[CFDA No. 84.351D]

Office of Innovation and Improvement—Arts in Education Model Development and Dissemination Grant Program; Notice Inviting Applications for New Grant Awards for Fiscal Year (FY) 2003

Note to Applicants: This notice is a complete application package. Together with the statute authorizing these grants and the Education Department General Administrative Regulations (EDGAR), this notice contains all of the information, application forms, and instructions needed to apply for an Arts in Education Model Development and Dissemination grant under this competition. This grant program is authorized by Title V, Part D, Subpart 15 of the Elementary and Secondary Education Act (ESEA) as reauthorized by the No Child Left Behind Act of 2001 (NCLB).

Purpose of Program: The Arts in Education Model Development and Dissemination Grant Program supports the development, documentation, evaluation and dissemination of innovative, cohesive models that have demonstrated their effectiveness in (1) integrating arts into the core elementary and middle school curricula, (2) strengthening arts instruction in these grades, and (3) improving students' academic performance, including their skills in creating, performing, and responding to the arts.

The Arts in Education Model Development and Dissemination Grant Program provides resources that local educational agencies (LEAs) and other eligible applicants can use in pursuit of the objectives of the No Child Left Behind Act which aims for all elementary and secondary students to achieve high standards. This program provides an opportunity for eligible entities to develop programs in schools identified for improvement, corrective action, or restructuring under Title I, Part A of the ESEA.

Eligible Applicants: (1) One or more LEAs, including charter schools that are considered LEAs under State law and regulations, that may work in partnership with one or more of the following:

- State or local non-profit or governmental arts organizations.
- State educational agencies (SEAs) or regional educational service agencies.
- Institutions of higher education.
- Other public and private agencies, institutions, and organizations with expertise in the arts.

partnership with one or more LEAs and may partner with one or more of the following:

- SEAs or regional educational service agencies.
- Institutions of higher education.
- Other public and private agencies, institutions, and organizations with expertise in the arts.

Note: If more than one LEA or arts organization wishes to form a consortium and jointly submit a single application, they must follow the procedures for group applications described in 34 CFR 75.127–75.129 of EDGAR.

Notification of Intent to Apply for Funding: The Department will be able to develop a more efficient process for reviewing grant applications if it has an estimate of the number of entities that intend to apply for funding under this competition. Therefore, the Secretary strongly encourages each potential applicant to notify the Department with a short e-mail noting the intent to submit an application for funding. The e-mail need not include information regarding the content of the proposed application, only the applicant's intent to submit it. The Secretary requests that this e-mail notification be sent no later than June 16, 2003. The e-mail notification should be sent to Diane.Austin@ed.gov. Applicants that fail to provide this e-mail notification may still apply for funding.

Coordination Requirement: Under section 5551(f)(1) of the ESEA, the Secretary requires that each entity funded under this program coordinate, to the extent practicable, each project or program carried out with such assistance with appropriate activities of public or private cultural agencies, institutions, and organizations, including museums, arts education association, libraries and theaters.

Supplement, Not Supplant, Requirement: Under section 5551(f)(2) of the authorizing statute, the Secretary requires that assistance provided under this program be used only to supplement, and not supplant, other assistance or funds made available from non-federal sources for the activities assisted under this subpart.

SUPPLEMENTARY INFORMATION: While many schools and districts have moved swiftly in recent years to reform and enhance traditional core academic programs, most have not made similar efforts to integrate arts effectively into the regular curriculum, either as a vehicle by which to strengthen other core academic subjects or as an academic discipline in its own right. High-quality programs effectively integrating and improving arts instruction are increasingly important as students face the demands of the information age in the 21st century. Creating, performing, and responding to works of art builds creativity, self-confidence, and critical thinking skills—qualities central to success in school, work, and life.

For several reasons, high-quality arts and art education programs have implications for other areas of students' academic development. Studies have found that improving the quality of arts education has a particularly positive impact on students from low-income backgrounds. Unfortunately, students from low socioeconomic backgrounds are almost twice as likely to attend arts-poor schools, while students from socioeconomically advantaged backgrounds are twice as likely to attend "arts-rich" schools.

The Arts in Education Model Development and Dissemination Grant Program seeks to address the lack of high quality, research-based models by encouraging partnerships of arts and education specialists to further develop and document effective models for improving arts education and student achievement—particularly for students

from poor and disadvantaged backgrounds.

Description of Program: The Arts in Education Model Development and Dissemination Grant program is authorized under section 5551, Part D, Subpart 15 of Title V of the ESEA. The Arts in Education Model Development and Dissemination Grant program furthers the development of promising comprehensive models for integrating arts into the school curriculum. In this case, "integrating" should be understood as both strengthening the use of high-quality arts within other academic instruction and strengthening the place of arts as a core academic subject in the regular school curriculum.

This program seeks to provide more communities with solid information regarding innovative, research-based models for effectively strengthening arts instruction, improving students' skills in creating, performing, and responding to works of arts, and increasing student achievement in other academic subjects.

These grants are designed to enable LEAs and organizations with arts expertise to further develop and create materials for the replication or adaptation of current comprehensive approaches for integrating a range of arts disciplines—such as music, dance, theater, and visual arts, including folk arts—into the elementary and middle school curriculum. Such development work should yield more systematic information about effective models that provide quality arts instruction and use the arts to enhance instruction in other core academic subjects.

Use of funds may include, but are not limited to all of the following activities:

- Field testing and evaluating nascent educational strategies;
- Field testing and evaluating model in-service and pre-service professional development programs for arts educators and other instructional staff;
- Ensuring comprehensive coverage of the arts disciplines—such as visual arts, dance, music, and theater, including the folk arts;
- Developing partnerships among schools, arts organizations, and others with expertise in the arts to combine resources and enhance the quality and sustainability of effective programming;
- Creating materials documenting the implementation and achievement of the model program for other educators and agencies; and
- Obtaining the services of outside experts in the implementation and assessment of the model. (This might include assistance in such areas as curriculum development, implementation strategies, data

collection, evaluation design, or other appropriate activities.)

Application Requirements

To be eligible for Arts in Education Model Development and Dissemination funds, applicants must propose to—

- (1) Further the development of programs designed to improve or expand the integration of arts education in elementary or middle school curricula;
- (2) Develop materials designed to help replicate or adapt the program;
- (3) Document the program's outcomes and benefits; and
- (4) Develop products and services that can be used to replicate the program in other settings.

Grant applications must describe an existing set of strategies for integrating the arts into the regular elementary and middle school curriculum. These strategies would then be successfully implemented, expanded, documented, evaluated, and disseminated. Taken together, these strategies and methods must comprise a research-based, comprehensive arts in education model that—

- Is based, to the extent possible, on the most rigorous theory, research, and evaluation available, and is effective in improving student achievement and performance and other program objectives;
- Is linked to State and national standards enabling all students to meet challenging expectations, and to improving student and school performance;
- Has the potential to improve students' achievement both in creating, performing, and responding to works of art and in other core academic subjects;
- Demonstrates the feasibility of further replication and dissemination;
- Is applicable to a broad range of high-poverty and disadvantaged, rural and urban schools, including those that are chronically low-performing;
- Makes effective use of technology to further the model's goals;
- Describes methods by which the applicant will assess the model's outcomes; and
- Describes activities that, to the extent possible, coordinate model development with relevant activities of public and private cultural agencies, institutions, and organizations, such as museums, arts education associations, libraries, and theaters. (20 U.S.C. 7271 (f)(1))

In addition to any dissemination work in which the applicants choose to engage, the Department intends to take the products and information resulting from these demonstration grants and

share them widely with other communities. Upon completion of the project, the Department requires that any materials or products developed as a part of model development activities be provided to the Department for further dissemination. Such activities will be carried out in full compliance with copyright requirements.

Priorities: Under 34 CFR 75.105(c)(3) we consider only applications that meet the following absolute priority.

Absolute Priority: The Secretary will only fund applications from eligible applicants that propose to work with at least one elementary and/or middle school with no less than 35 percent of its students from low-income families based on poverty criteria set out in Title I, section 1113(a)(5) of the ESEA, and that propose projects that meet all of the requirements described under APPLICATION REQUIREMENTS.

Competitive Priorities: This competition focuses on projects designed to meet the following priorities. Under 34 CFR 75.105(c)(2)(i), we award up to an additional 25 points depending on how well the application meets the priorities. These points are in addition to any points the application earns under the selection criteria.

Competitive Priority 1—Projects in rural or inner-city communities: The Secretary will award five (5) points to projects proposing models that involve schools in rural or inner-city communities.

Competitive Priority 2—Research-based evaluation: The project is designed to determine, through a rigorous evaluation, whether the implemented program produces meaningful effects on student achievement or teacher performance. Evaluations using an experimental design are best for determining program effectiveness. Thus, the project preferably uses an experimental design under which participants—that is, students, teachers, classrooms, or schools—are randomly assigned (a) to receive the program being evaluated or (b) to be in a control group that does not receive the program. Evaluations using an experimental design will receive up to 20 points in addition to any points the application earns under the selection criteria.

If random assignment is not feasible, the project may use a quasi-experimental design with carefully matched comparison conditions. This alternative design attempts to approximate a randomly assigned control group by matching program participants—that is, students, teachers, classrooms or schools—with non-participants having similar pre-program

characteristics. Evaluations of this type will receive up to 15 points in addition to any points the application earns under the selection criteria.

Proposed evaluations that use neither experimental designs with random assignment nor quasi-experimental designs using a matched comparison group will receive 0 points under this competitive preference priority.

Before and after participation in the program or the comparison condition, the project evaluator should collect—before the program commences and after it ends—valid and reliable data that measure the impact of participation in the program or in the comparison group.

We determine points under this priority by the quality of the proposed evaluation. We will consider the extent to which the applicant presents a feasible, credible plan that includes the following:

- The type of design to be used (that is, random assignment or matched comparison).
- Outcomes to be measured.
- A discussion of how the applicant plans to assign students, teachers, classrooms, or schools to the program or match them for comparison with other students, teachers, classrooms, or schools.
- A proposed evaluator, preferably independent, with the necessary background and technical expertise to carry out the proposed evaluation.

Definitions: In addition to definitions in the statute and EDGAR, the following definitions apply:

Inner-City Community, for the purpose of this program, is any place that fits code 1, 2 or 3 of the National Center for Educational Statistics (NCES) locale codes. The locale codes are:

1. Central city of a Consolidated Metropolitan Statistical Area (CMSA) or Metropolitan Statistical Area (MSA) with population of 250,000 or more or a population.
2. Central city of a CMSA or MSA but not designated as a large central city.
3. Place within the CMSA or MSA of a large central city.
4. Place within the CMSA or MSA of a mid-size central city.
5. Place not within a CMSA or MSA but with population of 25,000 or more and defined as urban.
6. Place not within a CMSA or MSA with a population of at least 2,500 but less than 25,000.
7. Place not within a CMSA or MSA and designated as rural.
8. Place within a CMSA or MSA designated as rural (this code not available prior to 1998).

Research-based, when used with respect to an activity or a program,

means that, to the extent possible, the activity or program is based on the most rigorous theory, research, and evaluation available and is effective in improving student achievement and performance and other program objectives.

Rural, for the purpose of this program, is any place that fits 6, 7 or 8 of the NCES locale codes. Please see the list under the definition of Inner-City Community.

Waiver of Proposed Rulemaking: In accordance with the Administrative Procedure Act (5 U.S.C. 553), it is the practice of the Secretary to offer interested parties the opportunity to comment on proposed rules. Section 437(d)(1) of the General Education Provisions Act (GEPA), however, allows the Secretary to exempt from rulemaking requirements rules governing the first grant competition under a new or substantially revised program authority (20 U.S.C. section 1232(d)(1)). This program is the first Model Arts competition under the program as reauthorized by Public Law 107–100, the No Child Left Behind Act of 2001, and therefore qualifies for this exemption. The Secretary, in accordance with section 437(d)(1) of GEPA has decided to forego public comment in order to ensure timely grant awards. These rules will apply for the FY 2003 competition only.

Selection Criteria: The Secretary uses the following selection criteria to evaluate applications for grants under this competition. In all instances where the word “project” appears in the selection criteria, the reference to an Arts in Education Model Development and Dissemination grant program should be made.

The maximum composite score for all of these criteria is 100 points. The maximum score an applicant may receive is 125 if they fully meet both of the competitive priorities.

The maximum score for each criterion is indicated in parentheses. Within each criterion, the Secretary evaluates each factor equally.

(a) *Need for project.* (10 points)

In determining the need for the proposed project, the Secretary considers the following factors:

(i) The extent to which the model addresses specific needs of students at risk of educational failure.

(ii) The extent to which specific gaps, weaknesses, or opportunities have been identified in effectively integrating arts into the core curricula, strengthening arts instruction and improving students' academic performance, including skills in creating, performing, and responding to the arts. Also, the nature and

magnitude of those gaps or weaknesses and the degree to which they will be addressed by the proposed model.

(b) *Significance.* (20 points)

In determining the significance of the proposed project, the Secretary considers the following factors:

(i) The potential contribution of the proposed project to increased knowledge or understanding of effective strategies for strengthening the use of high-quality arts in the course of other academic instruction and/or strengthening the place of arts as a core academic subject in the regular school curricula.

(ii) The likely utility and replicability of the proposed model and the extent to which its products (including information, materials, processes, or techniques) will be effective in a variety of settings.

(c) *Quality of the project design.* (30 points)

In determining the quality of the design of the proposed project, the Secretary considers the following factors:

(i) The extent to which the goals, objectives, and outcomes to be achieved over the proposed project period are clearly specified and measurable.

(ii) The extent to which the proposed model is based on reliable research, effective practice, and/or coherent theory as a means for strengthening the use of high-quality arts in the course of other academic instruction and/or strengthening the place of arts as a core academic subject in the regular school curricula.

(iii) The extent to which the proposed model aims to strengthen the academic performance of students in creating, performing, and responding to the arts, and in the rest of the core curriculum.

(iv) The extent to which the project will document and evaluate the success of the model and disseminate relevant information.

(d) *Quality of the management plan.* (15 points)

In determining the quality of the management plan for the proposed project, the Secretary considers the following factors:

(i) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, relevant contributions and commitment from partners, timelines, continuous improvement strategies, and milestones for accomplishing project tasks.

(ii) The qualifications, including relevant training and experience of key project personnel, major partners,

project consultants, and/or subcontractors.

(e) *Quality of the project evaluation.* (25 points)

In determining the quality of the evaluation, the Secretary considers the following factors:

(i) The extent to which the methods of evaluation are rigorous, thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project.

(ii) The extent to which the methods of evaluation include the use of objective performance measures that are clearly related to the intended outcomes of the project and will produce quantitative and qualitative data on the results of the program.

(iii) The extent to which the evaluation will provide guidance about effective strategies suitable for replication or testing in other settings.

Application Procedures

The Government Paperwork Elimination Act (GPEA) of 1998, (Pub. L. 105-277) and the Federal Financial Assistance Management Improvement Act of 1999, (Pub. L. 106-107) encourage us to undertake initiatives to improve our grant processes. Enhancing the ability of individuals and entities to conduct business with us electronically is a major part of our response to these Acts. Therefore, we are taking steps to adopt the Internet as our chief means of conducting transactions in order to improve services to our customers and to simplify and expedite our business processes.

We are requiring that applications for grants for FY 2003 under the Arts in Education Model Development and Dissemination Grant program (CFDA #84.351D) be submitted electronically using e-Application available through the Department of Education's e-GRANTS system. The e-GRANTS system is accessible through its portal page at: <http://e-grants.ed.gov>.

Applicants who are unable to submit an application through the e-GRANTS system may apply for a waiver to the electronic submission requirement. To apply for a waiver, applicants must explain the reason or reasons that prevent them from using the Internet to submit their applications. The reasons must be outlined in a letter addressed to: Diane Austin, U.S. Department of Education, 400 Maryland Avenue, SW., room 3C124, Washington, DC 20202-6140. We must receive your letter no later than two weeks before the deadline for transmittal of applications.

Any application that receives a waiver to the electronic submission requirement will be given the same consideration in the review process as an electronic application.

Pilot Project for Electronic Submission of Applications

In FY 2003, the U.S. Department of Education is continuing to expand its pilot project for electronic submission of applications to include additional formula grant programs and additional discretionary grant competitions. The Arts in Education Model Development and Dissemination Grant program (CFDA #84.351D) is one of the programs included in the pilot project. If you are an applicant under the Arts in Education Model Development and Dissemination Grant program, you must submit your application to us in electronic format or receive a waiver.

The pilot project involves the use of the Electronic Grant Application System (e-Application) Users of e-Application will be entering data on-line while completing their applications. You may not e-mail a soft copy of a grant application to us. The data you enter on-line will be saved into a database. We request your participation in e-Application. We shall continue to evaluate its success and solicit suggestions for improvement.

In submitting an electronic application, please note the following:

- You will not receive any additional point value because you submit a grant application in electronic format, nor will we penalize you if you submit an application in paper format. (**Note:** We accept your submission of an application in paper format only if we have granted you a waiver as described in the preceding section of this notice.)
- When you enter the e-Application system, you will find information about its hours of operation.

- You must submit all documents electronically, including the Application for Federal Education Assistance (ED 424), Budget Information—Non-Construction

Programs (ED 524), and all necessary assurances and certifications.

- After you electronically submit your application, you will receive an automatic acknowledgement, which will include a PR/Award number (an identifying number unique to your application).

- Within three working days after submitting your electronic application, fax a signed copy of the Application for Federal Education Assistance (ED 424) to the Application Control Center after following these steps:

1. Print ED 424 from the e-Application system.
2. The institution's Authorizing Representative must sign this form.
3. Place the PR/Award number in the upper right hand corner of the hard copy signature page of the ED 424.
4. Fax the signed ED 424 to the Application Control Center at (202) 260-1349.

- We may request that you give us original signatures on all other forms at a later date.

- *Closing Date Extension in Case of System Unavailability:* If you are prevented from submitting your application on the closing date because the e-Application system is unavailable, we will grant you an extension of one business day in order to transmit your application electronically, by mail, or by hand delivery. For us to grant this extension—

1. You must be a registered user of e-Application, and have initiated an e-Application for this competition; and
2. (a) The e-Application system must be unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the deadline date; or

- (b) The e-Application system must be unavailable for any period of time during the last hour of operation (that is, for any period of time between 3:30 and 4:30 p.m., Washington, DC time) on the deadline date.

The Department must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension you must contact either (1) the person listed elsewhere in this notice under **FOR FURTHER INFORMATION CONTACT** or (2) the e-GRANTS help desk at 1-888-336-8930.

(3) If your application is late, we will notify you that we will not consider the application.

(4) You must indicate on the envelope and—if not provided by the Department—in Item 4 of the Application for Federal Education Assistance (ED 424 (exp. 11/30/2004)) the CFDA number—and suffix letter, if any—of the competition under which you are submitting your application.

(5) If you submit your application through the Internet via the e-Grants Web site, you will receive an automatic acknowledgment when we receive your application.

Parity Guidelines Between Paper and Electronic Applications

In FY 2003, the U.S. Department of Education is continuing to expand the pilot project that allows applicants to use an Internet-based electronic system for submitting applications. This competition is among those that provide for the electronic submission of applications by all applicants. Under this system, called e-APPLICATION, an applicant submits a grant application to us electronically, using a current version of the applicant's Internet browser. To see e-APPLICATION visit

the following address: <http://e-grants.ed.gov>.

Users of e-APPLICATION, a data driven system, will be entering data on-line while completing their applications. This will be more interactive than just e-mailing a soft copy of a grant application to us. If you submit an application electronically, the data you enter on-line will go into a database and ultimately will be accessible in electronic form to our reviewers.

This pilot project continues the Department's transition to an electronic grant award process. In addition to e-APPLICATION, the Department plans to expand the number of discretionary programs using the electronic peer review (e-READER) system and to increase the participation of discretionary programs offering grantees the use of the electronic annual performance reporting (e-REPORTS) system.

Because this competition mandates the filing of electronic applications, the following guidelines apply only if—as described elsewhere in this notice—we have granted you a waiver to submit an application in paper format.

To help ensure parity and a similar look between electronic and paper copies of grant applications, we are asking each applicant that submits a paper application to adhere to the following guidelines:

- Submit your application on 8½" by 11" paper.
- Leave a 1-inch margin on all sides.
- Use consistent font throughout your document. You may also use boldface type, underlining, and italics. However, please do not use colored text.
- Please use black and white, also, for illustrations, including charts, tables, graphs and pictures.
- For the narrative component, your application should consist of the number and text of each selection criterion followed by the narrative. The text of the selection criterion, if included, does not count against any page limitation.
- Place a page number at the bottom right of each page beginning with 1, and number your pages consecutively throughout your document.

Instructions for Estimated Public Reporting Burden

According to the Paperwork Reduction Act of 1995, you are not required to respond to

a collection of information unless it displays a valid OMB control number. The valid OMB control number for this collection of information is 1855-0006. Expiration date: May 31, 2004. We estimate the time required to complete this collection of information to average 60 hours per response, including the time to review instructions, search existing data sources, gather the data needed, and complete and review the collection of information. If you have any comments concerning the accuracy of the time estimate or suggestions for improving this form, please write to: U.S. Department of Education, 400 Maryland Avenue, SW., Washington, DC 20202-4651.

If you have comments or concerns regarding the status of your submission of this form, write directly to: Diane Austin, U.S. Department of Education, 400 Maryland Avenue, SW., Washington, DC 20202-6140.

Instructions for Application Narrative

Before preparing the Application Narrative you should read carefully the description of the program, the information regarding priorities, and the selection criteria we use to evaluate applications.

The narrative should—

1. Begin with an abstract; that is, a summary of your proposed project;
2. Describe your proposed project in light of each of the selection criteria in the order in which we list the criteria in this notice;
3. List each function or activity for which you are requesting funds; and
4. Include any other pertinent information that might assist us in reviewing your application. When applying for funds as a consortium, individual eligible applicants must enter into an agreement signed by all members. The consortium's agreement must detail the activities each member of the consortium plans to perform, and must bind each member to every statement and assurance made in the consortium's application. The designated applicant must submit the consortium's agreement with its application.

Note: The section on PAGE LIMIT elsewhere in this application notice applies to your application.

Instructions for Budget Narrative

The budget should reflect costs that are reasonable and necessary for administration, and for developing and implementing activities described in the narrative. Complete ED Form 524 Section A—Budget Summary U.S. Department of Education Funds to indicate funds requested for the 36-month project period. Complete ED Form Section B—Non-Federal Funds to indicate support from other public or private United States sources.

Fill in columns (a) Project Year 1; (b) Project Year 2; Project Year 3; and (f) Total. In addition to ED Form 524, applicants must attach budget detail pages that itemize and explain the costs requested for each budget category for each year of the project. The budget forms and budget detail pages are not included in the page limit.

Note: Successful applicants will be expected to report annually on the progress of each project or study included in the grant,

including a description of preliminary or key findings and an explanation of any changes in goals, objectives, methodology, or planned products or publications.

OMB Control No. 1890-0007 (Exp. 09/30/2004)

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct

description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

Estimated Burden Statement for GEPA Requirements

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is **1890-0007**. The time required to complete this information collection is estimated to average 1.5 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. **If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:** Director, Grants Policy and Oversight Staff, U.S. Department of Education, 400 Maryland Avenue, SW (Room 3652, GSA Regional Office Building No. 3), Washington, DC 20202-4248.

Check "Yes" if you meet the requirements for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled "Definitions for Form ED 424." By checking "Yes" the applicant certifies that it meets these novice applicant requirements. Check "No" if you do not meet the requirements for novice applicants.
7. **Federal Debt Delinquency.** Check "Yes" if the applicant's organization is delinquent on any Federal debt. (This question refers to the applicant's organization and not to the person who signs as the authorized representative. Categories of debt include delinquent audit disallowances, loans and taxes.) Otherwise, check "No."
8. **Type of Applicant.** Enter the appropriate letter in the box provided.
9. **Type of Submission.** See "Definitions for Form ED 424" attached.
10. **Executive Order 12372.** See "Definitions for Form ED 424" attached. Check "Yes" if the application is subject to review by E.O. 12372. Also, please enter the month, day, and four (4) digit year (e.g., 12/12/2001). Otherwise, check "No."
11. **Proposed Project Dates.** Please enter the month, day, and four (4) digit year (e.g., 12/12/2001).
12. **Human Subjects Research.** (See I.A. "Definitions" in attached page entitled "Definitions for Form ED 424.")

If Not Human Subjects Research. Check "No" if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 12 are then not applicable.

If Human Subjects Research. Check "Yes" if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check "Yes" even if the research is exempt from the regulations for the protection of human subjects. (See I.B. "Exemptions" in attached page entitled "Definitions for Form ED 424.")
- 12a. **If Human Subjects Research is Exempt from the Human Subjects Regulations.** Check "Yes" if all the research activities proposed are designated to be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I.B. "Exemptions." In addition, follow the instructions in II.A. "Exempt Research Narrative" in the attached page entitled "Definitions for Form ED 424." Insert this narrative immediately following the ED 424 face page.
- 12a. **If Human Subjects Research is Not Exempt from Human Subjects Regulations.** Check "No" if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II.B. "Nonexempt Research Narrative" in the page entitled "Definitions for Form ED 424." Insert this narrative immediately following the ED 424 face page.
- 12a. **Human Subjects Assurance Number.** If the applicant has an approved Federal Wide (FWA) or Multiple Project Assurance (MPA) with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. If the applicant does not have an approved assurance on file with OHRP, enter "None." In this case, the applicant, by signature on the face page, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.
13. **Project Title.** Enter a brief descriptive title of the project. If more than one program is involved, you should append an explanation on a separate sheet. If appropriate (e.g., construction or real property projects), attach a map showing project location. For preapplications, use a separate sheet to provide a summary description of this project.
14. **Estimated Funding.** Amount requested or to be contributed during the first funding/budget period by each contributor. Value of in-kind contributions should be included on appropriate lines as applicable. If the action will result in a dollar change to an existing award, indicate only the amount of the change. For decreases, enclose the amounts in parentheses. If both basic and supplemental amounts are included, show breakdown on an attached sheet. For multiple program funding, use totals and show breakdown using same categories as item 14.
15. **Certification.** To be signed by the authorized representative of the applicant. Definitions for Form ED 424

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

Type of Submission. "Construction" includes construction of new buildings and acquisition, expansion, remodeling, and alteration of existing buildings, and initial equipment of any such buildings, or any combination of such activities (including architects' fees and the cost of acquisition of land). "Construction" also includes remodeling to meet standards, remodeling designed to conserve energy, renovation or remodeling to accommodate new technologies, and the purchase of existing historic buildings for conversion to public libraries. For the purposes of this paragraph, the term "equipment" includes machinery, utilities, and built-in equipment and any necessary enclosures or structures to house them; and such term includes all other items necessary for the functioning of a particular facility as a facility for the provision of library services.

Executive Order 12372. The purpose of Executive Order 12372 is to foster an intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The application notice, as published in the Federal Register, informs the applicant as to whether the program is subject to the requirements of E.O. 12372. In addition, the application package contains information on the State Single Point of Contact. An applicant is still eligible to apply for a grant or grants even if its respective State, Territory, Commonwealth, etc. does not have a State Single Point of Contact. For additional information on E.O. 12372 go to <http://www.cfda.gov/public/EO12372.htm>.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge." If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge, it is research. Activities which meet this definition constitute research whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as "a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information." (1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the only involvement of human subjects will be in one or more of the following six categories of exemptions are not covered by the regulations:

- (1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.
- (2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the

activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked "Yes" for Item 12 on the ED 424, the applicant must provide a human subjects "exempt research" or "nonexempt research" narrative and insert it immediately following the ED 424 face page.

A. Exempt Research Narrative.

If you marked "Yes" for item 12a. and designated exemption numbers(s), provide the "exempt research" narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked "No" for item 12a. you must provide the "nonexempt research" narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics: Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) Sources of Materials: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Recruitment and Informed Consent: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Potential Risks: Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) Protection Against Risk: Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) Importance of the Knowledge to be Gained: Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) Collaborating Site(s): If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Grants Policy and Oversight Staff, Office of the Chief Financial Officer, U.S. Department of Education, Washington, D.C. 20202-4248, telephone: (202) 708-8263, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site at <http://www.ed.gov/offices/OCFO/humansub.html>
