DEPARTMENT OF HEALTH AND HUMAN SERVICES**Administration for Children and Families****Proposed Information Collection Activity; Comment Request**

Title: Subsidized and Transitional Employment Demonstration (STED) and Enhanced Transitional Jobs Demonstration (ETJD).

OMB No.: 0970-0413.

Description: The Administration for Children and Families (ACF) within the U.S. Department of Health and Human Services (HHS) is conducting national evaluation called the Subsidized and Transitional Employment Demonstration (STED). At the same time, the Employment and Training Administration (ETA) within the Department of Labor (DOL) is conducting an evaluation of the Enhanced Transitional Jobs Demonstration (ETJD). These evaluations will inform the Federal government about the effectiveness of subsidized and transitional employment programs in helping vulnerable populations secure unsubsidized jobs in the labor market and achieve self-sufficiency. The projects will evaluate twelve subsidized and transitional employment programs nationwide.

ACF and ETA are collaborating on the two evaluations. In 2011, ETA awarded grants to seven transitional jobs programs as part of the ETJD, which is testing the effect of combining transitional jobs with enhanced services to assist ex-offenders and noncustodial parents improve labor market outcomes, reduce criminal recidivism and improve family engagement.

The STED and ETJD projects have complementary goals and are focusing on related program models and target populations. Thus, ACF and ETA have collaborated on the design of data collection instruments to promote consistency across the projects. In addition, two of the seven DOL-funded ETJD programs are being evaluated as part of the STED project. ACF is submitting information collection requests on behalf of both collaborating agencies.

Data for the study will be collected from the following three major sources. All data collection described below,

other than the 30-month follow-up survey, has been reviewed and approved by OMB (see OMB #0970-0413):

Baseline Forms. Each respondent will be asked to complete three forms upon entry into the study: (1) An informed consent form; (2) a contact sheet, which will help locate the respondent for follow-up surveys; and (3) a baseline information form, which will collect demographic data and information on the respondent's work and education history.

Follow-Up Surveys. Follow-up telephone surveys will be conducted with all participants. There will be three follow-up surveys in each of the STED and ETJD sites (including the two sites that are also part of ETJD), approximately 6, 12, and 30 months after study entry.

Implementation Research and Site Visits. Data on the context for the programs and their implementation is collected during two rounds of site visits to each of the twelve sites, including interviews, focus groups, observations, and case file reviews. These data will be supplemented by short questionnaires for program staff, clients, worksite supervisors, and participating employers, as well as a time study for program staff.

This notice is specific to the request for approval of the 30-month survey, which will measure the differences in employment, wage progression, income, and other outcomes between the program groups and similar group of respondents who were randomly assigned to a control group. The information collection request will also include increased burden hours to include additional respondents. This increase is a result of the actual enrollment numbers at recruited sites.

Respondents: Study participants in the treatment and control groups.

BILLING CODE 4184–09–P**DEPARTMENT OF HEALTH AND HUMAN SERVICES****Administration for Children and Families****Submission for OMB Review; Comment Request**

Title: Request for Specific Consent to Juvenile Court Jurisdiction.

OMB No.: 0970–0385.

Description: The William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 (TVPPRA of 2008), Public Law 110–457 was enacted into law December 23, 2008. Section 235(d) directs the Secretary of HHS to grant or deny requests for specific consent for unaccompanied alien children in HHS custody who seek to invoke the jurisdiction of a state court for a dependency order and who also seek to invoke the jurisdiction of a state court to determine or alter his or her

custody status or release from ORR. These requests can be extremely time sensitive since a child must ask a state court for dependency before turning 18 years old.

In developing procedures for collecting the necessary information from unaccompanied alien children, their attorneys, or other representatives to allow HHS to approve or deny consent requests, ORR/DUCS devised a form. Specifically, the form asks the requestor for his/her identifying information, basic identifying information on the unaccompanied alien child, the name of the HHS-funded facility where the child is in HHS custody and care, the name of the court and its location, and the kind of request (e.g., for a change in custody, etc.). The form also asks that the unaccompanied alien child's attorney or authorized representative attach a Notice of Representation, which is an approved federal government agency form used for immigration procedures that authorizes the attorney to act on behalf of the child (i.e., G–28, EOIR–28, EOIR–29), or any other form of authorization to act on behalf of the unaccompanied alien child.

Respondents: Attorneys, accredited legal representatives, or others authorized to act on behalf of a unaccompanied alien child.
