

approved for this project under OMB #: 0970–0576. The larger project was successful in getting information about the broad array of TA. It also showed therein that there was more variation among the professional audiences being served than anticipated and thus CB had opted to pursue evaluation individually by Center going forward. There were larger scope and approach changes for the other prior Centers and those

evaluations will need to be separately revisited.

Three instruments will continue to be used. These are used with legal and judicial participants in TA. Data collected through these three instruments has and will continue to be used by the CLJIA and CB to improve the development and delivery of CLJIA services, specifically the Academies and Workshops, and assess the quality, satisfaction with services, and impact

on their intended outcomes, including increased knowledge and skills. Data collection includes online and paper-based surveys and assessments administered to participants in Academies and Workshops.

There are no significant changes to the instruments. The name of the TA provider was changed and that has been updated.

Respondents: Child welfare and court professionals.

ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Total burden hours	Annual burden hours
Workshop Feedback Survey	480	1	0.07	46.1	15
Academy Feedback Survey	1,050	1	0.07	73.5	25
Pre/Post Academy Assessment	1,050	2	0.22	462	154
Estimated Total Annual Burden Hours	194

Authority: 42 U.S.C. 5106(b)(5); 42 U.S.C. 5113(b)(4); 42 U.S.C. 629h.

BILLING CODE 4184–29–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

[OMB #0970–0106]

Proposed Information Collection Activity; Low Income Home Energy Assistance Program Carryover and Reallotment Report

AGENCY: Office of Community Services, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) is requesting from Office of Management and Budget (OMB) a reinstatement of approval with changes to the Low Income Home Energy Assistance Program (LIHEAP) Carryover and Reallotment Report (OMB #0970–0106,

discontinued June 2025). Minor changes are proposed to break out awards into three sources and incorporate numbering and wording updates.

DATES: *Comments due August 12, 2025.* In compliance with the requirements of the Paperwork Reduction Act (PRA) of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above. **ADDRESSES:** You can obtain copies of the proposed collection of information and submit comments by emailing infocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The LIHEAP statute and regulations require LIHEAP grant recipients to report certain information to the U.S. Department of Health and Human Services (HHS) concerning funds forwarded and funds subject to reallotment. The 1994 reauthorization of the LIHEAP statute, the Human Service Amendments of 1994 (Pub. L. 103–252), requires that the Carryover and Reallotment Report for one fiscal year (FY) be submitted to HHS by the grant recipient before the allotment for the next FY may be awarded.

In compliance with PRA, ACF discontinued the OMB number in June 2025, prior to the expiration date, to

allow for public comment on the extension and revision request prior to OMB review.

ACF is requesting minor changes in the program's Carryover and Reallotment Report, a form for the collection of data, and the Instructions for Timely Obligation of LIHEAP Regular Block Grant, Reallotted, and Supplemental Funds and Reporting Funds for Carryover and Reallotment. The form clarifies the information being requested and ensures the submission of all the required information. The form facilitates our response to numerous queries each year concerning the amounts of obligated funds. Use of the form is mandatory for prior-year grant recipients that seek current-year LIHEAP funds except for (1) territorial grant recipients that consolidate their LIHEAP programs with the Social Services Block Grant under Public Law 95–134; and (2) tribal grant recipients that have integrated their LIHEAP programs under Public Law 102–477 for administration through the Bureau of Indian Affairs and that draw down funds solely during the integration period.

Respondents: State governments, tribal governments, territories, and the District of Columbia.

ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents	Annual number of responses per respondent	Average burden hours per response	Annual burden hours
LIHEAP Carryover and Reallotment Report	188	1	3	564

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

BILLING CODE 4184-80-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for Office of Management and Budget Review; Regional Partnership Grants National Cross-Site Evaluation and Evaluation Technical Assistance (Office of Management and Budget #0970-0527)

AGENCY: Children's Bureau, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Children's Bureau (CB), Administration for Children and Families (ACF), Administration for Children, Youth and Families (ACYF), U.S. Department of Health and Human Services (HHS), is requesting an extension with changes to the approved information collection: Regional Partnership Grants (RPG) National Cross-Site Evaluation and Evaluation Technical Assistance (Office of Management and Budget (OMB) #0970-0527). The proposed information collection will be used in a national cross-site evaluation of the seventh cohort of CB's RPG. The cross-site evaluation will use a survey, interviews, focus groups, and data on participant enrollment, services, and outcomes.

DATES: *Comments due July 14, 2025.* OMB must decide about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment

is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. You can also obtain copies of the proposed collection of information by emailing infocollection@acf.hhs.gov. Identify all emailed requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The Child and Family Services Improvement Act of 2006 (Pub. L. 109-288) amended section 437 of the Social Security Act (42 U.S.C. 629g[ff]) and authorized HHS, ACF, ACYF, and CB to fund discretionary grants to improve safety, well-being, and permanency outcomes for children at risk of or in out-of-home placement because of their caregiver's substance misuse. In response, HHS launched a competitive grants program called "Targeted Grants to Increase the Well-Being of, and to Improve the Permanency Outcomes for, Children Affected by Methamphetamine and Other Substance Abuse," which is also known as the RPG program. Reauthorized in 2011 and again most recently by the Bipartisan Budget Act of 2018 (Pub. L. 115-123) in 2018, these grants are designed to support partnerships between child welfare agencies, substance use disorder treatment organizations, and other social services systems, and thereby improve the well-being, permanency, and safety outcomes of children and families. Under six prior rounds of RPG, CB has issued 109 grants to organizations such as child welfare or substance use treatment providers or family court systems to develop interagency collaborations and integration of programs, activities, and services designed to increase well-being, improve permanency, and enhance the safety of children who are in an out-of-home placement or at risk of being placed in out-of-home care as a result of a parent's or caretaker's substance misuse. In 2022, CB awarded 18 grants to a seventh cohort (RPG7). The current request is for data collection activities associated with the 18 RPG7 grantees. Data collection for the first three cohorts was approved under OMB Control Numbers 0970-0353 and 0970-0444. Data collection for the fourth, fifth, and

sixth cohorts were approved under this OMB Control Number (0970-0527).

The RPG cross-site evaluation will extend the understanding about how RPG programs and services may improve outcomes for children and families. First, the cross-site evaluation will assess the coordination of partners' service systems with an emphasis on the partnership between the child welfare and substance use treatment agencies, to add to the research base about how these agencies can collaborate to address the needs of children and families affected by substance misuse (partnerships analysis). Second, the evaluation will describe the experiences of adult participants enrolled in RPG services, such as their motivations for enrollment and how the services they received improved outcomes related to recovery and child welfare involvement (participant experiences analysis). Third, the evaluation will summarize supports within the partnership that can help improve and sustain RPG services, such as using data for service improvement, identifying a lead organization, and securing funding sources after grant funding ends (sustainability analysis). Fourth, the evaluation will describe the characteristics of participants served by RPG programs, the types of services provided to families, the dosage of each type of service received by families, and the level of participant engagement with the services provided (enrollment and services analysis). Finally, the evaluation will assess the outcomes of children and adults served through the RPG program, such as child behavioral problems, adult depressive symptoms, or adult substance use and treatment (outcomes and impacts analysis).

For the seventh cohort, CB is requesting an extension of most of the currently approved information collections (most recently approved in April 2022) with no changes, the removal of two approved data collections, and the addition of three new instruments. This will allow CB to continue obtaining participant data from grantees that they collect for their local evaluations and for directly collecting additional data from grantees and their partners and providers for the cross-site evaluation. Specifically, this request:

- Removes the currently approved semi-annual progress reports, as they are now covered under a separate OMB package (0970-0490) and removes the partnership survey, which will not be administered to the RPG7 grantees.
- Adds data collection of interviews and focus groups with participants enrolled in RPG services to allow the cross-site evaluation to describe
