[Program Announcement 01039]

Notice of Availability of Funds; Friendly Access and Workforce Development

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2001 funds for a cooperative agreement program for Friendly Access and Workforce Development. CDC is committed to achieving the health promotion and disease prevention objectives of "Healthy People 2010," a national activity to reduce morbidity and mortality and improve the quality of life. This announcement is related to focus areas of Access to Quality Health Services; Maternal, Infant, and Child Health; and Public Health Infrastructure. For the conference copy of "Healthy People 2010," visit the internet site: <http://www.health.gov/healthypeople>.

The purpose of the program is to improve the quality of perinatal and early childhood health services delivery through community-based demonstration projects that incorporate, evaluation, intervention development, training, and public health leadership.

B. Eligible Applicant

Assistance will be provided only to the Lawton and Rhea Chiles Center for Healthy Mothers and Babies Friendly Access Program, University of South Florida. No other applications are solicited. The Conference Report H.R. 4577, consolidated appropriations ACT, 2001, specified these funds for Lawton and Rhea Chiles Center.

C. Availability of Funds

Approximately \$2,800,000 is available in FY 2001 to fund one award. It is expected that the award will begin on or about July 15, 2001, and will be made for a 12-month budget period within a one year project period. Funding estimates may change.

Direct Assistance

You may request Federal personnel, as direct assistance, in lieu of a portion of financial assistance.

D. Where To Obtain Additional Information

Business management technical assistance may be obtained from: Van A. King, Grants Management Specialist,

Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention (CDC), 2920 Brandywine Road, Room 3000, Atlanta, GA 30341-4146, Telephone: (770) 488-2751, Email Address: vbk5@cdc.gov.

For program technical assistance, contact:

Deborah Wetterhall, Division of Reproductive Health, National Center for Chronic Disease Prevention and Health, Promotion (NCCDPHP), 4770 Buford Highway, NE, MS K-20, Atlanta, Georgia 30341, Telephone: (770) 488-5193, E-Mail Address: djw2@cdc.gov.

or

Joan Cioffi, Public Health Practice Program Office (PHPP), 4770 Buford Highway, NE, MS K-36, Atlanta, Georgia 30341, Telephone: (770) 488-2480, E-Mail Address: mal7@cdc.gov.

Dated: April 17, 2001.

John L. Williams,

Director, Procurement and Grants Office, Centers for Disease Control and Prevention.

Grant for Reducing Unintentional Injuries Among Children in Public Housing; Notice of Availability of Funds

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2001 funds for a grant to reduce unintentional injuries among children in public housing. This program addresses the "Healthy People 2010" focus area of Injury and Violence Prevention. The purpose of this program is to reduce the burden of unintentional injuries among children 14 years and younger who reside in public housing and communities through training and technical assistance to parents, other care-givers, and community leaders.

B. Eligible Applicants

Assistance will be provided only to the National SAFE KIDS Campaign, Washington, D.C. No other applications are solicited. FY 2001 federal appropriations specifically directs CDC to award funds to this organization.

Note: Title 2 of the United States Code, Chapter 26, Section 1611 states that an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 that engages in lobbying activities is not eligible to receive Federal funds constituting an award, grant, cooperative agreement, contract, loan, or any other form.

C. Availability of Funds

Approximately \$400,000 is available in FY 2001 to fund one award. It is expected that the award will begin on or about September 1, 2001, and will be made for a 12-month budget period within a one-year project period.

Use of Funds: funds may not be used for human subject research.

D. Where to Obtain Additional Information

For program technical assistance, contact: Tim Groza, MPA, Centers for Disease Control and Prevention, National Center for Injury Prevention and Control, 4770 Buford Highway N.E., Mailstop K63, Atlanta, GA 30341-3724, Telephone (770) 488-4676, Email: tgroza@cdc.gov.

To obtain business management technical assistance, contact: Angelia Hill, Grants Management Specialist, Grants Management Branch, Procurement and Grants Office, Announcement 01078, Centers for Disease Control and Prevention (CDC), 2920 Brandywine Road, Suite 3000, Atlanta, GA 30341-4146, Telephone (404) 488-2785, Email address aph8@cdc.gov.

Dated: April 17, 2001.

John L. Williams,

Director, Procurement and Grants Office, Centers for Disease Control and Prevention.

Notice of Availability of Funds; Rhode Island Tobacco Cessation Program

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2001 funds for a grant program for the University of Rhode Island. This program addresses the "Healthy People 2010" focus area Tobacco Use.

The purpose of the program is to compare media and policy interventions

on smoking cessation and adoption of no smoking policies in the home.

B. Eligible Applicants

Assistance will be provided only to the University of Rhode Island. No other applications are solicited. The Conference Report H.R. 4577, Consolidated Appropriations Act, 2001, specified these funds for The University of Rhode Island to establish a program to compare media and policy interventions.

C. Availability of Funds

Approximately \$839,506 is available in FY 2001 to fund one award. It is expected that the award will begin on or about July 15, 2001, and will be made for a 12-month budget period within a one year project period. Funding estimates may change.

D. Where to Obtain Additional Information

Business management technical assistance may be obtained from: Lucy Picciolo, Grants Management Specialist, Grants Management Branch, Procurement and Grants Office, Announcement 01080, Centers for Disease Control and Prevention (CDC), 2920 Brandywine Road, Room 3000, Atlanta, GA 30341, Telephone Number (770) 488-2683, Email Address: lip6@cdc.gov.

Program technical assistance may be obtained from: Corinne Husten, MD, MPH, Branch Chief, Epidemiology Branch, Office of Smoking and Health, National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), 4770 Buford Highway, NE, MS K-57, Atlanta, GA 30341, Telephone Number (770) 488-5756, Email Address: EHusten@cdc.gov.

Dated: April 17, 2001.

Intervening With Children and/or Adolescents With Fetal Alcohol Syndrome/Alcohol Related Neurodevelopmental Disorders; Notice of Availability of Funds

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2001 funds for participation in a collaborative research consortium for identifying, developing, and evaluating effective strategies for Intervening with Children and/or Adolescents with Fetal Alcohol Syndrome (FAS)/Alcohol Related Neurodevelopmental Disorders (ARND). This program addresses the "Healthy People 2010" focus area(s) of Substance Abuse and Maternal, Infant, and Child Health. The purpose of the program is to conduct innovative research to identify and evaluate components of a systematic intervention approach for children and/or adolescents with FAS or ARND and their families that (1) improves developmental outcomes, (2) prevents secondary conditions, and (3) provides education and support to care givers and families.

B. Eligible Applicants

Applications may be submitted by public and private nonprofit organizations and by governments and their agencies; that is, universities, colleges, research institutions, hospitals, other public and private nonprofit organizations, State and local governments or their bona fide agents, and federally recognized Indian tribal governments, Indian tribes, or Indian tribal organizations.

Note: Public Law 104-65 states that an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 that engages in lobbying activities is not eligible to receive Federal funds constituting an award, grant, cooperative agreement, contract, loan, or any other form.

C. Availability of Funds

Approximately \$1,200,000 is available in FY 2001 to fund approximately 3 awards. It is expected that the average award will be \$300,000, ranging from \$250,000 to \$400,000. It is expected that the awards will begin on or about September 30, 2001, and will be made for a 12-month budget period within a project period of up to 3 years. Funding estimates may change.

Continuation awards within an approved project period will be made on the basis of satisfactory progress as evidenced by required reports and the availability of funds.

D. Program Requirements

In conducting activities to achieve the purpose of this program, the recipient will be responsible for the activities under 1. (Recipient Activities), and CDC will be responsible for the activities listed under 2. (CDC Activities).

1. Recipient Activities

a. Develop a general approach for identifying, diagnosing, evaluating, and intervening with children and/or adolescents with FAS or ARND. Applicants may target a specific age group (i.e., preschoolers or adolescents), or propose a comprehensive intervention with the capacity of serving individuals across several ages. The approach must include intervention components focusing on parent involvement in the intervention as well as parent education and advocacy training or support.

b. Develop a proposed set of diagnostic and evaluation procedures for study participants. Describe the specific set of proposed intervention components targeting core deficits (e.g., impaired social skills, social communication deficits, visual-motor impairment, behavioral issues) to intervene with the targeted population of children and/or adolescents with FAS or ARND.

c. Develop the goals and objectives of the study, the data collection instruments, study procedures, and evaluation plan to be used in determining the effectiveness of intervention components.

d. Collaborate with other grantees in identification and/or development of science-based best practices for assessment and intervention with children and/or adolescents with FAS or ARND.

e. Develop outreach and recruitment procedures for identification of affected children and/or adolescents from multiple sources to maximize the possibility of ascertaining a population-based sample. Recruit a population of at least 50 children and/or adolescents with FAS or ARND to participate in each of the intervention and comparison groups.

f. Develop research protocol for Institutional Review Board (IRB) review by all cooperating institutions participating in the research project.

g. Recruit and train appropriate staff to ensure proper implementation of all aspects of the research and intervention.
