Purpose of Program: The Indian Education Formula Grant program provides grants to support local educational agencies (LEAs) and other eligible entities described in this notice in their efforts to reform and improve elementary and secondary school programs that serve Indian students. The Department will fund programs designed to assist Indian students to meet the same challenging State academic content and student academic achievement standards used for all students. In addition, under section 7116 of the Elementary and Secondary Education Act of 1965, as amended (ESEA), the Secretary will, upon receipt of an acceptable plan for the integration of education and related services, authorize the entity receiving the funds under this program to consolidate, in accordance with the entity's plan, the funds for any Federal program exclusively serving Indian children, or the funds reserved under any Federal program to exclusively serve Indian children, that are awarded under a statutory or administrative formula to the entity, for the purposes of providing education and related services to Indian students. Instructions for submitting an integration of education and related services plan are included in the application package.

Applications not meeting the deadline will not be considered for funding in the initial allocation of awards. However, if funds become available after the initial allocation of funds, applications not meeting the deadline *may* be considered for funding if the Secretary determines, under section 7118(d) of the ESEA, that reallocation of those funds to applicants filing after the deadline would best assist in advancing the purposes of the program. However, the amount and length of an individual award, if any,

may be less than the applicant would have received had the application been submitted on time.

DEPARTMENT OF ENERGY**Office of Fossil Energy****Order Vacating Authorizations**

AGENCY: Office of Fossil Energy (FE), Department of Energy (DOE).

ACTION: Notice of Vacating Orders.

SUMMARY: DOE is vacating unused natural gas import and export authorizations.

FOR FURTHER INFORMATION CONTACT:

Beverly Howard, Larine A. Moore, Office of Natural Gas Regulatory Activities, Office of Oil and Gas Global Security and Supply, P.O. Box 44375, Washington, DC 20026-4375. (202) 586-9387. (202) 586-9478.

SUPPLEMENTARY INFORMATION: The Office of Fossil Energy (FE) of the Department of Energy is delegated the authority to regulate natural gas import and export under section 3 of the Natural Gas Act of 1938, 15 U.S.C. 717b. Persons seeking to import or export natural gas are required to file with FE an application containing basic information about the scope and nature of a proposed import or export. Most applications are approved automatically and the orders granting approval require those authorized to report import and export activity on a periodic basis. The data collected is used to monitor the North American natural gas trade and facilitate market analysis.

Over the years many two-year, blanket authorizations have been issued with no start date and terms to be triggered by reporting activity. Although required by the authorization, many of these license holders have not submitted activity reports. In addition, FE attempts to contact non-compliant authorization holders have been unsuccessful. FE is
