

Management Division for copies of the proposed collection of information at email address: *FEMA-Information-Collections-Management@fema.dhs.gov*.

SUPPLEMENTARY INFORMATION: The Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act) (42 U.S.C. 5121–5207) authorizes the President to establish a program of disaster preparedness that utilizes services of all appropriate agencies and includes training and exercises. Section 611 of the Stafford Act (42 U.S.C. 5196) provides that the Federal Emergency Management Agency (FEMA) may conduct training for the purpose of emergency preparedness. In response, FEMA established the National Emergency Training Center (NETC), located in Emmitsburg, Maryland. The NETC site has facilities and housing available for those participating in preparedness training and a request for use of these areas is required to be made in advance for the need for such. The primary means of making advanced requests for use of space at NETC is the use of email communication and this typically includes the specifics for the use of NETC for date of arrival and departure, how many participants, the requirement for lodging to include how many people, room space required, meals required, and equipment needed. These items that were required to be captured by completing the Request For Use of NETC Facilities Form are now captured within the content of the email communication. The secondary means of making requests to use NETC space is by telephone communication and those requirements are discussed in that manner.

The NETC is a FEMA facility which houses all FEMA employees at headquarters, regions, field establishments, and other individuals and organizations authorized to use the facilities. The responsibilities, procedures, and potential fees charged for using the NETC facilities are identified in accordance with FEMA Directive Number 119–3, *Facility Use and Expenses at the National Emergency Training Center* dated May 21, 2018. The NETC provides training and educational programs in emergency response, preparedness, fire prevention and control, disaster response, and long-term disaster recovery. The principal purpose of FEMA Form FF–USFA–FY–21–107 (formerly 119–17–1), Request for Housing Accommodations, is to request housing at the NETC, and the principal purpose of FEMA Form FF–USFA–FY–21–108 (formerly 119–17–2), Request for Use of NETC Facilities, is to conduct official business at the NETC.

In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning the removal of use of the FEMA Form FF–USFA–FY–21–108 (formerly 119–17–2), Request For Use of NETC Facilities, due to its antiquated information collection method and requirement. There is no longer a need to formally require the use of this form in order for a requestor to receive support for special groups using the NETC.
