 p.m., and 11:30 p.m. On Saturday and Sunday the draw shall open on signal at 5:30 a.m., 8:30 a.m., 1:30 p.m., 4 p.m., 8 p.m., and 11:30 p.m.

(3) The draw need not open for the passage of vessel traffic on the following dates: March 21, 2005 through March 28, 2005; October 18, 19 and 20, 2005; and December 14, 2005.

(4) At all times, other than the dates identified in paragraph (d)(3) of this section, the draw shall open on signal for commercial vessels provided at least a two-hour advance notice is given.

Dated: October 6, 2004.

David P. Pekoske,

Rear Admiral, U.S. Coast Guard, Commander, First Coast Guard District.

BILLING CODE 4910–15–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket No. FEMA–P–7661]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The

respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT:

Doug Bellomo, P.E., Hazard Identification Section, Emergency Preparedness and Response Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646–2903.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Mitigation Division Director of the Emergency Preparedness and Response Directorate has resolved any appeals resulting from this notification.

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act.

This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Mitigation Division Director of the Emergency Preparedness and Response Directorate certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification. This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism.
This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform. This proposed rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, flood insurance, reporting and record keeping requirements.

Accordingly, 44 CFR Part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for Part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

Source of flooding and location of referenced elevation	♦ Elevation in feet (NAVD)		Communities affected
	Existing	Modified	
<i>Alexander Creek:</i> Approximately 8,025 feet upstream of Ward Road ...	None	♦942	Cass County (Unincorporated Areas), City of Raymore.
Approximately 5,600 feet upstream of Prairie Road	None	♦1,004	
<i>East Branch South Grand River:</i> Approximately 9,900 feet upstream of confluence of Wolf Creek.	None	♦886	Cass County (Unincorporated Areas) City of Peculiar.
Approximately 510 feet upstream of Kendall Road ..	None	♦954	
<i>East Branch of West Fork East Creek:</i> At confluence with West Fork East Creek	None	♦974	Cass County (Unincorporated Areas) City of Belton.
Approximately 3,050 feet upstream of confluence with West Fork East Creek.	None	♦990	
<i>East Creek Tributary:</i> Approximately 990 feet downstream of Pickering Road.	None	♦918	Cass County (Unincorporated Areas) City of Raymore.
Approximately 10,000 feet upstream of confluence of North Fork East Creek Tributary.	None	♦1,000	
<i>East Fork of East Tributary of East Branch South Grand River:</i> At confluence with East Tributary of East Branch South Grand River.	None	♦937	Cass County (Unincorporated Areas).
Approximately 3,250 feet upstream of 200th Street	None	♦1,007	
<i>East Tributary of East Branch South Grand River:</i> At confluence with East Branch South Grand River	None	♦889	Cass County (Unincorporated Areas).
Approximately 2,920 feet upstream of Prairie Road	None	♦993	
<i>East Tributary of Lumpkins Fork:</i> Approximately 4,770 feet downstream of North Madison Street.	None	♦954	City of Raymore.
Approximately 40 feet upstream of 155th Street	None	♦999	
<i>East Tributary of Massey Creek:</i> Approximately 3,225 feet downstream of Missouri Highway D.	None	♦944	Cass County (Unincorporated Areas).
Approximately 85 feet upstream of Cedar Road	None	♦997	
<i>Lower East Fork of East Creek Tributary:</i> At confluence with East Creek Tributary	None	♦931	Cass County (Unincorporated Areas) City of Raymore.
Approximately 12,800 feet upstream of U.S. Highway 71.	None	♦987	
<i>Lower East Tributary of Mill Creek:</i> At confluence with Mill Creek	None	♦885	Cass County (Unincorporated Areas).
Approximately 8,120 feet upstream of Confluence with Mill Creek.	None	♦937	
<i>Lumpkins Fork:</i> At 155th Street	None	♦945	Cass County (Unincorporated Areas).
Approximately 70 feet upstream of North Madison Street.	None	♦979

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket No. FEMA-B-7449]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA), Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a

newspaper of local circulation in each community.

ADDRESSES: The proposed BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT:

Doug Bellomo, P.E. Hazard Identification Section, Emergency Preparedness and Response Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-2903.

SUPPLEMENTARY INFORMATION: FEMA proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood premium rates for the new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental

Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Mitigation Division Director of the Emergency Preparedness and Response Directorate certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified BFEs are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification. This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform. This proposed rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedures, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for Part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 et seq.; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376, § 67.4.

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

State	City/town/ county	Source of flooding	Location	+Elevation in feet (NAVD)	
				Existing	Modified
North Dakota ...	Lincoln (City), Burleigh County.	Apple Creek ...	Just upstream of Railroad	None	+1,644
