**Report on Countries That Are
Candidates for Millennium Challenge
Account Eligibility for Fiscal Year 2015
and Countries That Would Be
Candidates but for Legal Prohibitions**

Summary

This report to Congress is provided in accordance with section 608(a) of the Millennium Challenge Act of 2003, as amended, 22 U.S.C. 7701, 7707(a) (the Act).

The Act authorizes the provision of Millennium Challenge Account (MCA) assistance for countries that enter into a Millennium Challenge Compact with the United States to support policies and programs that advance the progress of such countries to achieve lasting economic growth and poverty reduction. The Act requires the Millennium Challenge Corporation (MCC) to take a number of steps in selecting countries with which MCC will seek to enter into a compact, including determining the countries that will be eligible for MCA assistance for fiscal year (FY) 2015 based on (a) a country’s demonstrated commitment to (i) just and democratic governance, (ii) economic freedom, and (iii) investments in its people; and (b) considering the opportunity to reduce poverty and generate economic growth in the country; and (c) the availability of funds to MCC. These steps include the submission of reports to the congressional committees specified in the Act and the publication of notices in the **Federal Register** that identify:

The countries that are “candidate countries” for MCA assistance for FY 2015 based on their per capita income levels and their eligibility to receive assistance under U.S. law and countries that would be candidate countries but for specified legal prohibitions on assistance (section 608(a) of the Act);

The criteria and methodology that the MCC Board of Directors (Board) will use to measure and evaluate the relative policy performance of the “candidate countries” consistent with the requirements of subsections (a) and (b) of section 607 of the Act in order to determine “eligible countries” from among the “candidate countries” (section 608(b) of the Act); and

The list of countries determined by the Board to be “eligible countries” for FY 2015, identification of such countries with which the Board will seek to enter into compacts, and a justification for such eligibility

determination and selection for compact negotiation (section 608(d) of the Act).

This report is the first of three required reports listed above.

Candidate Countries for FY 2015

The Act requires the identification of all countries that are candidates for MCA assistance for FY 2015 and the identification of all countries that would be candidate countries but for specified legal prohibitions on assistance. Under the terms of the Act, sections 606(a) and (b) set forth the two income tests countries must satisfy to be candidates for MCA assistance.¹ However for FY 2014, those categories are defined by MCC’s FY 2014 appropriations act, the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2014, Public Law 113–76, Div. K (the FY 2014 SFOAA). Specifically, the FY 2014 SFOAA used the same definitions that have been used since the FY 2012 appropriations act and defines low income candidate countries as the 75 poorest countries as identified by the World Bank and provided that a country that changes during the fiscal year from low income to lower middle income (or vice versa) will retain its candidacy status in its former income category for the fiscal year and two subsequent fiscal years. Assuming these definitions will be used again in FY 2015, MCC is using them for purposes of this report.²

Under the redefined categories, a country will be a candidate for MCA assistance for FY 2015 if it:

Meets one of the following tests:
Has a per capita income that is not greater than the World Bank’s lower middle income country threshold for such fiscal year (\$4,125 GNI per capita for FY 2015); and is among the 75

¹ Sections 606(a) and (b) of the Act provide that a country will be a candidate for MCA assistance if it (1) has a per capita income equal to or less than the historical ceiling of the International Development Association eligibility for the fiscal year involved (the “low income category”) or (2) is classified as a lower middle income country in the then most recent edition of the World Development Report for Reconstruction and Development published by the International Bank for Reconstruction and Development and has an income greater than the historical ceiling for International Development Association eligibility for the fiscal year involved (the “lower middle income category”); and is not ineligible to receive U.S. economic assistance under part I of the Foreign Assistance Act of 1961, as amended (the Foreign Assistance Act), by reason of the application of the Foreign Assistance Act or any other provision of law.

² If the language relating to the definition of low income candidate countries is not enacted or is changed for MCC’s FY 2015 appropriations act, MCC will revisit the selection process once the FY 2015 appropriations act is enacted and will conduct the selection process in accordance with the Act and applicable provisions for FY 2015.
