DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2006-25038; Airspace Docket No. 06-ANM-4]

Revision of Class E Airspace; Sheridan, WY

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action will revise the Class E airspace at Sheridan, WY. Additional controlled airspace is

necessary to accommodate aircraft executing a new Area Navigation (RNAV) Global Positioning System (GPS) approach procedure at Sheridan County Airport. This action will improve the safety of Instrument Flight Rules (IFR) aircraft executing this new procedure at Sheridan County Airport, Sheridan, WY.

DATES: *Effective Date:* 0901 UTC, March 15, 2007. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Ed Haeseker, Federal Aviation Administration, Western En Route and Oceanic Area Office, Airspace Branch, 1601 Lind Avenue, SW., Renton, WA 98055-4056; telephone (425) 227-2527.

SUPPLEMENTARY INFORMATION:

History

On August 25, 2006, the FAA published in the *Federal Register* a notice of proposed rulemaking to revise Class E airspace at Sheridan, WY, (71 FR 50376). This action would improve the safety of Instrument Flight Rules (IFR) aircraft executing this new RNAV GPS approach procedure at Sheridan County Airport, Sheridan, WY. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. The NPRM described the Wenz NDB bearings "to" the facility instead of "from" the facility, which is standard practice. This rule makes an editorial change to describe the bearings "from" the NDB. Except for this editorial change, this rule is the same as proposed in the NPRM.

Class E airspace designations are published in paragraph 6002 and 6005 of FAA Order 7400.9P dated September 1, 2006, and effective September 15, 2006, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in that Order.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 by revising Class E airspace at Sheridan, WY. Additional controlled airspace is necessary to accommodate IFR aircraft executing a new RNAV (GPS) approach procedure at Sheridan County Airport, Sheridan, WY.

The FAA has determined that this regulation only involves an established body of technical regulations for which

frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Change of Using Agency for Restricted Area R-2202, Big Delta, AK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action changes the using agency of Restricted Areas R-2202A, R-2202B, and R-2202C from "U.S. Army, Commander, Cold Regions Test Activity, Fort Greely, AK" to "U.S. Army, Commander, Cold Regions Test Center Fort Greely, AK". The FAA is taking this action in response to a request from the United States Army to reflect an administrative title change. There are no changes to the boundaries; designated altitudes; time of designation; or activities conducted within the affected restricted areas.

DATES: *Effective Date:* 0901 UTC, March 15, 2007.

FOR FURTHER INFORMATION CONTACT: Ken McElroy, Airspace and Rules, Office of System Operations Airspace and AIM, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 73 by changing the using agency of R-2202A, B, and C, Fort Greely, AK, from "U.S. Army, Commander, Cold Regions Test Activity, Fort Greely, AK" to "U.S. Army, Commander, Cold Regions Test Center Fort Greely, AK". This is an administrative change and does not affect the boundaries; designated altitudes; or activities conducted within the restricted areas. Therefore, notice and public procedure under 5 U.S.C. 553(b) are unnecessary.

Section 73.22 of Title 14 CFR part 73 was republished in FAA Order 7400.8M, dated January 6, 2006.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with 311d., FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures". This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.
