OFFICE OF GOVERNMENT ETHICS

OGE Senior Executive Service; Performance Review Board

AGENCY: Office of Government Ethics (OGE).

ACTION: Notice.

SUMMARY: Notice is hereby given of the membership of the OGE Senior Executive Service (SES) Performance Review Board.

DATES: *Applicable date:* November 3, 2023.

FOR FURTHER INFORMATION CONTACT:

Sidney K. Williams, Human Resources Attorney-Advisor, Office of Government Ethics, Suite 500, 1201 New York Avenue NW, Washington, DC 20005–3917; Telephone: 202–482–9209.

SUPPLEMENTARY INFORMATION: 5 U.S.C. 4314(c) requires each agency to establish, in accordance with regulations prescribed by the Office of Personnel Management at 5 CFR part 430, subpart C and § 430.310 thereof in particular, one or more Senior Executive Service performance review boards. As a small executive branch agency, OGE has just one board. In order to ensure an adequate level of staffing and to avoid a constant series of recusals, the designated members of OGE's SES Performance Review Board are being drawn, as in the past, in large measure from the ranks of other executive branch agencies. The board shall review and evaluate the initial appraisal of each OGE senior executive's performance by his or her supervisor, along with any recommendations in each instance to the appointing authority relative to the performance of the senior executive. This notice updates the membership of OGE's SES Performance Review Board as it was most recently published at 88 FR 543134 (July 6, 2023).

The SES Performance Review Board of the Office of Government Ethics is composed of the following officials: Elizabeth Fischmann, Designated Agency Ethics Official, National Credit Union Association; Sean Dent, Senior Deputy General Counsel, Federal Housing Finance Agency; and Peter J. Constantine, Associate Solicitor for Legal Counsel, Office of the Solicitor, Department of Labor.

Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork Reduction Act of 1995, the Centers for Disease Control and Prevention (CDC) has submitted the information collection request titled “Reporting of the Essentials for Childhood (EfC): Preventing Adverse Childhood Experiences through Data to Action Program” to the Office of Management and Budget (OMB) for review and approval. CDC previously published a “Proposed Data Collection Submitted for Public Comment and Recommendations” notice on March 31, 2023 to obtain comments from the public and affected agencies. CDC received one comment related to the previous notice. This notice serves to allow an additional 30 days for public and affected agency comments.

CDC will accept all comments for this proposed information collection project. The Office of Management and Budget is particularly interested in comments that:

(a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected;

(d) Minimize the burden of the collection of information on those who are to respond, including, through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and

(e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570. Comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Direct written comments and/or suggestions regarding the items contained in this notice to the Attention: CDC Desk Officer, Office of Management and Budget, 725 17th Street NW, Washington, DC 20503 or by fax to (202) 395-5806. Provide written comments within 30 days of notice publication.

Proposed Project

Reporting of the Essentials for Childhood (EfC): Preventing Adverse Childhood Experiences through Data to Action Program—New—National Center for Injury Prevention and Control (NCIPC), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The purpose of the information collection effort is to collect Essentials for Childhood (EfC) program recipient data related to surveillance, implementation, program evaluation, and performance monitoring. This data collection is necessary to ensure that programs are progressing toward achievement of their stated goals and objectives, as well as consistently demonstrating efficient and appropriate use of federal funds. CDC will use the information collected to further understand the facilitators, barriers, and critical factors to implementing specific violence prevention strategies and conducting related program evaluation activities. Data collected will also be

used to inform CDC’s training and technical assistance, program improvement, and the development of future funding opportunities. Data collection is designed to address the following key program evaluation questions:

- To what extent have recipients accomplished the short-term and intermediate-term outcomes outlined in the Logic Model?
- To what extent do recipients effectively implement Adverse Childhood Experience (ACE) prevention strategies during the period of performance?
- To what extent have recipients leveraged multi-sector partnerships and resources among state agencies (additional funding at the local level) and other sectors to prevent ACEs, including forming sustainable systems and partnerships, and realigning/focusing/mobilizing resources to prevent ACEs?
- In what ways has the recipient built or enhanced their state-level surveillance system to monitor ACEs, PCEs, and social determinants of health?
- How has the recipient integrated and addressed racial and health inequities and social determinants of health in preventing ACEs?
- To what extent have recipients enhanced their statewide action plan to implement complementary ACEs prevention strategies (additional funding for implementation at the local level)?
- To what extent have funded recipients enhanced their ability to use ACEs and PCEs surveillance and evaluation data to inform prevention strategy allocation?
- To what extent have recipients enhanced their ability to disseminate and use data to inform partner, policy, or other action?
- To what extent have recipients seen a sustainable increase in capacity and

activities related to routine monitoring of ACEs and PCEs data among youth?

- To what extent have recipients seen a sustainable increase in capacity and activities related to routine monitoring of near real-time surveillance to monitor indicators of ACEs?
- To what extent have recipients demonstrated ability to link ACEs and PCEs data to those on the social determinants of health, and utilize these data to inform prevention strategies (if applicable)?
- What is the reach/exposure to the ACEs prevention program efforts?
- Are ACEs prevention strategies reaching populations at highest risk for ACEs?
- To what extent have recipients demonstrated use of surveillance and evaluation data to inform prevention strategy allocation and implementation to improve health equity?
- What has been the reach/exposure of ACEs and PCEs data dissemination efforts?

Information will be collected annually from recipients through the DVP Partners Portal, a web-based data collection system. The DVP Partners Portal allows recipients to fulfill their annual reporting obligations efficiently by employing user-friendly, easily accessible web-based instruments to collect necessary information for both progress reports and continuation applications. Because information from previous reports will be carried over and pre-populated for the next annual reporting, recipients will only need to enter changes, provide progress updates, and add any new information after the first year of reporting, which will help to reduce recipient burden.

CDC requests OMB approval for an estimated 168 annual burden hours. There is no cost to respondents other than their time to participate.

ESTIMATED ANNUALIZED BURDEN HOURS

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day-24-0006; Docket No. CDC-2023-
0090]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and
Prevention (CDC), Department of Health
and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease
Control and Prevention (CDC), as part of
its continuing effort to reduce public
burden and maximize the utility of
government information, invites the
general public and other Federal
agencies the opportunity to comment on
a proposed and/or continuing
information collection, as required by
the Paperwork Reduction Act of 1995.
This notice invites comment on a
proposed information collection project
titled Statement in Support of
Application for Waiver of
Inadmissibility Under Immigration and
Nationality Act. This information
collection is related to waivers of
inadmissibility on health-related
grounds, specifically mental health
disorders with associated harmful
behavior.

DATES: CDC must receive written
comments on or before January 2, 2024.

ADDRESSES: You may submit comments,
identified by Docket No. CDC-2023-
0090 by either of the following methods:

- **Federal eRulemaking Portal:**
www.regulations.gov. Follow the
instructions for submitting comments.
- **Mail:** Jeffrey M. Zirger, Information
Collection Review Office, Centers for
Disease Control and Prevention, 1600
Clifton Road, NE, MS H21-8, Atlanta,
Georgia 30329.

Instructions: All submissions received
must include the agency name and
Docket Number. CDC will post, without
change, all relevant comments to
www.regulations.gov.

Please note: Submit all comments
through the Federal eRulemaking portal
(www.regulations.gov) or by U.S. mail to
the address listed above.

FOR FURTHER INFORMATION CONTACT: To
request more information on the
proposed project or to obtain a copy of
the information collection plan and
instruments, contact Jeffrey M. Zirger,
Information Collection Review Office,
Centers for Disease Control and
Prevention, 1600 Clifton Road NE, MS
H21-8, Atlanta, Georgia 30329;
Telephone: 404-639-7570; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the
Paperwork Reduction Act of 1995 (PRA)
(44 U.S.C. 3501-3520), Federal agencies
must obtain approval from the Office of
Management and Budget (OMB) for each
collection of information they conduct
or sponsor. In addition, the PRA also
requires Federal agencies to provide a
60-day notice in the **Federal Register**
concerning each proposed collection of
information, including each new
proposed collection, each proposed
extension of existing collection of
information, and each reinstatement of
previously approved information
collection before submitting the
collection to the OMB for approval. To
comply with this requirement, we are
publishing this notice of a proposed
data collection as described below.

The OMB is particularly interested in
comments that will help:

1. Evaluate whether the proposed
collection of information is necessary
for the proper performance of the
functions of the agency, including
whether the information will have
practical utility;
2. Evaluate the accuracy of the
agency's estimate of the burden of the
proposed collection of information,
including the validity of the
methodology and assumptions used;
3. Enhance the quality, utility, and
clarity of the information to be
collected;
4. Minimize the burden of the
collection of information on those who
are to respond, including through the
use of appropriate automated,
electronic, mechanical, or other
technological collection techniques or
other forms of information technology,
e.g., permitting electronic submissions
of responses; and
5. Assess information collection costs.

Proposed Project

Statement in Support of Application
for Waiver of Inadmissibility Under
Immigration and Nationality Act (OMB
Control No. 0920-0006, Exp. 12/31/
2023)—Revision—National Center for
Emerging and Zoonotic Infectious
Diseases (NCEZID), Centers for Disease
Control and Prevention (CDC).

Background and Brief Description

The goal of this proposed collection is
to provide Centers for Disease Control
and Prevention (CDC) with adequate
information to fulfill its responsibilities
with regard to the processing of
applications for waivers of
inadmissibility on health-related
grounds, specifically mental health
disorders with associated harmful
behaviors. Section 212 (a) of the
Immigration and Nationality Act (INA)
states that aliens with specific health-
related grounds are ineligible to receive
visas and ineligible for admission into
the United States. The conditions are
listed in subsections as follows:

(i) aliens who have a communicable
disease of public health significance,

(iii) (I) aliens who have a physical or
mental disorder and behavior associated
with the disorder that may pose, or has
posed, a threat to the property, safety, or
welfare of the alien or others; or

(iii) (II) aliens who have had a
physical or mental disorder and a
history of behavior associated with the
disorder, which behavior has posed a
threat to property, safety, or welfare of
the alien or others and which behavior
is likely to recur or lead to other
harmful behavior.

However, section 212(g) of the INA
authorizes the Attorney General to
waive certain Class A inadmissible
health-related grounds which would
allow an alien to overcome his/her
inadmissibility. The CDC may provide
consultation to the U.S. Department of
Homeland Security (DHS) for requests
for waivers under section 212(a)(1)(A)(i)
or section 212(a)(1)(A)(iii)(I) or (II), as
indicated in the regulations (8 CFR
212.7 Waiver of certain grounds of
excludability) if: "the alien or the alien's
sponsoring family member shall submit
a statement to the consular or Service
office. The statement must be from a
clinic, hospital, institution, school, or
other specialized facility or specialist in
the United States . . . who will
complete the evaluation and provide an
evaluation report to the Centers for
Disease Control and Prevention."

Waiver requests under section
212(a)(1)(A)(i) are processed on DHS
forms I-601 and I-602. Waiver requests
under section 212(a)(1)(A)(iii)(I) or (II)
are processed under CDC form 4.422-1.
Respondents to this data collection
include U.S. medical facilities and
specialists who complete Part II of CDC
form 4.422-1 for waiver applicants
based on physical or mental disorders
and submit the appropriate evaluation
report. Respondents also include the
applicant or sponsoring family member
