

whether the information will have practical utility;

(ii) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) enhance the quality, utility, and clarity of the information to be collected; and

(iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Burden Statement: The average reporting burden for emergency planning under 40 CFR 355.30 is 16.15 hours for new and newly regulated facilities and less than 1 hour for existing facilities. For new and newly regulated facilities, this burden includes the time required to read and understand the regulations, to determine reporting status, notify the SERC that the facility is subject to emergency planning, designate a facility representative and otherwise participate in initial planning activities. For a limited number of existing facilities, there may be a burden to inform the LEPC of any changes at a facility that may affect emergency planning (2 hours), and provide information to the LEPC for planning purposes (11 hours). The average reporting burden for facilities reporting releases under 40 CFR 355.40 is estimated to average approximately 5 hours per release, including the time for determining if the release is a reportable quantity, notifying the LEPC and SERC, or the 911 operator, and developing and submitting a written follow-up notice. There are no recordkeeping requirements for facilities under EPCRA sections 302–304.

The average burden for emergency planning activities under 40 CFR 300.215 is 21 hours per plan for LEPCs, 16 hours per plan for SERCs. Each SERC and LEPC is also estimated to incur an annual recordkeeping burden of 10 hours.

The total burden to facility respondents over three years is 264,560 hours (88,190 hours annually) at a cost of \$8.8 million (\$2.9 million annually). The total burden to LEPC and SERC respondents over three years is 372,820 hours (124,275 hours annually) at a cost of \$9.5 million (\$3.1 million annually).

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time

needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

FEDERAL COMMUNICATIONS COMMISSION

[WT Docket No. 02–179; DA 02–1550]

Resort Aviation Services, Inc. and Kootenai County Coeur d'Alene Airport

AGENCY: Federal Communications Commission (FCC).

ACTION: Notice.

SUMMARY: In this document the Commission designates for comparative hearing the applications of Resort Aviation Services, Inc. (Resort Aviation) for renewal of aeronautical advisory (unicom) Station WYT9, Hayden, Idaho, and Kootenai County Coeur d'Alene Airport (Kootenai County) for a new unicom station at the same location. The comparative hearing will enable the Commission to determine the best qualified applicant.

DATES: August 13, 2002 at 9:30 a.m.

ADDRESSES: Federal Communications Commission, Hearing Room A TW A–363, 445 Twelfth Street, SW., Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT:

Jeffrey Tobias, Wireless Telecommunications Bureau, at (202) 418–0680.

SUPPLEMENTARY INFORMATION: This is a summary of the Federal Communications Commission's Hearing Designation Order, FCC 02–1550, adopted on July 1, 2002 and released on July 2, 2002. The full text of this document is available for inspection and copying during normal business hours in the FCC Reference Center, Room CY–A257, 445 12th Street, SW., Washington, DC 20554. The complete

text may be purchased from the Commission's copy contractor, Qualex International, 445 12th Street, SW., Room CY–B402, Washington, DC 20554. The full text may also be downloaded at: www.fcc.gov via the Internet.

Alternative formats are available to persons with disabilities by contacting Brian Millin at (202) 418–7426 or TTY (202) 418–7365.

1. On October 15, 2001, Resort Aviation Services, Inc. (Resort Aviation) filed an application for renewal of aeronautical advisory (unicom) Station WYT9, Hayden, Idaho. Unicom stations provide information concerning flying conditions, weather, availability of ground services, and other information to promote the safe and expeditious operation of aircraft. On November 5, 2001, Kootenai County Coeur d'Alene Airport (Kootenai County) filed the above-captioned application for a new unicom station at the same location. Both applicants propose to provide service at Coeur d'Alene Airport, where there is no control tower or FAA flight service station. Under section 87.215(b) of the Commission's Rules, only one unicom station may be licensed at such airports. Accordingly, the applicants are basically qualified, but these applications are mutually exclusive and must therefore be designated for comparative hearing.

2. Pursuant to section 309(e) of the Communications Act of 1934, as amended, 47 U.S.C. 309(e), and section 1.221(a) of the Commission's Rules, 47 CFR 1.221(a), the above-captioned applications are designated for hearing in a consolidated proceeding before an FCC Administrative Law Judge to resolve the following issues:

a. To determine which applicant would provide the public with better unicom service based on the following considerations:

(1) location of the fixed-based operation and proposed radio station in relation to the landing area and traffic patterns;

(2) hours of operation;

(3) personnel available to provide unicom service;

(4) experience of applicant and employees in aviation and aviation communications;

(5) ability to provide information pertaining to primary and secondary communications as specified in § 87.257 of the Commission's Rules;

(6) proposed radio system including control and dispatch points; and

(7) the availability of the radio facilities to other fixed-based operators;

b. To determine, in light of the evidence presented, which application, if any, should be granted to best serve

the public interest, convenience, and necessity.

The burden of proceeding with the introduction of evidence with respect to all the issues listed here shall be upon Resort Aviation and Kootenai County with respect to their applications.

3. The applicants, Resort Aviation and Kootenai County, must each file with the Commission, within 20 days of the mailing of this Hearing Designation Order, a written notice of appearance in triplicate, stating their intentions to appear on the date fixed for the hearing and to present evidence on the issues specified in this Order, in accordance with §§ 1.221(c), (f) and (g) of the Commission's Rules, 47 CFR 1.221(c), (f), (g). The written notice of Resort Aviation must be accompanied by a hearing fee of \$9,020.00. Because it is a governmental entity, Kootenai County is exempt from the hearing fee.

4. This action is taken under delegated authority pursuant to sections 0.131 and 0.331 of the Commission's Rules, 47 CFR 0.131, 0.331.

Federal Communications Commission.
